

## DEPARTMENT OF LABOR

Employment and Training  
AdministrationInvestigations Regarding Certifications  
of Eligibility To Apply for Worker  
Adjustment Assistance

Petitions have been filed with the Secretary of Labor under Section 221(a) of the Trade Act of 1974 ("the Act") and are identified in the Appendix to this notice. Upon receipt of these petitions, the Director of the Division of Trade Adjustment Assistance, Employment and Training Administration, has instituted investigations pursuant to Section 221(a) of the Act.

The purpose of each of the investigations is to determine whether the workers are eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act. The investigations will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing, provided such request is filed in writing with the Director, Division of Trade Adjustment Assistance, at the address shown below, not later than May 29, 2001.

Interested persons are invited to submit written comments regarding the

subject matter of the investigations to the Director, Division of Trade Adjustment Assistance, at the address shown below, not later than May 29, 2001.

The petitions filed in this case are available for inspection at the Office of the Director, Division of Trade Adjustment Assistance, Employment and Training Administration, U.S. Department of Labor, Room C-5311, 200 Constitution Avenue, NW., Washington, DC 20210.

Signed at Washington, DC, this 16th day of April, 2001.

**Edward A. Tomchick,**

*Director, Division of Trade Adjustment Assistance.*

[TA-W-38,396]

**Philips Electronics North American Corporation, Philips Display Components Company Ottawa, OH; Notice of Negative Determination Regarding Application for Reconsideration**

By application of February 23, 2001, the International Brotherhood of Electrical Workers (IBEW), Local 1654, requests administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA). The denial notice was signed on January 24, 2001, and was published in the **Federal Register** on February 20, 2001 (66 FR 10916).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or
- (3) if in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The TAA petition for workers at Philips Electronics North America Corporation, Philips Display Components Company, Ottawa, Ohio, was denied because criterion (3) of Section 222 of the Trade Act of 1974, as amended, was not met. The workers

were engaged in employment related to yoke matching which is attaching a yoke to the back of a television picture tube. The investigation found that layoffs occurred when the company shifted yoke matching to Mexico. The workers are separately identifiable by product line. The yoke matching operation is not imported. Furthermore, yoke matching increased up until the shift to Mexico.

The petitioner provides a history of cathode ray tube (CRT) production at the Ottawa facility over the past 50 years and describes various operations that the company is transferring abroad. A shift of production to a foreign location is not a criterion for worker group eligibility. Increases of imports of articles like or directly competitive with those produced by the workers must contribute importantly to sales or production declines and worker separations.

Workers engaged in yoke matching were certified eligible, on January 24, 2001, to apply for North American Free Trade Agreement-Transitional Adjustment Assistance under NAFTA-4336.

**Conclusion**

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decisions. Accordingly, the application is denied.

Signed at Washington, DC, this 30th day of April, 2001.

**Linda G. Poole,**  
*Certifying Officer, Division of Trade Adjustment Assistance.*

**Employment and Training Administration**

[Docket No. TA-W-38,325, TA-W-38,325A]

**Posies, Inc., Rockport, ME; Posies, Inc., Posies Showroom, Dallas, TX; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on February 20, 2001, applicable to workers of Posies, Inc., Rockport, Maine. The notice was published in the Federal Register on April 5, 2001 (66 FR 18118).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. New information shows that worker separations occurred at Posies' Showroom, Dallas, Texas when the company closed in August, 2000. The Dallas, Texas location was the corporate showroom, sales and marketing office which supported the production of children's dresses at the subject firm's Rockport, Maine facility.

Based on these findings, the Department is amending the certification to include workers of Posies, Inc., Posies Showroom, Dallas, Texas.

The intent of the Department's certification is to include all workers of Posies, Inc. who were adversely affected by increased imports of children's dresses.

The amended notice applicable to TA-W-38, 325 is hereby issued as follows:

All workers of Posies, Inc., Rockport, Maine (TA-W-38,325) and the Posies Showroom, Dallas, Texas (TA-W-38,325A)
