SUPPLEMENTARY INFORMATION: The planning area involves approximately 3,760 acres located in northern Chaffee County, about 15 miles north of Buena Vista, CO. The main issues anticipated for this planning effort are: (1) Impacts to water quality, vegetation, including riparian and wetland areas; and soils; (2) impacts to wildlife habitat, especially the elk critical winter range and elk calving area, and (3) impacts to public land users and adjacent private landowners. The Cache Creek Travel Management Plan is being prepared by an interdisciplinary team, including representation from recreation, wildlife, riparian/wetlands, fisheries, minerals, lands, archaeology, and forestry. The analysis and proposed plan amendment are scheduled for completion in September 2001.

Notification will be made to the Governor of Colorado, Chaffee & Lake County Commissioners, adjacent landowners, and potentially affected members of the public. A public comment period will be established upon completion of the EA on the Cache Creek Travel Management Plan. The time frame for the public comment period will be announced in the local media. The Proposed Plan Amendment will be published during the EA process and will include a 30-day protest period.
