**FARM CREDIT ADMINISTRATION**

**12 CFR Part 620**

**RIN 3052–AB94**

**Disclosure to Shareholders; Annual Report; Effective Date**

**AGENCY:** Farm Credit Administration.

**ACTION:** Notice of effective date.

**SUMMARY:** The Farm Credit Administration (FCA) published a final rule under part 620 on March 12, 2001 (66 FR 14299). This final rule provides that a bank need not distribute its annual report to the shareholders of its related associations unless it experiences a “significant event.” The final rule also requires all associations to disclose, in a separate section of their annual report, specified information about their financial and supervisory relationship with their funding bank. This final rule benefits banks, associations, and their shareholders because it allows the banks and associations to share necessary information with shareholders at a reduced cost. In accordance with 12 U.S.C. 2252, the effective date of the final rule is 30 days from the date of publication in the **Federal Register** during which either or both Houses of Congress are in session. Based on the

records of the sessions of Congress, the effective date of the regulations is April 27, 2001.

**EFFECTIVE DATE:** The regulation amending 12 CFR part 620 published on March 12, 2001 (66 FR 14299) is effective April 27, 2001.

#### 14 CFR Parts 21, 43, 45, 65, 91, 142, 145, 161, and 170

[Docket No. 28154, Amdt. Nos. 21-79, 43-37, 45-22, 65-41, 91-267, 142-4, 145-25, 161-2 and 170-3]

#### Commuter Operations and General Certification and Operations Requirements

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Final rule; technical amendment.

**SUMMARY:** The Federal Aviation Administration (FAA) is making minor technical changes to a final rule on commuter operations and general certification and operations requirements published in the **Federal Register** on December 20, 1995, effective January 19, 1996. That final rule removed part 127 of title 14, but did not make conforming amendments to remove all references to part 127. This technical amendment removes all references to part 127 from the Code of Federal Regulations. None of these changes are substantive in nature and the rule will not impose any additional burden or restriction on persons or organizations affected by these regulations.

**EFFECTIVE DATE:** Effective on April 27, 2001.

**FOR FURTHER INFORMATION CONTACT:**

Alberta Brown, (202) 267-8321; Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591.

**SUPPLEMENTARY INFORMATION:**

#### Background

The Federal Aviation Administration (we) published in the **Federal Register** on December 20, 1995 (60 FR 65832) a document that amended the regulations on commuter operations and general certification and operations requirements, to include the removal of part 127 from title 14 (60 FR 65937). We did not include amendments removing all references to part 127, which are now obsolete. This document makes the appropriate technical changes to remove all references to part 127 from the Code of Federal Regulations.

Under the Administrative Procedure Act, an agency doesn't have to issue a notice of proposed rulemaking when the agency for good cause finds that notice and public procedure are "impracticable, unnecessary, or contrary to the public interest." See 5 U.S.C. 553(b). Because this technical amendment simply corrects obsolete references, we find that publishing the change for public notice and comment is unnecessary.

The Administrative Procedure Act also states that an agency must publish a substantive rule not less than 30 days before its effective date, except as otherwise provided by the agency for good cause. See 5 U.S.C. 553(d). We find that this technical amendment imposes no additional burden or requirement on the regulated industry, and is not substantive in nature. Moreover, we find that there is good cause to make the changes effective immediately upon publication in the **Federal Register**. It is in the public interest to remove these obsolete references from our regulations without further delay.

This regulation is editorial in nature and imposes no additional burden on any person or organization. Accordingly, we have determined that the action: (1) is not a significant rule under Executive Order 12866; and (2) is not a significant rule under Department of Transportation Regulatory Policy and Procedures. No impact is expected to result, and a full regulatory evaluation is not required. In addition, the FAA certifies that the rule will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
