SUPPLEMENTARY INFORMATION:

Title: Importation of Tomatoes from Spain, Chile, France, Morocco, and Western Sahara.

OMB Number: 0579-0131.

Expiration Date of Approval: April 30, 2001.

Type of Request: Reinstatement of an expired information collection.

Abstract: The United States Department of Agriculture (USDA) is responsible for preventing plant pests from entering the United States and controlling and eradicating plant pests in the United States. The Plant Protection Act authorizes the Department to carry out this mission. The Plant Protection and Quarantine (PPQ) program of USDA's Animal and Plant Health Inspection Service is responsible for implementing the regulations that carry out the intent of this Act.

The regulations in "Subpart—Fruits and Vegetables" (7 CFR 319.56 through 319.56-8) prohibit or restrict the importation of fruits and vegetables into the United States from certain parts of the world to prevent the introduction and dissemination of plant pests, including fruit flies, that are new to or not widely distributed within the United States.

The regulations in § 319.56-2dd allow tomatoes from Spain, Chile, France, Morocco, and Western Sahara to be imported into the United States subject to certain conditions. Allowing tomatoes to be imported necessitates the use of certain information collection activities, including completing phytosanitary inspection certificates and maintaining records regarding trap placement and Medfly captures. The information we collect serves as the supporting documentation needed to

confirm that the tomatoes have been produced in accordance with the conditions set forth in the regulations.

We are asking the Office of Management and Budget (OMB) to approve our use of this information collection activity for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning this information collection activity. These comments will help us:

(1) Evaluate whether the information collection is necessary for the proper performance of our agency's functions, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.5 hours per response.

Respondents: Foreign plant health protection authorities.

Estimated annual number of respondents: 34.

Estimated annual number of responses per respondent: 72.

Estimated annual number of responses: 2448.

Estimated total annual burden on respondents: 1224 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 14th day of May 2001.

Craig A. Reed,

Administrator, Animal and Plant Health Inspection Service.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List: Proposed Additions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Proposed additions to Procurement List.

SUMMARY: The Committee is proposing to add to the Procurement List services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

COMMENTS MUST BE RECEIVED ON OR BEFORE: June 18, 2001.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202-3259.

FOR FURTHER INFORMATION CONTACT: Patrick T. Mooney (703) 603-7740.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 47(a)(2) and 41 CFR 51-2.3. Its purpose is to provide interested persons an opportunity to submit comments on the possible impact of the proposed actions.

If the Committee approves the proposed additions, all entities of the Federal Government (except as otherwise indicated) will be required to procure the services listed below from nonprofit agencies employing persons who are blind or have other severe disabilities.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. The action will result in authorizing small entities to furnish the services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the services proposed for addition to the Procurement List. Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

The following services have been proposed for addition to Procurement List for production by the nonprofit agencies listed:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to John Fowler, Bureau of the Census, Room 2761, Building 3, Washington, DC 20233 on (301) 457-2108.

SUPPLEMENTARY INFORMATION

I. Abstract

The Commodity Flow Survey, a component of the Economic Census, is the only comprehensive source of multimodal, system-wide data on the volume and pattern of goods movement in the United States. These data are used by government analysts and policy makers at the Federal, state, and local levels to estimate the future demand for transportation services and facilities; assess the adequacy of our current transportation infrastructure to accommodate the future demand; and to evaluate the economic, social and environmental impacts of transportation flows. The data also are used extensively by academics, researchers, economic planning organizations, and the business community.

The Commodity Flow Survey is co-sponsored by the Bureau of Transportation Statistics, Department of Transportation. The survey provides data on the movement of commodities in the United States from their origin to destination. The survey produces summary statistics on value, tons, ton-miles and average miles for all shipments. The Census Bureau will publish shipment characteristics at the national, census regions and divisions, state, and Metropolitan Areas levels.

Primary strategies for reducing respondent burden in the Commodity Flow Survey include: employing a stratified random sample of business establishments, requesting data on a limited sample of shipment records from each establishment, and accepting estimates.

II. Method of Collection

The Commodity Flow Survey will survey a sample of business establishments in mining, manufacturing, wholesale, and selected retail industries. Each selected establishment will receive, by mail, four questionnaires, one during each quarter of 2002. On each form, an establishment will be asked to report data for an average of 25 shipments, selected during a designated one-week reporting period.
