

Representative (COTR) every ninety (90) days following date of award.

b. *Program Work Plan, Implementation, and Evaluation Plan Review.* The grantee shall submit a revised program work plan, implementation plan, and an evaluation plan, incorporating comments received from the NHTSA COTR, no more than 1 month after award of this agreement. The NHTSA COTR will review and comment, if necessary.

c. *Draft Final Report.* The grantee shall prepare a Draft Final Report that includes a description of the inventive project, partners, intervention strategies, program implementation, evaluation methodology and findings from the program evaluation shall be presented in the form of a process manual. In terms of information transfer, it is important to know what worked and did not work, under what circumstances, and what can be done to avoid potential problems in future projects. The grantee shall submit the Draft Final Report to the COTR 60 days prior to the end of the performance period. The COTR will review the draft report and provide comments to the grantee within 30 days of receipt of the document.

d. *Final Report.* The grantee shall revise the Draft Final Report to reflect the COTR's comments. The revised final report shall be delivered to the COTR 15 days before the end of the performance period. The grantee shall supply the COTR one camera ready version of the document, as printed and one copy, on appropriate media (diskette, Syquest disk, etc.) of the document in the original program format that was used for the printing process. Some documents require several different original program languages (e.g., PageMaker for the general layout and design, PowerPoint for charts, and another program for photographs, etc.). Each of these component parts should be available on disk, properly labeled with the program format and the file names. For example, PowerPoint files should be clearly identified by both a descriptive name and file name (e.g., 1999 Fatalities—chart1.ppt). A complete version of the assembled document shall be provided in portable document format (PDF) for placement of the report on the world wide web (WWW). This will be a file usually created with the Adobe Exchange program of the complete assembled document. The document must be completely assembled with all colors, charts, side bars, photographs, and graphics. This can be delivered to NHTSA on a standard 1.44 floppy diskette (for small documents) or on any appropriate archival media (for larger documents)

such as an CD ROM, TR-1 Mini cartridge, Syquest disk, etc. The grantee shall provide four additional hard copies of the final document.

e. *Briefings, Presentations, and Journal Paper.* The Grantee shall make a briefing to NHTSA officials and other invited parties in Washington, DC at the completion of the project. The Grantee shall make a presentation concerning the project at a minimum of one national meeting (e.g., the National Commission Against Drunk Driving, the Community Anti-Drug Coalitions Leadership Forum, or Lifesavers, etc.). The Grantee shall prepare a paper and submit it for publication in a professional journal. An interim briefing approximately midway through the period of performance, in addition to a final briefing, may be required. All briefings, presentations, and papers will be submitted to NHTSA initially in draft format for review and comment. The Grantee shall submit drafts to the COTR 60 days before event date or publication submission date. The COTR will review the draft report and provide comments to the Grantee within 30 calendar days of receipt of the documents.

3. During the effective performance period of cooperative agreements awarded as a result of this announcement, the agreement as applicable to the grantee, shall be subject to the National Highway Traffic Safety Administration's General Provisions for Assistance Agreements, dated July 1995.

Rose A. McMurray,

Associate Administrator for Traffic Safety Programs.
