

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Bob Graham, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project purpose is for watershed protection. The planned works of improvement include the development and implementation of conservation plans on approximately 60 dairies, 22 heifer replacement operations and 34 other livestock operations.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Terry Nelson, NRCS, 503-414-3014.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

Rural Housing Service

Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: Rural Housing Service, USDA.

ACTION: Proposed collection; comments requested.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Housing Service's intention to request an extension for a currently approved information collection in support of the program for Management and Supervision of Multiple Family Housing Borrowers and Grant Recipients.

DATES: Comments on this notice must be received by July 23, 2001 to be assured of consideration.

FOR FURTHER INFORMATION CONTACT: James E. Vollmer, Multi-Family Housing Portfolio Management Division, Rural Housing Service, Room 1229, Stop 0782, 1400 Independence Avenue, SW., Washington, DC 20250, Telephone: (202) 720-1060.

SUPPLEMENTARY INFORMATION:

Title: Management and Supervision of Multiple Family Housing Borrowers and Grant Recipients.

OMB Number: 0575-0033.

Expiration Date of Approval: August 31, 2001.

Type of Request: Extension of a currently approved information collection.

Abstract: The Rural Housing Service (RHS) is authorized under sections 514, 515, 516, and 521 of Title V of the Housing Act of 1949, as amended, to provide loans and grants to eligible recipients for the development of rental housing in rural areas. Such multi-family housing (MFH) projects are intended to meet the housing needs of persons or families having very low to moderate incomes, senior citizens, the disabled, and domestic farm laborers.

RHS has the responsibility of assuring the public that MFH projects financed are managed and operated as mandated by Congress. This regulation (7 CFR part 1930, subpart C) was issued to insure consistent and proper management and operation of projects financed with MFH loan and grant funds. Minimal requirements have been established as deemed necessary to assure that applicable laws and authorities are carried out as intended.

With the provisions of this regulation, RHS will be able to provide the necessary guidance and supervision to new and existing borrowers to assist in the economical operation of their projects. RHS must be able to assure Congress and the general public that all MFH projects will be operated as economically as possible, for the purposes for which they are intended, and for the benefit of those they are mandated to serve.

The required information is collected on a project-by-project basis and is done so in accordance with the amended Housing Act of 1949, so that RHS can provide guidance and be assured of compliance with the terms and conditions of loan, grant, and/or subsidy agreements.

RHS will use the information collected to identify financially detrimental trends, poor management practices, and potential problems before

they manifest themselves in the form of loan delinquencies, unpaid operation expenses, improper discriminatory practices, or high vacancy rates. With this information, RHS can assist the borrower through consultation (supervision) to improve the efficiency of the project and its operation. RHS supervision is especially critical during the first year of operation. In addition, the information provided is intended to verify whether or not the borrower is complying with the terms and conditions of loan, grant, or subsidy agreements. After the first year of operation, the information is requested of the borrower to assure continued compliance with the loan and grant agreements.

Failure by RHS to monitor progress of borrower operation through review of collected information and consultation would reasonably lead to noncompliance with statutory intent in some instances and financial default in others. Corrective action to remove such noncompliance or default would be costly to RHS and the public in terms of program integrity, public confidence, dollars, and staff time.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .90 hours per response.

Respondents: Individuals or households.

Estimated Number of Respondents: 18,200 borrowers, 420,000 tenants and 100,000 tenant applicant respondents.

Estimated Number of Responses per Respondent: 4.43.

Estimated Total Annual Burden on Respondents: 2,143,740 hours.

Copies of this information collection can be obtained from Tracy Gillin, RPMB analyst, Regulations and Paperwork Management Branch, at (202) 692-0039.

Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of RHS, including whether the information will have practical utility; (b) the accuracy of RHS' estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information

technology. Comments may be sent to Tracy Gillin, Regulations and Paperwork Management Branch, U.S. Department of Agriculture, Rural Development, STOP 0742, 1400 Independence Ave. SW., Washington, DC 20250. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: May 10, 2001.

Solid Agricultural Grade Ammonium Nitrate from Ukraine: Postponement of Final Determination and Extension of Provisional Measures of Antidumping Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of postponement of final antidumping duty determination and extension of provisional measures: solid agricultural grade ammonium nitrate from Ukraine.

EFFECTIVE DATE: May 22, 2001.

FOR FURTHER INFORMATION CONTACT:

Jarrold Goldfeder at (202) 482-0189, AD/CVD Enforcement, Office 1, DAS Group I, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230.

Postponement of Final Determination

The Department of Commerce (the Department) is postponing the final determination in the antidumping duty investigation of solid agricultural grade ammonium nitrate from Ukraine.

On March 5, 2001, the Department published its preliminary determination in this investigation. *See Notice of Preliminary Determination of Sales at Less Than Fair Value: Solid Agricultural Grade Ammonium Nitrate from Ukraine*, 66 FR 13286 ("Preliminary Notice"). The Preliminary Notice stated that, based on a proper request by Stock Holding Company Concern "Stirol" ("Stirol"), the Department was postponing the final determination by 30 days and, therefore, would issue its final determination no later than 105

days after the date of issuance of the notice (*see* Preliminary Notice, 66 FR at 13287).

Pursuant to section 735(a)(2)(A) of the Tariff Act of 1930, as amended (the Act), on May 14, 2001, Stirol, the sole participating respondent in the investigation, requested that the Department postpone its final determination by an additional 30 days. Stirol further requested that the Department extend to not more than six months the application of the provisional measures prescribed under paragraphs (1) and (2) of section 733(d) of the Act. In accordance with section 735(a) of the Act and 19 CFR 351.210(b), because (1) the preliminary determination in this case is affirmative, (2) the request for postponement was submitted in writing by an exporter who accounts for a significant proportion of exports of the subject merchandise in this investigation, and (3) no compelling reason for denial exists, we are postponing the final determination until no later than 135 days after the publication of the preliminary determination in the **Federal Register** (*i.e.*, until no later than July 18, 2001). Suspension of liquidation will be extended accordingly.

This extension is in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2).

Dated: May 17, 2001.

Laurie Parkhill,

Acting Deputy Assistant Secretary for Import Administration, Group I.
