Executive Order 12372

This program is listed in the Catalog of Federal Domestic Assistance Programs under No. 10.565 and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials (7 CFR part 3015, subpart V, 48 FR 29112).

Description

The Food Security Act of 1985 (Pub. L. 99-198) amended section 5 of the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c note) to require that the Secretary permit agencies administering the Commodity Supplemental Food Program (CSFP) to serve low-income elderly persons if such service can be provided without reducing service levels for women, infants, and children. The law also mandates establishment of income eligibility requirements for elderly participation. Prior to enactment of Pub. L. 99-198, elderly participation was restricted by law to three designated pilot projects which served the elderly in accordance with agreements with the Department.

To implement the CSFP mandates of Pub. L. 99-198, the Department published an interim rule on September 17, 1986 at 51 FR 32895 and a final rule on February 18, 1988, at 53 FR 4831. These regulations defined "elderly persons" as persons who are 60 years of age or older (7 CFR 247.2). The final rule further stipulates that elderly persons certified on or after September 17, 1986 must have "household income at or below 130 percent of the Federal Poverty Income Guidelines published annually by the Department of Health and Human Services." (7 CFR 247.7(a)(3)).

The Federal Poverty Income Guidelines are revised annually to reflect changes in the Consumer Price Index. The revision for 2001 was published by the Department of Health and Human Services in the **Federal Register** on February 16, 2001 at 66 FR 10695. To establish income limits of 130 percent, the guidelines were multiplied by 1.30 and the results rounded up to the next whole dollar.

At this time, the Department is publishing the income limits of 130 percent of the poverty income guidelines. The table in this notice contains the income limits by household size to be used for elderly certification in the CSFP. These income

guidelines will be effective on the date that they are published in the **Federal Register** and will remain in effect until notification of revised guidelines in 2002.
