

**DEPARTMENT OF COMMERCE****Submission for OMB Review;  
Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* 2002 Economic Census General Classification Report.

*Form Number(s):* NC-99023, NC-99023-L-1, NC-99023-L-11, NC-99500.

*Agency Approval Number:* None.

*Type of Request:* New collection.

*Burden:* FY 2002-38,333, FY 2003-66,666.

*Number of Respondents:* 600,000.

*Avg. Hours Per Response:* Under 6 minutes.

*Needs and Uses:* Accurate and reliable industry and geographic codes are critical to the Census Bureau's economic statistical programs. New businesses are assigned industry classifications by the Social Security Administration (SSA). Approximately 4 percent of these businesses cannot be assigned industry codes because insufficient information is provided on the Internal Revenue Service (IRS) Form SS-4. Since the 1997 Economic Census, the number of unclassified businesses has grown to almost 250,000. In order to provide detailed industry data for the 2002 Economic Census and the Business Register (Standard Statistical Establishment Listing (SSEL)), these unclassified businesses must be assigned North American Industry Classification System (NAICS) codes. During the 2002 Economic Census, the NC-99023, 2002 Economic Census General Classification Report will be used to collect information from unclassified single-unit establishments. In 2001, the year prior to the census, this form will be used to collect information from: 1) establishments with a significant amount of receipts but no payroll; 2) new businesses with a large amount of payroll, but insufficient industry classification; and 3) establishments that have been previously classified as farms, but report large amounts of non-farm payroll.

Establishments with significant receipts but no payroll are normally excluded from the economic census. This data collection will determine accurate NAICS codes and identify whether or not these establishments are within the scope of the 2002 Economic Census. New business classifications by the SSA are not always fully coded

because of insufficient information. This operation will assign NAICS codes to the unclassified units and ensure that the appropriate form will be mailed to the businesses during the census. In addition, establishments currently classified as farms but reporting substantial amounts of non-farm payroll may be incorrectly classified and excluded from the 2002 Economic Census. This operation will determine whether or not these establishments are in scope of the 2002 Economic Census.

The mail out of the NC-99023 form in 2001 will also include the new Ownership and Control form (NC-99500). Based on responses to this form, establishments identified as having an affiliation and/or multiple locations of operation will be set up in the Business Register (SSEL) as multi-unit companies with appropriate industry classifications prior to the 2002 Economic Census.

*Affected Public:* Businesses or other for-profit organizations, not-for-profit institutions.

*Frequency:* Every five years.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Title 13, U.S.C., Sections 131 and 224.

*OMB Desk Officer:* Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202)482-3129, Department of Commerce, room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at [mclayton@doc.gov](mailto:mclayton@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: June 1, 2001.

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* 2002 Economic Census Classification Report.

*Form Number(s):* NC-99026.

*Agency Approval Number:* None.

*Type of Request:* New collection.

*Burden:* FY 2002-13,333, FY-2003-37,500.

*Number of Respondents:* 610,000.

*Avg. Hours Per Response:* 5 minutes.

*Needs and Uses:* The Census Bureau implemented the new North American Industry Classification System (NAICS) for the 1997 Economic Census to replace the 1987 Standard Industrial Classification (SIC) system. The NAICS has been revised for the 2002 Economic Census. Many of the revisions significantly impact the Construction Sector. In order to provide detailed construction industry statistics reflecting NAICS revisions for the 2002 Economic Census, the Census Bureau will use the NC-99026, 2002 Economic Census Classification Report, to collect additional information from a sample of construction businesses.

Specifically, the Census Bureau will select a sample from the following groups of establishments: (1) Any single-unit construction establishment that is only partially coded or (2) any single-unit construction establishment that is currently classified in a NAICS industry that will be split into two or more NAICS industries for the 2002 Economic Census. The information collected will be used to assign the appropriate NAICS codes, update the Business Register (Standard Statistical Establishment List (SSEL)) and mailing list, improve the sampling frame, and ensure that the correct form is delivered during the initial mailing for the census. This information will be collected in 2001 (prior to the census).

During the 2002 Economic Census, the NC-99026 questionnaire also will be used to obtain classification information from partially coded small single-unit manufacturing, mining, and construction establishments, and construction establishments not receiving either a classification report form in 2001 or a more detailed Census of Construction form in the 2002 Economic Census.

*Affected Public:* Businesses or other for-profit organizations, not-for-profit institutions.

*Frequency:* Every five years.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Title 13 U.S.C., Sections 131 and 224.

*OMB Desk Officer:* Susan Schechter, (202) 395-5103.

### Foreign-Trade Zones Board

[Order No. 1167]

#### Grant of Authority; Establishment of a Foreign-Trade Zone, Pensacola, FL

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board adopts the following Order:

*Whereas*, the Foreign-Trade Zones Act provides for “\* \* \* the establishment \* \* \* of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs ports of entry;

*Whereas*, the Pensacola-Escambia County Promotion and Development Commission (the Grantee), a Florida public corporation, has made application to the Board (FTZ Docket 34-2000, filed 7/6/00), requesting the establishment of a foreign-trade zone at sites in the Pensacola and Escambia County, Florida, area, adjacent to the Pensacola Customs port of entry;

*Whereas*, notice inviting public comment has been given in the **Federal Register** (65 FR 43288, 7/13/00); and,

*Whereas*, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied, and that approval of the application is in the public interest;

*Now, therefore*, the Board hereby grants to the Grantee the privilege of establishing a foreign-trade zone, designated on the records of the Board as Foreign-Trade Zone No. 249, at the

sites described in the application, and subject to the Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 23rd day of May 2001.

Foreign-Trade Zones Board.

### Foreign-Trade Zones Board

[Docket 21-2001]

#### Foreign-Trade Zone 177—Evansville, IN; Application for Subzone Status; Toyota Motor Manufacturing, Indiana, Inc., Plant (Motor Vehicles), Princeton, IN

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Indiana Port Commission, grantee of FTZ 177, requesting special-purpose subzone status for the motor vehicle manufacturing plant of Toyota Motor Manufacturing, Indiana, Inc. (TMMI)(a subsidiary of Toyota Motor Manufacturing North America, Inc.), located in Princeton, Indiana. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 25, 2001.

The TMMI plant (1,160 acres/1.66 million sq.ft.) is located at 4000 Tulip Tree Drive, Princeton (Gibson County), Indiana, some 25 miles north of Evansville. The facility is used to produce light-duty passenger vehicles (pickup trucks, sport utility vehicles, minivans) for export and the domestic market. At full capacity, the facility (2,500 employees) will produce up to approximately 360,000 vehicles annually. Components purchased from abroad (approximately 43% of material value) include: engines and parts of engines, connecting rods, cylinder heads, brackets, sensors, valves, engine management systems, body parts, fasteners, exhaust systems, catalytic converters, speedometers and parts, parts of suspensions, hub units, CV joints, parts of steering systems, brake hoses and cables, airbags, half shafts, transmissions and parts of transmissions, transfer cases, differentials, bearings and bearing

housings, flywheels/pulleys, wiring harnesses, transformers, lighting equipment, mirrors, starters, gaskets, belts, locks, rubber vibration control parts, global positioning systems, capacitors, thermometers, plugs, filters, windshield wipers, bumpers, tubing, air-conditioner components, flow meters, springs, fans/blowers, lug nuts, rubber hoses, CD/radios/audio systems, horns, relays, switches, ignition wires, and electrical apparatus (duty rate range: free—5.3%). The application indicates that TMMI's domestic sourcing will increase in the future.

FTZ procedures would exempt TMMI from Customs duty payments on the foreign components used in export production (1% of shipments). On its domestic sales and exports to NAFTA countries, TMMI would be able to choose the duty rate that applies to finished passenger vehicles (2.5%) for the foreign inputs noted above that have higher rates. Foreign status and certain domestic status parts and materials would be exempt from local inventory taxes. Customs duties would be deferred and possibly reduced on foreign status production equipment. The application indicates that subzone status would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 6, 2001. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period August 20, 2001.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

Office of the Port Director, U.S. Customs Service, Room 238, 101 NW Martin Luther King Blvd., Evansville, IN 47708

Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 4008, 14th Street & Constitution Avenue, NW, Washington, DC 20230-0002

Dated: May 25, 2001.
