RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Request for Internet Services.

The RRB is establishing a Person Identification Number (PIN)/Password system that will allow RRB applicants, annuitants and other customers to conduct business with the agency electronically. As part of that system, the RRB will collect and use information needed to establish a Password Request Code (PRC) with the RRB. Once a PRC is established, the RRB will collect information from users to establish a unique PIN/Password that will allow access to all RRB Internet based applications. To receive a PRC, the RRB will request that the following information be provided in all cases: The name of the railroad employee, the railroad employee's Social Security Number, their date of birth and their mailing address. In addition, spouses of railroad employees requesting their own PRC's will also be required to provide their full name, social security number, date of birth and mailing address if difference from the railroad employee. Optional information will include their internet E-mail address and day time telephone number. The information provided will be matched against records of the railroad employee

maintained by the RRB. If the information is verified, the request will be approved and the RRB will mail a PRC to the requestor. If the information does not match, the requestor will be advised to contact the nearest RRB field office to resolve any discrepancy. After obtaining a PRC from the RRB, the requestor can apply for a PIN/Password online. Once the PIN/Password has been established, the requestor will have access to all RRB Internet based applications.

The RRB estimates that approximately 5000 requests for PRC's and PIN/Passwords will be received annually. Completion is voluntary, however, the RRB will be unable to provide a PRC or allow a requestor to establish a PIN/Password (thereby denying system access), if the requests are not completed. We estimate that it will take about 5 minutes per response to secure a PRC and about 1.5 minutes to establish a PIN/Password.

Additional Information or Comments

To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 N. Rush Street, Chicago, Illinois 60611-2092. Written comments should be received within 60 days of this notice.

Chuck Mierzwa,

Clearance Officer.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Amex has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Amex Rule 1000, Commentary .03 and Rule 1000A, Commentary .02 provide generic listing standards for PDRs and Index Fund Shares, respectively, to permit listing and trading of these securities pursuant to Rule 19b-4(e) under the Act.³ Rule 19b-4(e)⁴ provides that the listing and trading of a new derivative securities product by a self-regulatory organization shall not be deemed a proposed rule change, pursuant to paragraph (c)(1) of Rule 19b-4,⁵ if the Commission has approved, pursuant to section 19(b) of the Act,⁶ the self-regulatory organization's trading rules, procedures and listing standards for the product class that would include the new derivative securities product, and the self-regulatory organization has a surveillance program for the product class.⁷ The Commission has approved Rule 1000, Commentary .02 and Rule 1000A, Commentary .03.⁸

These generic listing standards are intended to ensure that a substantial portion of the weight of an index or portfolio is accounted for by stocks with substantial market capitalization and trading volume. Rule 1000, Commentary .03 and Rule 1000A, Commentary .02 provide that, upon the initial listing of a series of PDRs or Index Fund Shares

under rule 19b-4(e),⁹ component stocks that in the aggregate account for at least 90 percent of the weight of the index or portfolio must have a minimum market value of at least \$75 million. In addition, the component stocks in the index must have a minimum monthly trading volume during each of the last six months of at least 250,000 shares for stocks representing at least 90 percent of the weight of the index or portfolio.

Currently, Rule 1000, Commentary .03(a)93, and Rule 1000A, Commentary .02(a)(3) provide that the most heavily weighted component stock in an underlying index cannot exceed 25 percent of the weight of the index or portfolio, and the five most heavily weighted component stocks cannot exceed 65 percent of the weight of the index or portfolio. The Exchange proposes to increase from 25 percent to 30 percent the permissible weight of the most heavily weighted component stock in an underlying index. The Exchange is not amending the existing requirement that the five most heavily weighted stocks cannot exceed 65 percent of the weight of the index or portfolio. This change will provide additional flexibility to unit investment trusts or mutual funds to be listed pursuant to Rule 19b-4(e)¹⁰ in structuring their products and will help reduce possible concerns associated with a single stock exceeding the 25 percent threshold immediately prior to initial listing and trading due to a spike in the price of the most heavily weighted index stock. The Exchange notes that, notwithstanding this change, unit investment trusts (including PDRs) and mutual funds (including Index Fund Shares) are subject to Internal Revenue Code Subchapter M requirements applicable to regulated investment companies. In order to maintain regulated investment company status, these entities would be required to rebalance their portfolios quarterly to avoid any one stock exceeding a 25 percent weighting in the trust's or fund's portfolio.¹¹

2. Statutory Basis

The proposed rule change is consistent with section 6(b) of the Act¹² in general, and furthers the objective of

¹⁰ 17 CFR 240.19b-4(e).

¹¹ Under Subchapter M of the Internal Revenue Code, for a fund to qualify as a regulated investment company, the securities of a single issuer can account for no more than 25 percent of a fund's total assets, and at least 50 percent of a fund's total assets must be comprised of cash (including government securities) and securities of single issuers whose securities account for less than 5 percent of such fund's total assets.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On December 1, 1998, the Commission approved a CBOE rule change establishing the Exchange's Automated Book Priority System ("ABP").³ ABP allows an order entered into the Exchange's Retail Automatic Execution System ("RAES") to trade directly with an order on the Exchange's customer limit order book in those cases where the best bid (offer) on the Exchange's book is equal to the prevailing market bid (offer).
