Emergency approval is requested by May 7, 2001 so that States may start their subgrant process as soon as possible and some grantees may have their awards in time to undertake school renovation and repair projects during the summer. Summer is the primary season for LEAs to undertake school facility renovation projects, when schools are not otherwise in use. Failure to make awards on this schedule will likely cause substantial harm to some eligible LEAs since they may be forced to delay their school renovation projects until the following year.
