DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs (VA)

ACTION: Report of New System of Records—Program Evaluation Research Data Records—VA.

SUMMARY: The Privacy Act of 1974 (5 U.S.C. 552(e)(4)) requires that all agencies publish in the **Federal Register** a notice of the existence and character of their systems of records. Notice is hereby given that the Department of Veterans Affairs is establishing a system of records entitled "Program Evaluation Research Data Management Records—VA" (107VA008B). VA is establishing the system to support data collection, storage and analysis to conduct agency program evaluations undertaken under

the authority of 38 U.S.C. 527 as described in 38 CFR Section 1.15.

DATES: Comments on the establishment of this system of records must be received no later than July 2, 2001. If no public comment is received, the new system will become effective July 2, 2001.

ADDRESSES: Submit written comments to the Director, Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Avenue, NW, Washington, DC 20420. Comments will be available for public inspection at the above address in the Office of Regulation Management, Room 1158, between 8 a.m. and 4:30 p.m. Monday through Friday, except holidays.

FOR FURTHER INFORMATION CONTACT: Mr. H. Raymond Wilburn, Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420, telephone (202) 273-7509.

SUPPLEMENTARY INFORMATION:

Background: The purpose of the system of records is to provide a repository for the individually identified and retrieved data about VA beneficiaries, including veterans, survivors, dependents, service persons, and reservists, and individuals eligible for VA benefits to perform program evaluations as described in 38 CFR 1.15. Within VA, most program evaluations are conducted through contracts to enhance third-party objectivity; thus, much of the data collected is through the research activities of contractors. The records include information provided by program beneficiaries, persons eligible for but not using VA programs, VA program files from the Veterans Health Administration (VHA), Veterans Benefit Administration (VBA), National Cemetery Administration (NCA), and other organizations within VA, relevant data published by other Federal agencies, and information obtained in the course of routine work. Quality assurance information that is protected by 38 U.S.C. 5705 and 38 CFR 17.500-17.511 is not included in this system of records.

It is VA's policy that the data and information collected be used to evaluate the various programs within the Department. Data and information may also be used for longitudinal research purposes and follow-up to evaluate the long-term effects of program usage, although VA currently has no plans to do so.

This data and information may also be disclosed to:

1. The appropriate Federal, State, local, or foreign agency charged with the responsibility of investigating violations of civil or criminal law or regulations

arising by statute, regulation, rule, or order;

2. A Congressional office from the record of an individual in response to an inquiry;

3. The National Archives and Records Administration (NARA) in records management inspections;

4. The Department of Justice and United States attorneys in defense or prosecution of litigation involving the United States;

5. A Federal department or agency; or

6. Directly to a contractor or subcontractor of a Federal department or agency for the purpose of conducting research. When disclosure of this data or information is made directly to a contractor, VA may impose applicable conditions on the department, agency, and/or contractor to insure the appropriateness of the disclosure to the contractor.

The notice of intent to publish and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director, Office of Management and Budget (OMB) as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

Approved: May 15, 2001.

Anthony J. Principi,

Secretary of Veterans Affairs.
