

active collaboration of all project participants during the entire period of this project.

5. Principal Investigator and Staff: (20 percent)

a. The extent to which the qualifications and the proposed project time allocation of the principal investigator are described. A principal investigator who has conducted, evaluated, and published asthma research in peer-reviewed journals, and has specific authority and responsibility to carry out the proposed project is expected.

b. The extent to which a description of additional staff to be assigned to this project, their qualifications, the proposed project time allocation, and the role of the proposed staff is linked to program objectives.

c. The extent to which the facilities and other resources that would define the applicant's capacity to accomplish the project are described.

6. Evaluation Plans: (15 percent)

The extent to which the applicant has described a realistic and comprehensive plan to accurately measure changes in population-based asthma morbidity, specific asthma care, asthma education or other significant intervention strategies over time using qualitative and quantitative methods will be scored. The ability of the applicant to begin the baseline data collection during the planning phase and to conduct a process evaluation of the planning period will be part of this evaluation score.

7. Budget: (not scored)

The extent to which the budget is clearly detailed, justified, and appropriate for activities proposed.
