Public Health Preparedness for the 2002 Winter Olympic Games; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a grant program for Public Health Preparedness for the 2002 Winter Olympic Games. This program addresses the "Healthy People 2010" focus areas of Environmental Health and Public Health Infrastructure. The purpose of the program is to prepare the public health system in the areas of the safety of food, air, water, waste handling, disease surveillance and outbreak response, and emergency medical services coordination in response to the 2002 Winter Olympic Games to be held in Utah.

B. Eligible Applicant

Assistance will be provided only to the Utah Department of Health. No other applications are solicited. Eligibility is limited to the Utah Department of Health to prepare the State's public health system for the 2002 Winter Olympic Games.

Note: Title 2 United States Code, section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, or loan.

C. Availability of Funds

Approximately \$250,000 is available in FY 2001 to fund this award. It is expected that the award will begin on or about September 30, 2001, and will be made for a one-year project period. Funding estimates may change.

D. Where to Obtain Additional Information

To obtain business management technical assistance, contact: Sharron P. Orum, Lead Grants Management Specialist, Grants Management Branch Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Telephone number: (770) 488-2716, E-mail address: spo2@cdc.gov.

For program technical assistance, contact: Edwin Kent Gray, Chief, Emergency Preparedness and Response Branch, National Center for Environmental Health, Centers for Disease Control and Prevention 4770 Buford Highway, Mailstop F38, Atlanta, GA 30341 Telephone number: (770) 488-7100, Email address: keg1@cdc.gov.

Dated: June 19, 2001.

John L. Williams,

*Director, Procurement and Grants Office,

Environmental Health Epidemiology Resource Development for Mexico and Latin American Countries Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a cooperative agreement program with the Instituto Nacional de Salud Publica (INSP). This program addresses the "Healthy People 2010" focus area of Environmental Health.

The purpose of the program is to establish an environmental health epidemiology, environmental health professional training, and demonstration and training service delivery program based in a university setting in Mexico, with the objective to: Measurably improve and increase human resource expertise in the field of environmental epidemiology and health services delivery, in terms of availability and quality of practice, in Mexico and throughout the Latin American and Caribbean country region.

No human subjects research will be supported under this cooperative agreement.

B. Eligible Applicant

Assistance will be provided only to the Instituto Nacional de Salud Publica (INSP). No other applications are solicited.

The INSP, as the national institute of public health of the Government of Mexico, is the most appropriate and qualified agency to provide the services specified under this cooperative agreement because:

The INSP is a leading environmental health epidemiology teaching institution, both at the undergraduate and graduate levels, in Mexico and the Latin American and Caribbean country region, and is the only public health teaching institution in the region whose mission scope covers the entire region.

The INSP has formal collaborative arrangements with other teaching institutions in Mexico, including those located near the Mexico-U.S. border, and with those in other countries in the region which provide the entre for establishing and maintaining the environmental health epidemiology training and demonstration program supported by this cooperative agreement.

The INSP has a highly qualified doctoral and master's level teaching staff whose responsibilities include the conduct of programs related to the achievement of the environmental health epidemiology and fellow training activities which are the intended objectives of this cooperative agreement.

Note: Title 2 of the United States Code, Section 1611, states that an organization described in Section 501(c) (4) of the Internal Revenue Code that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan, or any other form.

C. Availability of Funds

Approximately \$229,000 is available in FY 2001 to support this program. It is expected that the award will begin on September 30, 2001, and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

Continuation awards within an approved project period will be made on the basis of satisfactory progress as evidenced by required reports and the availability of funds.

D. Where to Obtain Additional Information

To obtain business management technical assistance, contact: Sharron Orum, Lead Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention,

2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Telephone number: (770) 488-2716, E-mail address: spo2@cdc.gov

For program technical assistance, contact: Michael A. McGeehin, PhD, MSPH, Director, Division of Environmental Hazards and Health Effects, National Center for Environmental Health, 6 Executive Park Drive, Atlanta, GA 30329, Telephone number: (404) 498-1300, Email address: Mmcgeehin@cdc.gov

Dated: June 19, 2001.

John L. Williams,

Director, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC).

[Program Announcement 01167]

Quality Assurance of HIV and HIV/AIDS-Related Testing; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a cooperative agreement program to improve the quality of HIV testing services in Zimbabwe. This program addresses the "Healthy People 2010" focus area of HIV and Public Health Infrastructure.

The purpose of this cooperative agreement is to support activities to strengthen the capability of laboratories performing HIV and HIV/AIDS-related testing in support of HIV prevention and care programs.

B. Eligible Applicant

Assistance will be provided only to the Zimbabwe National Quality Assurance Program (ZINQAP). No other applications are solicited. ZINQAP is a non-profit organization supported solely by the government of Zimbabwe. No fees are provided ZINQAP for their quality assurance activities. ZINQAP is uniquely qualified to be the recipient organization for the following reasons:

1. ZINQAP has recently been granted the sole governmental authority by Zimbabwe's Health Professions Authority to certify laboratories. As such, laboratories certified by ZINQAP will be required to implement and

maintain quality assurance activities that will enable them to adhere to Zimbabwe's national standards.

2. ZINQAP is the only laboratory quality assurance body in Zimbabwe and has been in existence since 1995 with the mission of assisting laboratories to attain and maintain a high standard of performance.

3. ZINQAP currently provides a limited proficiency testing program for approximately 90 laboratories within the country, and as such, has established relationships with district provincial, and regional laboratories within the country. Having a program already in place will require minimal time to expand their capabilities. In contrast, another entity will require additional time to setup operations and must build rapport amongst the country's laboratories as the leader in providing quality assurance programs. ZINQAP has established relationships with U.S. based scientists, with international quality assurance experts, and with local governmental public health officials.

4. ZINQAP routinely interfaces with appropriate officials on issues affecting the quality of Zimbabwe's laboratory test results.

Note: Title 2 of the United States Code, chapter 26, section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code of 1986 that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, cooperative agreement, contract, loan or any other form.

C. Availability of Funds

Approximately \$200,000 in U.S. dollars is available for FY 2001 to fund this award. It is expected that the award will begin on or about September 30, 2001, and will be made for a 12-month budget period within a project period of up to three years.

Continuation awards within an approved project period will be made on the basis of satisfactory progress as evidenced by required reports and the availability of funds.

All requests for funds, including the budget contained in the application, shall be stated in U.S. dollars. Once an award is made, the Department of Health and Human Services (DHHS) will not compensate foreign grantees for currency exchange fluctuations through the issuance of supplemental awards.

D. Where To Obtain Additional Information

To obtain additional business management information, contact: Mattie Jackson, Grants Management Specialist, Grants Management Branch,

Procurement and Grants Office, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Telephone: (770) 488-2696, E-mail: mij3@cdc.gov.

To obtain additional programmatic information, contact: Stacy M. Howard, Health Scientist, Division of Laboratory Systems, Public Health Practice Program Office, 4770 Buford Hwy., MS A-16, Atlanta, GA 30341, Telephone: (770) 488-8065, Email: sam5@cdc.gov, or Michael St. Louis, M.D., Director, Zimbabwe-CDC AIDS Project 38 Samora Machel Avenue, Harare ZIMBABWE, Office: 263-11-808734, Mobile: 263-11-613193.

Dated: June 19, 2001.

National Mass Fatalities Training and Response Center; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a grant program for a National Mass Fatalities Training and Response Center at Kirkwood Community College in Iowa. This program addresses the "Healthy People 2010" focus areas Educational and Community-Based Programs, Health Communication, and Public Health Infrastructure.

The purpose of the program is to establish a national training center to prepare and support communities, businesses, industry, government and disaster response agencies nationwide for the proper handling of fatalities and in responding to the needs of families and communities in the aftermath of mass fatalities incidents.

B. Eligible Applicant

Assistance will be provided only to Kirkwood Community College in Iowa. No other applications are solicited. Eligibility is limited to Kirkwood Community College because fiscal year 2001 Federal appropriations specifically direct CDC to award this college fund to develop a National Mass Fatalities Training and Response Center.
