BILLING CODE 4140-01-M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4560-FA-20]

Announcement of Funding Award—FY 2000 Healthy Homes Initiative

AGENCY: Office of the Secretary—Office of Healthy Homes and Lead Hazard Control.

ACTION: Announcement of funding award.

SUMMARY: In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development

Reform Act of 1989, this announcement notifies the public of funding decisions made by the Department as a result of the Healthy Homes Initiative Notice of Funding Availability (NOFA). This announcement contains the names and addresses of the awardees and the amount of the awards.

FOR FURTHER INFORMATION CONTACT:

Ellen Taylor, Department of Housing and Urban Development, 451, Seventh Street, SW, Washington, DC, 20410, telephone (202) 755-1785, ext. 116. Hearing- or speech-impaired individuals may access this number by calling the Federal Information Relay Service TTY at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: The Healthy Homes Initiative Program is authorized by the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2000, Public Law. 106-74, approved October 20, 1999, 113 Stat. 1047.

The Healthy Homes Initiative Program provides funds to develop, demonstrate

and promote cost effective, preventive measures to correct multiple safety and health hazards in the home environment which produce serious diseases and injuries in children. On February 24, 2000 (65 FR 9577), HUD published a Notice of Funding Availability (NOFA) announcing the availability of approximately \$6.5 million in Fiscal Year 2000 funds for the Healthy Homes Initiative Program. The Department reviewed, evaluated and scored the applications received based on the criteria in the NOFA. As a result, HUD has funded eight grantees for the Healthy Homes Initiative Program.

The Catalog of Federal Domestic Assistance number for this program is 14.901.

In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987, 42 U.S.C. 3545), the Department is publishing the names, addresses, and amounts of the awards as follows:

Awardee	Address	Amount of grant
Esperanza Community Housing Corporation	2337 South Figueroa Street Los Angeles, CA 90007	\$999,499.00
Child Abuse Prevention Council of Sacramento, Inc.	8795 Folsom Blvd.—Suite 103 Sacramento, CA 95826	1,500,000.00
Northeast Denver Housing Center	Healthy Homes Initiative 1735 Gaylord Street Denver, CO 80206.	931,635.00
President & Fellows of Harvard College	Harvard School of Public Health, Office For Sponsored Research, 677 Huntington Avenue, Harvard, MD 02115.	1,200,000.00
Children's Health Environmental Coalition	P.O. Box 1540, Princeton, NJ 08542	471,480.00
Erie County Department of Health	Environmental Health Healthy Neighborhoods Program, 499 Franklin Street, Buffalo, NY 14202.	918,752.00
Opportunity Council	Housing Services, 314 East Holly, Bellingham, WA 98225 ..	354,192.00
Board of Regents of the University of Wisconsin System	School of Pharmacy, 750 University Avenue, 400 A.W. Peterson Building, Madison, WI 53706.	1,200,847.00

Dated: June 4, 2001.

David E. Jacobs,

Director, Office of Healthy Homes and Lead Hazard Control.

BILLING CODE 4210-70-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4674-C-02]

Notice of Funding Availability; Tribal Colleges and Universities Program; Fiscal Year 2001; Correction

AGENCY: Office of the Assistant Secretary for Policy Development and Research.

ACTION: Notice of funding availability (NOFA) for fiscal year 2001; correction.

SUMMARY: On May 11, 2001 (66 FR 24236), the Department published a notice that announced the availability of

Fiscal Year (FY) 2001 funding for its new Tribal Colleges and Universities Program. This document corrects the definition of "eligible applicant" in paragraph (B) section III (Program Description; Eligible Applicants; Eligible Activities), by requiring that applicants meet the statutory definition of TCU in Title III of the 1998 Amendments to the Higher Education Act of 1965 (P.L. 105-244) rather than Title V of the same Act.

DATES: The application due date for this program remains as published in the **Federal Register** on May 11, 2001.

FOR FURTHER INFORMATION CONTACT: Please contact the office or individual identified in the notice published in the **Federal Register** on May 11, 2001 for further information.

SUPPLEMENTARY INFORMATION: On May 11, 2001 (66 FR 24236), the Department published a notice that announced the availability of Fiscal Year (FY) 2001

funding for its new Tribal Colleges and Universities Program. In defining the term "eligible applicants", HUD incorrectly stated that only tribal colleges and universities that meet the definition of a TCU as defined by Title V of the 1998 Amendments to the Higher Education Act of 1965 (P.L. 105-244) would be eligible for funding under this program. Through this document, HUD corrects the citation for eligibility from Title V of the 1998 Amendments to the Higher Education Act of 1965 (P.L. 105-244) to Title III of the same Act

Accordingly, FR Doc. 01-11957, a Notice of Funding Availability for the Tribal Colleges and Universities Program Fiscal Year 2001, published in the **Federal Register** on May 11, 2001 at 66 FR 24236, is corrected as follows:

- On page 24236, first column, the third paragraph under the **SUMMARY** section of the notice is corrected to read as follows:

Eligible Applicants: Only tribal colleges and universities that meet the definition of a TCU established in Title III of the 1998 Amendments to the Higher Education Act of 1965 (P.L. 105-244) enacted October 7, 1998).

- On page 24236, third column, the first sentence of paragraph (B), Section III, (Program Description; Eligible Activities; Eligible Applicants) is revised to read:

(B) Eligible Applicants. Only if your institution is a nonprofit institution of higher education and meets the statutory definition of a TCU in Title III of the 1998 Amendments to the Higher Education Act of 1965 (P.L. 105-244) are you eligible to apply.

Dated: May 24, 2001.

Lawrence L. Thompson,

General, Deputy Assistant Secretary for Policy Development and Research.

BILLING CODE 4210-62-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Request for Information and Recommendations on Species To Consider for Changes to the CITES Appendices

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Request for information.

SUMMARY: In order to implement the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES), the Parties to the Treaty periodically meet to review which species in international trade should be regulated, and other aspects of implementation of the treaty. We have been informed that the twelfth meeting of the Conference of the Parties to CITES (COP12) will be held in November 2002, in Santiago, Chile. We are, therefore, soliciting recommendations for amending Appendices I and II of CITES at COP12. We invite information and comment from the public on animal and plant species that should be considered as candidates for U.S. proposals to amend CITES Appendix I or II. Such amendments may concern the addition of species to Appendix I or II, the transfer of species from one Appendix to another, or the removal of species from Appendix II. We are also seeking information and comment from the public on the biological and trade status of selected species identified at the end of this notice.

DATES: We will consider all information and comments received by August 13, 2001.

ADDRESSES: Send correspondence concerning this request pertaining to species amendments to: Chief, Division of Scientific Authority; U.S. Fish and Wildlife Service; 4401 North Fairfax Drive, Room 750; Arlington, Virginia 22203-1610, or via E-mail to: fw9ia-dsa@fws.gov. Comments and materials received will be available for public inspection by appointment from 8 a.m. to 4 p.m., Monday through Friday, at the Division of Scientific Authority.

FOR FURTHER INFORMATION CONTACT: Dr. Susan Lieberman, Chief, Division of Scientific Authority, phone 703-358-1708, fax 703-358-2276, E-mail: fw9ia_dsa@fws.gov.

SUPPLEMENTARY INFORMATION:

Background

The Convention on International Trade in Endangered Species of Wild Fauna and Flora, (hereinafter referred to as CITES or the Convention), is an international treaty designed to control and regulate international trade in certain animal and plant species that are now or potentially may become threatened with extinction. These species are listed in the Appendices to CITES. You may obtain copies of the list of CITES species, and the text of the treaty, from the Division of Scientific Authority at the above address, from our web site <http://international.fws.gov/>, or from the official CITES Secretariat web site at <http://www.cites.org/>.

Currently 152 countries, including the United States, are Parties (i.e., a country that has acceded to the treaty) to the Convention. The treaty states that a biennial meeting of the Conference of the Parties will be held to consider amendments to the list of species in Appendices I and II, review issues pertaining to CITES implementation, make provisions enabling the CITES Secretariat in Switzerland to carry out its functions, consider reports presented by the Secretariat, and make recommendations for the improved effectiveness of CITES. Any country that is a Party to CITES may propose and vote on amendments to Appendices I and II (species proposals), resolutions, decisions, discussion papers, and agenda items for consideration at biennial meetings of the Conference of the Parties. The text of any proposal must be submitted to the CITES Secretariat at least 150 days before the meeting. The Secretariat must then consult the other Parties and appropriate intergovernmental agencies, and communicate their responses to all

Parties no later than 30 days before the meeting.

This is the first in a series of **Federal Register** notices that, together with announced public meetings, provide an opportunity for the public to participate in the development of the United States negotiating positions for the twelfth regular meeting of the Conference of the Parties to CITES (COP12). Our regulations governing this public process are found in 50 CFR 23.31-23.39. We have been informed that COP12 will be held in November 2002, in Santiago, Chile.

Request for Information and Comments

One of the purposes of this first notice is to solicit information that will help us identify species that the United States should propose as candidates for addition, removal, or reclassification in the CITES Appendices, or to identify issues warranting attention by the CITES Nomenclature Committee. This request is not limited to species occurring in the United States. Any Party may submit proposals concerning animal or plant species occurring in the wild anywhere in the world. We encourage the submission of information on species for possible inclusion in the Appendices if these species are subject to international trade that may be detrimentally impacting the status of the species. Complete proposals are not being requested at this time, but are always welcome. Rather, we are asking interested persons to submit convincing information describing: (1) The status of the species, especially trend information; (2) conservation and management programs for the species, including the effectiveness of enforcement efforts; and (3) the level of domestic as well as international trade in the species, especially trend information. Any other relevant information can also be provided. References are appreciated.

The term "species" is defined in CITES as "any species, sub-species, or geographically separate population thereof." Each species for which trade is controlled is included in one of three Appendices, either as a separate listing or incorporated within the listing of a higher taxon. The basic standards for inclusion of species in the Appendices are contained in Article II of CITES. Appendix I includes species threatened with extinction that are or may be affected by trade. Appendix II includes species that, although not necessarily now threatened with extinction, may become so unless trade in them is strictly controlled. Appendix II also lists species that must be subject to regulation in order that trade in other
