DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Institute of Arthritis and Musculoskeletal and Skin Diseases; Notice of Closed Meeting

Pursuant to section 10(d) of the
Federal Advisory Committee Act, as
amended (5 U.S.C. appendix 2), notice
is hereby given of the following
meeting.

The meeting will be closed to the
public in accordance with the
provisions set forth in sections
552b(c)(4) and 552b(c)(6), Title 5 U.S.C.,
as amended. The grant applications and
the discussions could disclose
confidential trade secrets or commercial
property such as patentable material,
and personal information concerning
individuals associated with the grant
applications, the disclosure of which
would constitute a clearly unwarranted
invasion of personal privacy.

Name of Committee: National Institute of
Arthritis and Musculoskeletal and Skin
Diseases Special Emphasis Panel.

Date: July 17-18, 2001.

Time: 8:30 am to 2:30 pm.

Agenda: To review and evaluate grant
applications.

Place: Bethesda Marriott, 5151 Pooks Hill
Road, Bethesda, MD 20892.

Contact Person: Aftab A. Ansari, PhD,
National Institutes of Health, NIAMS,
Natcher Building, 45 Center Drive, Room
5AS25N, Bethesda, MD 20892, 301-594-
4952.

BILLING CODE 4140-01-M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4456-N-16]

Privacy Act of 1974; Notice of a computer matching program

AGENCY: Office of the Chief Information
Officer, HUD.

ACTION: Notice of a computer matching
program between the Department of
Housing and Urban Development (HUD)
and the Department of Justice (DOJ).

SUMMARY: In accordance with the
Privacy Act of 1974 (5 U.S.C. 552a), as
amended by the Computer Matching
and Privacy Protection Act of 1988, as
amended, (Pub. L. 100-503), and the
Office of Management and Budget
(OMB) Guidelines on the Conduct of
Matching Programs (54 FR 25818 (June
19, 1989)), and OMB Bulletin 89-22,
"Instructions on Reporting Computer
Matching Programs to the Office of
Management and Budget (OMB),

Congress and the Public," the Department of Housing and Urban Development (HUD) is issuing a public notice of its intent to conduct a recurring computer matching program with the Department of Justice (DOJ) to utilize a computer information system of HUD, the Credit Alert Interactive Voice Response System (CAIVRS), with DOJ's debtor files. The CAIVRS data base now includes delinquent debt information from the Departments of Agriculture, Education, Veteran Affairs and the Small Business Administration. This match will allow prescreening of applicants for debts owed or loans guaranteed by the Federal Government to ascertain if the applicant is delinquent in paying a debt owed to or insured by the Federal Government. Before granting a loan, a lending agency and/or an authorized lending institution will be able to interrogate the CAIVRS debtor file which contains the Social Security Numbers (SSNs) of HUD's delinquent debtors and defaulter and debtor files of the DOJ and verify that the loan applicant is not in default on a Federal judgment or delinquent on direct or guaranteed loans of participating Federal programs. As a result of the information produced by this match, the authorized users may not deny, terminate, or make a final decision of any loan assistance to an applicant or take other adverse action against such applicant, until an officer or employee of such agency has independently verified such information.

DATES: *Effective Date:* Computer matching is expected to begin July 9, 2001 unless comments are received which will result in a contrary determination, or 40 days from the date a computer matching agreement is signed, whichever is later.

Comments Due Date: July 9, 2001.

ADDRESSEES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410.

Communications should refer to the above docket number and title. A copy of each communication submitted will be available for public inspection and copying between 7:30 a.m. and 5:30 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT:

From Recipient Agency Contact: Jeanette Smith, Departmental Privacy Act Officer, Department of Housing and Urban Development, 451 7th St., SW., Room P8001, Washington, DC 20410, telephone number (202) 708-2374. (This

is not a toll-free number.) A telecommunication device for hearing and speech-impaired individuals (TTY) is available at 1-800-877-8339 (Federal Information Relay Service).

From Source Agency Contact: Diane J. Watson, Debt Collection Management, Department of Justice, 10th and Constitution Avenue, NW., Washington, DC 20530, telephone number (202) 514-5343. (This is not a toll-free number.)

Reporting: In accordance with Public Law 100-503, the Computer Matching and Privacy Protection Act of 1988, as amended, and Office of Management and Budget Bulletin 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management and Budget (OMB), Congress and the Public;" copies of this Notice and report are being provided to the Committee on Government Reform of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget.

Authority: The matching program will be conducted under the authority of 28 U.S.C. 2301(e) (3611 of the Federal Debt Collection Procedures Act of 1990, Pub. L. 101-647), and Office of Management and Budget (OMB) Circulars A-129 (Managing Federal Credit Programs) and A-70 (Policies and Guidelines for Federal Credit Programs). One of the purposes of all Executive departments and agencies—including HUD—is to implement efficient management practices for Federal credit programs. OMB Circulars A-129 and A-70 were issued under the authority of the Budget and Accounting Act of 1921, as amended; the Budget and Accounting Act of 1950, as amended; the Debt Collection Act of 1982, as amended; and, the Deficit Reduction Act of 1984, as amended.

Objectives To Be Met By the Matching Program: By identifying those individuals or corporations against whom the DOJ has filed a judgment, the Federal Government can expand the prescreening search of their loan applicants to further avoid lending to applicants who are credit risks.

Records To Be Matched: HUD will utilize its system of records entitled HUD/DEPT-2, *Accounting Records*. The debtor files for HUD programs involved are included in this system of records. HUD's debtor files contain information on borrowers and co-borrowers who are currently in default (at least 90 days delinquent on their loans); or who have any outstanding claims paid during the last three years on Title II insured or guaranteed home mortgage loans; or individuals who have defaulted on Section 312 rehabilitation loans; or individuals who have had a claim paid in the last three years on a Title I loan. For the CAIVRS match, HUD/DEPT-2, System of Records, receives its program

inputs from HUD/DEPT-28, Property Improvement and Manufactured (Mobile) Home Loans—Default; HUD/DEPT-32, Delinquent/Default/Assigned Temporary Mortgage Assistance Payments (TMAP) Program; and HUD/CPD-1, Rehabilitation Loans-Delinquent/Default.

The DOJ will provide HUD with its debtor files contained in its system of records entitled, Debt Collection Management System, JUSTICE/JMD-006. HUD is maintaining DOJ's records only as a ministerial action on behalf of DOJ, not as part of HUD's HUD/DEPT-2 system of records. DOJ's data contain information on individuals or corporations who have defaulted on Federal judgments. The DOJ will retain ownership and responsibility for their system of records that they place with HUD. HUD serves only as a record location and routine use recipient for DOJ's data.

Notice Procedures: HUD will notify individuals at the time of application (ensuring that routine use appears on the application form) for guaranteed or direct loans that their records will be matched to determine whether they are delinquent or in default on a Federal debt. HUD and DOJ will also publish notices concerning routine use disclosures in the **Federal Register** to inform individuals that a computer match may be performed to determine a loan applicant's credit status with the Federal Government.

Categories of Records/Individuals Involved: The debtor records include these data elements from HUD's systems of records, HUD/Dept-2: SSN, claim number, program code, and indication of indebtedness. Categories of records include: records of claims and defaults, repayment agreements, credit reports, financial statements, and records of foreclosures, and Federal judgment liens.

Categories of individuals include former mortgagors and purchasers of HUD-owned properties, manufactured (mobile) home and home improvement loan debtors who are delinquent or in default on their loans, and rehabilitation loan debtors who are delinquent or in default on their loans, and individuals or corporations against whom judgments have been filed by DOJ.

Period of the Match: Matching will begin at least 40 days from the date copies of the signed (by both Data Integrity Boards) computer matching agreements are sent to both Houses of Congress or at least 30 days from the date this Notice is published in the **Federal Register**, whichever is later, providing no comments are received which would result in a contrary

determination. The matching program will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other in writing to terminate or modify the agreement.

Dated: May 31, 2001.

Gloria R. Parker,

Chief Information Officer.

BILLING CODE 4210-72-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Availability of Amended Environmental Assessment for Proposed Amendment of Incidental Take Permit PRT-816732

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

The Fish and Wildlife Service (Service) announces the availability of amendments to Incidental Take Permit (ITP) PRT-816732, originally issued October 22, 1996. The originally issued, and currently active, ITP authorizes the take of bald eagles (*Haliaeetus leucocephalus*) in Osceola County, Florida. The proposed ITP modifications respond to the Permittee's request for clarification of specific conditions of the original ITP and address revised development plans submitted by the Permittee.

The Service also announces the availability of an amended EA and HCP for the incidental take amendment application. Copies of the draft EA and/or HCP may be obtained by making a request to the Regional Office (see **ADDRESSES**). Requests must be in writing to be processed. This notice also advises the public that the Service has made a preliminary determination that issuing the ITP is not a major Federal action significantly affecting the quality of the human environment within the meaning of section 102(2)(C) of the National Environmental Policy Act of 1969, as amended (NEPA). The preliminary Finding of No Significant Impact (FONSI) is based on information contained in the draft EA and HCP. The final determination will be made no sooner than 60 days from the date of this notice. This notice is provided pursuant to Section 10 of the Act and NEPA regulations (40 CFR 1506.6).

The Service specifically requests information, views, and opinions from the public via this Notice on the federal action, including the identification of any other aspects of the human

environment not already identified in the Service's amended EA. Further, the Service is specifically soliciting information regarding the adequacy of the HCP as measured against the Service's ITP issuance criteria found in 50 CFR parts 13 and 17.

If you wish to comment, you may submit comments by any one of several methods. You may mail comments to the Service's Regional Office (see **ADDRESSES**). You may also comment via the internet to david_dell@fws.gov. Please submit comments over the internet as an ASCII file avoiding the use of special characters and any form of encryption. Please also include your name and return address in your internet message. If you do not receive a confirmation from the Service that we have received your internet message, contact us directly at either telephone number listed below (see **FURTHER INFORMATION CONTACT**). Finally, you may hand deliver comments to either Service office listed below (see **ADDRESSES**). Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the administrative record. We will honor such requests to the extent allowable by law. There may also be other circumstances in which we would withhold from the administrative record a respondent's identity, as allowable by law. If you wish us to withhold your name and address, you must state this prominently at the beginning of your comments. We will not; however, consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

DATES: Written comments on the proposed ITP amendments should be sent to the Service's Regional Office (see **ADDRESSES**) and should be received on or before August 6, 2001.

ADDRESSES: Persons wishing to review the amended EA or the EA originally prepared for the issuance of this ITP, may obtain a copy by writing the Service's Southeast Regional Office, Atlanta, Georgia. These documents will also be available for public inspection by appointment during normal business hours at the Regional Office, 1875 Century Boulevard, Suite 200, Atlanta, Georgia 30345 (Attn: Endangered Species Permits), or Field Supervisor, U.S. Fish and Wildlife Service, Post

Office Box 2676, Vero Beach, Florida 32961-2676.

FOR FURTHER INFORMATION CONTACT: Mr. David Dell, Regional HCP Coordinator, (see **ADDRESSES** above), telephone: 404/679-7313, facsimile: 404/679-7081; or Mr. Mike Jennings, Fish and Wildlife Biologist, South Florida Ecosystem Office, Vero Beach, Florida (see **ADDRESSES** above), telephone: 561/562-3909.

SUPPLEMENTARY INFORMATION: On October 22, 1996, Mr. Nick Gross, the Permittee, was issued ITP PRT-816732 in response to the submission of an adequate Habitat Conservation Plan (HCP) and complete permit application pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973 (U.S.C. 1531 *et seq.*), as amended (Act). The current ITP authorizes the one-time taking of nesting bald eagles, through harassment, resulting from earth moving, land clearing, and human habitation of a residential community being developed by the Permittee. The ITP requires a number of measures to minimize the impacts of residential development on nesting bald eagles, including phased construction within a 250 foot buffer zone around the nest, limitations on vegetation removal within the 250 foot buffer zone, as well as various prohibited activities and building restrictions within the buffer zone. The ITP also requires mitigation in the form of payment of \$25,000 to a bald eagle conservation fund upon a determination that the nesting eagles abandoned the nest site.

Bald eagles successfully nested during the 1996-1997, 1997-1998, and 1998-1999 nesting seasons due to the implementation of minimization measures prescribed within the ITP. However, the Permittee's 1999-2000 monitoring report indicated that bald eagles failed to nest, although adult birds were documented regularly at the nest site and immediate vicinity. In the 2000-2001 nesting season, bald eagles appeared at the project area, but there was no nesting activity. As a result of this nesting failure, the Service requested, and the Permittee subsequently fulfilled, the mitigation requirements stipulated in the ITP.

The Permittee has fully implemented the HCP and is in compliance with the terms and conditions of the ITP, including the funding of off-site mitigation measures. Following the determination of nest abandonment, the Permittee provided the Service with a written request for modifications to the ITP that would alter allowable construction timing and revise development plans. The requested
