

was designated will be managed consistent with the National Trails System Act; (8) The planning process will involve American Indian tribal governments and will provide strategies for the protection of recognized traditional uses; (9) Decisions in the plan should strive to be compatible with the existing plans and policies of adjacent local, State and Federal agencies as long as the decisions are in conformance with Congressional direction and federal laws, regulation and policy; (10) The location of the trail has been determined by historical information and actual field surveys and will be further refined using Geographic Information Systems.

A range of alternatives, including a No Action alternative, will be developed to respond to the issues identified at the outset of the process. Each alternative will provide different solutions to the issues and concerns brought out. The objective in alternative formulation will be to develop realistic, implementable solutions that represent a complete plan, in and of themselves. The public will assist in the development of a range of alternatives during the community workshops. Preliminary issues and management concerns include: (1) How the historic, scenic and natural resources of the trail will be preserved; (2) How management of the trail will affect activities and use by the public; (3) How trail management will be integrated with tribal and other government agency and community plans; (4) Availability of opportunities to provide visitor services, education and/or recreation; (5) Incorporation of international interest in the trail; and (6) Effect of National Historic Trail designation on private property.

A preliminary public participation plan has been developed and sets forth the methods by which the public has the opportunity to be informed and involved so they can participate effectively in the planning and NEPA process. The public involvement process will focus on an interactive dialogue of information that will result in the exchange of constructive ideas, alternatives and new possibilities for mitigating potential environmental impact associated with this project.

The plan will also be responsive to the requirements of Presidential Executive Order 12898 on Environmental Justice. This Executive Order requires Federal agencies to identify potential disproportionate impacts on low income and minority communities. In addition, the Executive Order requires each Federal agency to provide opportunities for community input in the NEPA process, including

identifying potential effects and mitigation measures in consultation with affected communities and improving accessibility of meetings, crucial documents and notices.

This project impacts multiple agencies and local governmental jurisdictions. It is important to have roles and responsibilities, as well as input of the affected entities, established at the outset. The BLM and NPS will engage other affected or potentially interested Federal agencies, North American Indian tribes, state and county government, and international partners, early in the EIS process. Their opinions on issues, scope of work, decisions to be made, and process are essential to the EIS process. Documents pertinent to the Environmental Impact Statement, such as Land and Resource Management Plans, Resource Management Plans, State codes and regulations, County and City zoning, and land use policies, need to be identified during this stage. Ongoing communication throughout the project is vital. The Bureau of Land Management and the National Park Service are committed to a collaborative planning approach.

Contact Terry Humphrey, BLM, El Camino Real Planning Team Leader at Taos Field Office, 226 Cruz Alta Road, Taos, New Mexico 87571 or Harry Myers, NPS, El Camino Real Planning Team Leader at P.O. Box 728, Santa Fe, New Mexico 87504-0728 for additional information.

Dated: May 9, 2001.

Carsten F. Goff,

Acting State Director, BLM—New Mexico.

Michael D. Snyder,

Acting Director, NPS, Intermountain Region.

BILLING CODE 4310-AG-M

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Bay-Delta Advisory Council's Ecosystem Roundtable Amendments Subcommittee Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meetings.

SUMMARY: The Bay-Delta Advisory Council's (BDAC) Ecosystem Roundtable Amendments Subcommittee will meet on May 23, 2001 to discuss proposed contract modifications for several ongoing ecosystem restoration projects. This meeting is open to the public. Interested persons may make oral statements to the Amendments

Subcommittee or may file written statements for consideration.

DATES: The BDAC's Ecosystem Roundtable Amendments Subcommittee meeting will be held from 9 a.m. to 12 p.m. on Wednesday, May 23, 2001.

ADDRESSES: The Amendments Subcommittee will meet at the Resources Building, 1416 Ninth Street, Room 1131, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT: Terry Mills, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan that addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice CALFED on the program mission,

problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff. BDAC has established a subcommittee called the Ecosystem Roundtable to provide input on annual workplans to implement ecosystem restoration projects and programs.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

Dated: May 11, 2001.

Lowell F. Ploss,

Deputy Regional Director, Mid-Pacific Region.

INTERNATIONAL TRADE COMMISSION

Summary of Commission Practice Relating to Administrative Protective Orders

AGENCY: International Trade Commission.

ACTION: Summary of Commission practice relating to administrative protective orders.

SUMMARY: Since February 1991, the U.S. International Trade Commission ("Commission") has issued an annual report on the status of its practice with respect to violations of its administrative protective orders ("APOs") in investigations under Title VII of the Tariff Act of 1930 in response to a direction contained in the Conference Report to the Customs and Trade Act of 1990. Over time, the Commission has added to its report discussions of APO breaches in Commission proceedings other than Title VII and violations of the Commission's rule on bracketing business proprietary information ("BPI") (the "24-hour rule"), 19 CFR 207.3(c). This notice provides a summary of investigations of breaches in Title VII investigations completed during calendar year 2000. There were no completed investigations of breaches for other Commission proceedings or for 24-hour rule violations during that period. The Commission intends that this report educate representatives of parties to Commission proceedings as to some specific types of APO breaches encountered by the Commission and the corresponding types of actions the Commission has taken.

FOR FURTHER INFORMATION CONTACT: Carol McCue Verratti, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone (202) 205-3088. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal at (202) 205-1810. General information concerning the Commission can also be obtained by accessing its Internet server (<http://www.usitc.gov>).

SUPPLEMENTARY INFORMATION: Representatives of parties to investigations conducted under Title VII of the Tariff Act of 1930 may enter into APOs that permit them, under strict conditions, to obtain access to BPI of other parties. See 19 U.S.C. 1677f; 19 CFR 207.7. The discussion below describes APO breach investigations that the Commission has completed, including a description of actions taken in response to breaches. The discussion covers breach investigations completed during calendar year 2000.

Since 1991, the Commission has published annually a summary of its actions in response to violations of Commission APOs and the 24-hour rule. See 56 FR 4846 (Feb. 6, 1991); 57 FR 12,335 (Apr. 9, 1992); 58 FR 21,991 (Apr. 26, 1993); 59 FR 16,834 (Apr. 8, 1994); 60 FR 24,880 (May 10, 1995); 61 FR 21,203 (May 9, 1996); 62 FR 13,164 (March 19, 1997); 63 FR 25,064 (May 6, 1998); 64 FR 23,355 (April 30, 1999); 65 FR 30,434 (May 11, 2000). This report does not provide an exhaustive list of conduct that will be deemed to be a breach of the Commission's APOs. APO breach inquiries are considered on a case-by-case basis.

As part of the effort to educate practitioners about the Commission's current APO practice, the Commission Secretary issued in March 2001 a third edition of *An Introduction to Administrative Protective Order Practice in Import Injury Investigations* (Pub. No. 3403). This document is available upon request from the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, tel. (202) 205-2000.

I. In General

The current APO form for antidumping and countervailing duty investigations, which the Commission has used since March 1995, requires the applicant to swear that he or she will:

- (1) Not divulge any of the BPI obtained under the APO and not otherwise available to him, to any person other than—
 - (i) personnel of the Commission concerned with the investigation,

- (ii) the person or agency from whom the BPI was obtained,

- (iii) a person whose application for disclosure of BPI under this APO has been granted by the Secretary, and

- (iv) other persons, such as paralegals and clerical staff, who (a) are employed or supervised by and under the direction and control of the authorized applicant or another authorized applicant in the same firm whose application has been granted; (b) have a need thereof in connection with the investigation; (c) are not involved in competitive decisionmaking for the interested party which is a party to the investigation; and (d) have submitted to the Secretary a signed Acknowledgment for Clerical Personnel in the form attached hereto (the authorized applicant shall sign such acknowledgment and will be deemed responsible for such persons' compliance with the APO);

- (2) Use such BPI solely for the purposes of the Commission investigation [or for binational panel review of such Commission investigation or until superceded by a judicial protective order in a judicial review of the proceeding];

- (3) Not consult with any person not described in paragraph (1) concerning BPI disclosed under this APO without first having received the written consent of the Secretary and the party or the representative of the party from whom such BPI was obtained;

- (4) Whenever materials (*e.g.*, documents, computer disks, etc.) containing such BPI are not being used, store such material in a locked file cabinet, vault, safe, or other suitable container (N.B.: storage of BPI on so-called hard disk computer media is to be avoided, because mere erasure of data from such media may not irrecoverably destroy the BPI and may result in violation of paragraph C of the APO);

- (5) Serve all materials containing BPI disclosed under this APO as directed by the Secretary and pursuant to section 207.7(f) of the Commission's rules;

- (6) Transmit such document containing BPI disclosed under this APO:

- (i) with a cover sheet identifying the document as containing BPI,

- (ii) with all BPI enclosed in brackets and each page warning that the document contains BPI,

- (iii) if the document is to be filed by a deadline, with each page marked "Bracketing of BPI not final for one business day after date of filing," and

- (iv) if by mail, within two envelopes, the inner one sealed and marked "Business Proprietary Information—To
