**ENVIRONMENTAL PROTECTION
AGENCY**

[FRL-6977-9]

**Agency Information Collection
Activities: Submission for OMB
Review; Comment Request; Indoor Air
Quality Practices in Schools Survey**

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the
Paperwork Reduction Act (44 U.S.C.
3501 *et seq.*), this document announces
that the following Information
Collection Request (ICR) has been
forwarded to the Office of Management
and Budget (OMB) for review and
approval: Title: Indoor Air Quality
Practices in Schools Survey, The ICR
describes the nature of the information
collection and its expected burden and
cost; where appropriate, it includes the
actual data collection instrument.

DATES: Comments must be submitted on
or before June 13, 2001.

FOR FURTHER INFORMATION CONTACT: For
a copy of the ICR contact Sandy Farmer
at EPA by phone at (202) 260-2740, by
email at farmer.sandy@epamail.epa.gov,
or download off the Internet at <http://www.epa.gov/icr>
and refer to EPA ICR
No. 1885.01. For technical questions
about the ICR contact John Guevin at
EPA by phone at (202) 564-9055.

SUPPLEMENTARY INFORMATION:

Title: Indoor Air Quality Practices in
Schools Survey, EPA ICR No. 1885.01.
This is a new collection.

Abstract: As part of its authorization
under Title IV of SARA, 1986, EPA has
been working to promote more effective
approaches for preventing, identifying,
and solving indoor air quality (IAQ)
problems in schools and has developed
low-cost guidance entitled IAQ Tools
for Schools for that purpose.

The Indoor Air Quality Practices in
Schools Survey will allow EPA to gain
information regarding the number of
schools that have implemented sound
IAQ-management practices, such as
those activities recommended in its
guidance. These data are essential for
measuring the effectiveness of EPA's
outreach efforts against the Agency's
established GPRA goal. EPA is working
towards achieving the implementation
of sound IAQ practices in 15 percent (or
16,650) of the nation's public and
private schools by 2005.

This survey is voluntary. EPA does
not expect to receive confidential
information from the schools
voluntarily participating in the Survey.
However, if a respondent does consider

the information submitted to be of a
proprietary nature, EPA will assure its
confidentiality based on the provisions
of 40 CFR Part 2, Subpart B,
"Confidentiality of Business
Information."

An agency may not conduct or
sponsor, and a person is not required to
respond to, a collection of information
unless it displays a currently valid OMB
control number. The OMB control
numbers for EPA's regulations are listed
in 40 CFR Part 9 and 48 CFR Chapter
15. The **Federal Register** document
required under 5 CFR 1320.8(d),
soliciting comments on this collection
of information was published on 10/20/
2000 (FR-6886-3); 1 comment was
received.

Burden Statement: The annual public
reporting and record keeping burden for
this collection of information is
estimated to average 1.3 hours per
response for completing the survey by
mail and 0.8 hours per response for
completing the survey by telephone.
Burden means the total time, effort, or
financial resources expended by persons
to generate, maintain, retain, or disclose
or provide information to or for a
Federal agency. This includes the time
needed to review instructions; develop,
acquire, install, and utilize technology
and systems for the purposes of
collecting, validating, and verifying
information, processing and
maintaining information, and disclosing
and providing information; adjust the
existing ways to comply with any
previously applicable instructions and
requirements; train personnel to be able
to respond to a collection of
information; search data sources;
complete and review the collection of
information; and transmit or otherwise
disclose the information.

Respondents/Affected Entities: Public
and private elementary and secondary
schools operating in the United States.

Estimated Number of Respondents:
1,612.

Frequency of Response: Twice.

Estimated Total Annual Hour Burden:
564 hours.

*Estimated Total Annualized Capital
and O&M Cost Burden:* \$0.

Send comments on the Agency's need
for this information, the accuracy of the
provided burden estimates, and any
suggested methods for minimizing
respondent burden, including through
the use of automated collection
techniques to the following addresses.
Please refer to EPA ICR No. 1885.01 in
any correspondence.

Ms. Sandy Farmer, U.S. Environmental
Protection Agency, Office of
Environmental Information,

Collection Strategies Division (2822),
1200 Pennsylvania Avenue, NW.,
Washington, DC 20460.

and

Office of Information and Regulatory
Affairs, Office of Management and
Budget, Attention: Desk Officer for
EPA, 725 17th Street, NW.,
Washington, DC 20503.

Dated: May 3, 2001.

Oscar Morales,

Director, Collection Strategies Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[AD-FRL-6977-5]

RACT/BACT/LAER Clearinghouse: Notice of Public Workshops

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice of public workshops.

SUMMARY: The EPA operates a clearinghouse of air pollution control technology information known as the Reasonably Available Control Technology (RACT), Best Available Control Technology (BACT), Lowest Achievable Emission Rate (LAER) Clearinghouse (RACT/BACT/LAER Clearinghouse or RBLC). The RBLC has recently received funding needed to implement major improvements and gather missing information. To effectively use these resources, the RBLC needs to communicate with and consider the needs of its users and potential clients. Consequently, several public workshops will be held in 2001 to get user input. The purpose of this notice is to announce the dates and locations of the initial workshops.

DATES: The first two public workshops are scheduled for June 6, 2001 and June 13, 2001. Two additional workshops are under consideration for July 2001 and August 2001.

ADDRESSES: The first workshop will be held in the Ronald Reagan Building in Washington, DC. The second workshop will be held in the EPA's Environmental Research Center in Research Triangle Park, North Carolina. Both workshops will run from 9 a.m. until 5 p.m., Eastern Daylight time, with registration from 8:30 a.m. to 9 a.m. Two other workshops are tentatively scheduled to be held in Denver, Colorado and Chicago, Illinois.

FOR FURTHER INFORMATION CONTACT: The Clean Air Technology Center (CATC) website at <http://www.epa.gov/ttn/catc>

contains detailed information regarding each workshop. Alternatively, you may send an e-mail to catcmail@epa.gov or call the CATC hotline at 919-541-0800 with general questions. A pre-registration form is available on the website. Participants are encouraged to pre-register for the workshops.

SUPPLEMENTARY INFORMATION: The terms RACT, BACT, and LAER indicate emission control and pollution prevention measures required by different provisions of the Clean Air Act. New Source Review (NSR) requirements are case-by-case decisions or determinations based on the requirements of the applicable regulation. The NSR BACT requirements apply to major new and modified sources located in attainment areas (i.e., areas attaining the National Ambient Air Quality Standards (NAAQS)) and subject to Prevention of Significant Air Quality Deterioration (PSD) permitting requirements. The NSR LAER requirements apply to major new and modified sources located in nonattainment areas (i.e., areas that do not meet a NAAQS). Existing sources located in nonattainment areas are subject to RACT requirements. The RACT determinations may also be made on a case-by-case basis, but typically RACT requirements have been prescribed by State and local rules and regulations. The RBLC is primarily a Clearinghouse for air pollution control and pollution prevention technology determinations required for major new and modified sources subject to NSR (BACT & LAER) permitting requirements.

The RBLC will be hosting several public workshops in 2001 to get user input for our efforts to implement improvements to the RBLC. Permitting agency staff represent about one-third of those using the RBLC. The remaining two-thirds of users represent industry, consultants and lawyers preparing NSR permit applications or searching for good technology options for their air pollution abatement problems. The first public workshop will be held in Washington, DC on June 6, 2001. The second public workshop will be held in Research Triangle Park, NC on June 13, 2001. Two other workshops under consideration are tentatively scheduled for Denver, CO in July 2001 and Chicago, IL in August 2001.

Further information regarding the public workshops can be found on EPA's Clean Air Technology Center (CATC) website at <http://www.epa.gov/ttn/catc>. The website contains the details of the first two workshops (location, agenda, etc.) and will include

information on additional workshops after arrangements have been made. We will not publish a separate **Federal Register** notice to announce future workshops. The website contains a pre-registration form, and we encourage participants to pre-register for the workshops. In addition to the website, you may contact us via e-mail at catcmail@epa.gov or call the CATC hotline at 919-541-0800.

Dated: April 27, 2001.

Thomas C. Curran,

*Acting Director, Office of Air Quality,
Planning and Standards.*

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Sunshine Act Meeting

May 8, 2001.

Deletion of Agenda Item From May 10th Open Meeting

The following item has been deleted from the list of agenda items scheduled for consideration at the May 10, 2001, Open Meeting and previously listed in the Commission's Notice of May 3, 2001.

ITEM NO: 2.

BUREAU: Mass Media.

SUBJECT:

TITLE: Cross-Ownership of Broadcast Stations and Newspapers; and Newspaper/Radio Cross-Ownership Waiver Policy (MM Docket No. 96-197).

SUMMARY: The Commission will consider a Notice of Proposed Rule Making proposing to modify, eliminate, or retain its rule that prohibits common ownership of broadcast stations and newspapers within the same geographic area.

Federal Communications Commission.

Magalie Roman Salas,

Secretary.
