AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notification of the establishment of a new system of records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552a), as amended, the Department of Housing and Urban Development (HUD) is giving notice that it proposes to establish a new system of records entitled "Inspector Quality Assurance/Quality Control Administrative Files," which will be used in performing quality assurance and quality control reviews of physical inspections of certain properties performed by inspectors certified in the use of the HUD inspection protocol, and in supporting other administrative requirements related to monitoring inspectors' performance of physical inspections.

A copy of each communication submitted will be available for public inspection and copying between 7:30 a.m. and 5:30 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT: For Privacy Act Information: Jeanette Smith, Department Privacy Act Officer, Telephone Number (202) 708-2374. For REAC, Quality Assurance/Quality Control Administrative Files, Richard Santangelo, Telephone (202) 708-4932, x3002. (These are not toll-free numbers.) A telecommunications device for hearing and speech-impaired persons (TTY) is available at 1-800-877-8339 (Federal Information Relay Services). (This is a toll-free number.)

SUPPLEMENTARY INFORMATION: Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, notice is given that HUD proposes to establish a new system of records identified as HUD/REAC-3, the Quality Assurance/Quality Control Administrative Files of the Real Estate Assessment Center (REAC). REAC is currently responsible for evaluating the physical and financial condition of over 3,000 Public Housing Agencies (PHAs) and approximately 30,000 Federal Housing Administration (FHA) multifamily insured, direct loan, HUD-held, and Section 8 project-based subsidized properties; in the future,

REAC may also be responsible for evaluating the physical condition of additional HUD programs identified by statute or regulation, or by contract, the physical condition of other federally-assisted properties (all of these properties are hereinafter referred to collectively as "properties"). The physical condition of certain HUD assisted or insured properties is evaluated using the Uniform Physical Conditions Standards (UPCS), which HUD adopted on September 1, 1998 (see 24 CFR 5.703). Under the UPCS, certain HUD assisted or insured properties are physically inspected annually, unless otherwise notified by HUD, to ensure they are decent, safe, sanitary and in good repair.

To ensure that physical inspections are conducted according to the UPCS or other appropriate protocol, REAC has developed a quality assurance and quality control (QA/QC) process that will monitor inspectors' performance.

There are five levels to the QA process. At the first level, the HUD contractor or other inspection entity is responsible for implementing an internal quality control procedure to ensure that inspections are conducted in accordance with the applicable regulations. At the second level, REAC staff evaluate the inspector's performance and ability to properly apply the UPCS or other appropriate protocol. At the third level, REAC staff evaluate the accuracy of the inspections and the scores. And at the fourth level, REAC research and development staff evaluate the performance of the overall inspection program with regard to the precision and replicability of the inspection protocol. At the fifth level, end users of the information created by REAC will assess the reliability and replicability of the inspection process.

This QA/QC process provides HUD with the assurance that the information in the physical inspection report is accurate and the inspection was conducted according to the UPCS protocol, or other appropriate protocol.

Title 5 U.S.C. 552a(e)(4) and (11) provide that the public be afforded a 30-day period in which to comment on the new record systems. The new system report was submitted to the Office of Management and Budget (OMB), the House of Representatives Committee on Government Reform and Oversight, and the Senate Committee on Governmental Affairs pursuant to paragraph 4c of Appendix 1 to OMB Circular No. A-130, "Federal Responsibilities for Maintaining Records About Individuals," July 25, 1994; 59 FR 37914.

Accordingly, this notice establishes a new system of records and accompanying routine uses to be created during the physical inspection quality assurance review process at HUD's Real Estate Assessment Center.

Authority: 5 U.S.C. 552a:88 Stat. 1896; 42 U.S.C. 3535(d).

Dated: May 17, 2001.

Gloria R. Parker,
Chief Information Officer.
