Intent to Prepare a Draft Environmental Impact Statement (DEIS) for the Tampa Harbor Navigation Project General Reevaluation Report

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of Intent.

FOR FURTHER INFORMATION CONTACT: William J. Fonferek, (904) 232–2803, Environmental Branch, Planning Division, P.O. Box 4970, Jacksonville, Florida 32233–0019.

SUPPLEMENTARY INFORMATION: The Committee on Transportation and Infrastructure of the United States House of Representatives, requested the Secretary of the Army to review the report to the Chief of Engineers on the Tampa Harbor, Florida, published as House Document 401, 91st Congress, 2nd Session and other pertinent reports, with a view of determining if the authorized project should be modified in any way at this time, with particular reference to deep draft navigation.

The reason for the study is to reconsider safety and economic efficiency. Many of the project’s channels are one-way and might be improved to relieve safety concerns and vessel traffic congestion.

1. Alternatives: In addition to the no action alternative, we are considering creating an anchorage area; a secondary channel loop using St. Petersburg Harbor channel; passing lanes; and turning basins at channel intersections. In addition, we will be looking at other options such as main channel deepening; East Bay Channel deepening; constructing previously authorized projects; and the eastward extension of Port Sutton.

2. Issues: The Environmental Impact Statement (EIS) will consider impacts on safety, economic efficiency, hardbottom communities, protected species, shore protection, health, water quality, aesthetics and recreation, fish and wildlife resources, cultural resources, energy conservation, socio-economic resources, and other impacts identified through scoping, public involvement, and interagency coordination.

3. Scoping: A scoping letter was sent to interested parties on April 30, 2001. In addition, all parties are invited to participate in the scoping process by identifying any additional concerns on issues, studies needed, alternatives, procedures, and other matters related to the scoping process.

4. Public Involvement: We invite the participation of affected Federal, State and local agencies, affected Indian Tribes, and other interested private organizations and parties.

5. Coordination: The proposed action is being coordinated with the U.S. Fish and Wildlife Service (FWS) and the National Marine Fisheries Service (NMFS) under Section 7 of the Endangered Species Act and the Marine Mammal Protection Act, with the FWS under the Fish and Wildlife Act, the NMFS under the Magnuson-Stevens Fishery Conservation and Management Act for Essential Habitat, and with the State Historic Preservation Officer.

6. Other Environmental Review and Consultation: The proposed action may involve an evaluation for compliance with guidelines pursuant to Section 404(b) of the Clean Water Act; application (to the State of Florida) for Water Quality Certification pursuant to Section 401 of the Clean Water Act; certification of state lands, easements, and rights of way; and determination of Coastal Zone Management Act consistency.
DEPARTMENT OF EDUCATION

AGENCY: Student Financial Assistance, Department of Education.

SUMMARY: The Secretary of Education announces the annual updates to the tables that will be used in the statutory “Federal Need Analysis Methodology” to determine a student’s expected family contribution (EFC) for award year 2002–2003 under Part F of Title IV of the Higher Education Act (HEA) of 1965, as amended (Title IV, HEA Programs). An EFC is the amount a student and his or her family may reasonably be expected to contribute toward the student’s postsecondary educational costs for purposes of determining financial aid eligibility. The Title IV, HEA Programs include the Federal Pell Grant, campus-based (Federal Perkins Loan, Federal Work-Study, and Federal Supplemental Educational Opportunity Grant Programs), Federal Family Education Loan, and William D. Ford Federal Direct Loan Programs.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape or computer diskette) on request to the contact person listed in the preceding paragraph.

SUPPLEMENTARY INFORMATION: Part F of Title IV of the HEA specifies the criteria, data elements, calculations, and tables used in the Federal Need Analysis Methodology EFC calculations.

Section 478 of Part F of the HEA requires the Secretary to adjust four of the tables—the Income Protection Allowance, the Adjusted Net Worth of a Business or Farm, the Education Savings and Asset Protection Allowance, and the Assessment Schedules and Rates—each award year to take into account inflation. The changes are based, in general, upon increases in the Consumer Price Index. For the award year 2002–2003 the Secretary is charged with updating the income protection allowance, adjusted net worth of a business or farm, and the assessment schedules and rates to account for inflation that took place between December 2000 and December 2001. However, since the Secretary must publish these tables before December 2001, the increases in the tables must be based upon a percentage equal to the estimated percentage increase in the Consumer Price Index for all Urban Consumers for 2000. The Secretary estimates that the increase in the Consumer Price Index for all Urban Consumers for the period December 2000 through December 2001 will be 2.4 percent. The updated tables are in sections 1, 2, and 4 of this notice.

The Secretary must also revise, for each award year, the table on asset protection allowance as provided for in section 478(d) of the HEA. The Education Savings and Asset Protection Allowance table for the award year 2002–2003 has been updated in section 3 of this notice.

Section 477(b)(5) of Part F of the HEA also requires the Secretary to increase the amount specified for the Employment Expense Allowance to account for inflation based upon increases in the Bureau of Labor Statistics budget of the marginal costs for a two-earner compared to a one-earner family for meals away from home, apparel and upkeep, transportation, and housekeeping services. Therefore, the Secretary is increasing this allowance as described in section 5 of this notice.

The HEA provides for the following annual updates:

1. Income Protection Allowance

This allowance is the amount of living expenses associated with the maintenance of an individual or family that may be offset against the family’s income. It varies by family size. The income protection allowance for the dependent student is $2,330. The income protection allowances for the parents of dependent students and independent students with dependents other than a spouse for award year 2002–2003 are:

<thead>
<tr>
<th>Family size</th>
<th>Number in college</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>5,300</td>
<td>$5,300</td>

<td></td>
</tr>
</tbody>
</table>

For each additional family member add $3,170.
For each additional college student subtract $2,250.

The income protection allowances for independent students and independent students without dependents other than a spouse for award year 2002–2003 are:

<table>

2. Adjusted Net Worth (NW) of a Business or Farm

A portion of the full net value of a farm or business is excluded from the calculation of an expected contribution since—(1) the income produced from these assets is already assessed in another part of the formula; and (2) the
