

and **Federal Register** citation of the application notice for each program.

If you use a telecommunications device for the deaf (TDD), you may call the TDD number, if any, listed in the individual application notice. If we have not listed a TDD number, you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

If you want to transmit a recommendation or comment under Executive Order 12372, you can find the latest list and addresses of individual SPOCs on the Web site of the Office of Management and Budget at the following address: <http://www.whitehouse.gov/omb/grants>

You can also find the list of SPOCs in the appendix to the Forecast of Funding

Opportunities under the Department of Education Discretionary Grant Programs for Fiscal Year (FY) 2001. This is available on the Internet at: ed.gov/funding.html.

SUPPLEMENTARY INFORMATION: The following is specific information about each of the programs or competitions covered by this notice:

LIST OF PROGRAMS AFFECTED

CFDA No. and name	Publication date and Federal Register cite	Original deadline date for applications	Revised deadline date for applications
Office of Postsecondary Education: 84.339B Learning Anytime Anywhere Partnerships (LAAP)	1/16/01 (66 FR 3557)	6/15/01	6/27/01
Office of Elementary and Secondary Education: 84.215 Fund for the Improvement of Education Program: Physical Education for Progress.	5/07/01 (66 FR 23006)	6/18/01	7/02/01
84.310A Parental Assistance Program	5/07/01 (66 FR 23008)	6/21/01	7/02/01
84.349A Early Childhood Educator Professional Development Program.	4/24/01 (66 FR 20640)	6/25/01	7/02/01
84.350A Transition to Teaching Program	4/16/01 (66 FR 19678)	6/15/01	7/02/01

If you are an individual with a disability, you may obtain a copy of this notice in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed in the individual application notices.

BILLING CODE 4000-01-U

DEPARTMENT OF ENERGY

Record of Decision To Classify Certain Elements of the SILEX Process as Privately Generated Restricted Data

AGENCY: Office of Nuclear and National Security Information, DOE.

ACTION: Notice.

SUMMARY: This notice announces the Secretary of Energy's decision to classify as Restricted Data certain privately generated information concerning an innovative isotope separation process for enriching uranium. Under 10 CFR 1045.21(c), the Secretary of Energy is required to inform the public whenever the authority to classify privately generated information as Restricted Data is exercised.

SUPPLEMENTARY INFORMATION: An Australian company, Silex Systems, Limited, has been developing the Separation of Isotopes by Laser Excitation (SILEX) process to enrich uranium since 1992. In 1996, USEC, Inc., purchased the rights from Silex Systems, Limited, to evaluate and further develop this process. The privately generated information which the Secretary of Energy has classified as Restricted Data under the Atomic Energy Act of 1954, as amended, pertains to certain elements of the SILEX process.

Issued in Washington, DC on June 19, 2001.

Joseph S. Mahaley,

Acting Director, Office of Security and Emergency Operations.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Oak Ridge Operations Office; Certification of the Radiological Condition of the B&T Metals Site in Columbus, OH, 1996

AGENCY: Department of Energy (DOE), Oak Ridge Operations (ORO) Office of Environmental Management.

ACTION: Notice of certification.

SUMMARY: The Department of Energy has completed remedial action to decontaminate the B&T Metals Site in Columbus, Ohio. Formerly this property was found to contain quantities of residual radioactive material from activities conducted under contract to DuPont, acting as a contractor for the Manhattan Engineer District. Based on the analysis of all data collected, DOE has concluded that any residual radiological contamination remaining on-site at the conclusion of DOE's remedial action falls within radiological guidelines in effect at the conclusion of such remedial action.

ADDRESSES: The certification docket is available at the following locations:

U.S. Department of Energy, Public Reading Room, Room 1E-190, Forrestal Building, U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585
State Library of Ohio, Documents Division, 65 South Front Street, Columbus, Ohio 43215
Public Document Room, Oak Ridge Operations Office, U.S. Department of Energy, 200 Administration Road, Oak Ridge, Tennessee 37831

FOR FURTHER INFORMATION CONTACT:

Robert G. Atkin, Project Engineer, Office of Assistant Manager for Environmental Management, Oak Ridge Operations Office, U.S. Department of Energy, P.O. Box 2001, Oak Ridge, Tennessee 37831, phone: (865) 576-1826 fax: (865) 574-4724.

SUPPLEMENTARY INFORMATION: The DOE, ORO Office of Environmental Management, has conducted remedial action at the B&T Metals site in Columbus, Ohio, under the Formerly Utilized Sites Remedial Action Program (FUSRAP). The objective of the program is to identify and remediate or otherwise control sites where residual radioactive contamination remains from activities carried out under contract to the Manhattan Engineer District/Atomic Energy Commission (MED/AEC) during the early years of the nation's atomic energy program.

In October 1997, the U.S. Congress assigned responsibility for management of the program to the U.S. Army Corps of Engineers (USACE). Completion of the Certification process was delayed pending preparation of a Memorandum of Understanding between the DOE and USACE with regard to completed, remediated sites such as B&T Metals. The Memorandum of Understanding between the U.S. DOE and the U.S. Army Corps of Engineers Regarding Program Administration and Execution of the Formerly Utilized Sites Remedial Action Program was signed by the parties in March 1999. Funding to proceed with the completion of DOE closure documentation for several FUSRAP sites, including B&T Metals, was obtained from USACE in late 2000.

In 1943, the DuPont Company, acting as an agent of MED, contracted with the B&T Metals Company to extrude rods from uranium metal billets. The rods were destined for the Hanford reactor. Production extrusion began in March 1943 and continued until August of that year. It is likely that more than 50 tons of uranium was extruded.

The B&T Metals site consists of three buildings: the main building, a storage building, and an aluminum extrusion building. A review of historic Sanborn

insurance maps from 1941 indicate that all three buildings were standing at the time of the MED activities.

Radiological protection during the MED work was provided by Metallurgical Laboratories of the University of Chicago. Measurements taken in March and April 1943 indicated significant amounts of airborne material, and the extension process was modified to reduce suspended particulate matter. Upon completion of the project, MED and DuPont representatives visually inspected the site to verify that the residue had been shipped offsite. Although some industrial monitoring was performed during the extrusion operations, there are no records of extensive decontamination or surveys after completion of MED activities. Machinery used for processing uranium has been sold or removed with no records indicating its final disposition. In 1992, the B&T Metals site was designated for cleanup under FUSRAP.

An initial screening of the B&T Metals property was conducted by members of the Oak Ridge National Laboratory (ORNL) Measurements Applications and Development Group on August 2, 1988. ORNL made a subsequent visit to the site on April 25, 1989, to collect air samples in the main building. A radiological assessment of soil and dust samples measured concentrations of radium and thorium at or near the background level, and indoor air samples were below the minimum detectable amounts for gross alpha and beta radiation. However, direct beta/gamma measurements at floor and overhead beams locations exceeded the allowable surface contamination guidelines. Elevated concentrations of uranium were found inside the main building in several floor, sump, and drain locations and in dust on building support beams. Elevated external gamma radiation readings were also found in soil samples taken from the outdoor area where process fluids or shavings from the MED activities reportedly were disposed of.

Post-remedial action surveys conducted in 1996 have demonstrated, and DOE has certified, that the subject property is in compliance with the Department's radiological decontamination criteria and standards in effect at the conclusion of the remedial action. The standards are established to protect members of the general public and occupants of the property and to ensure that reasonably foreseeable future use of the property will result in no radiological exposure above applicable radiological

guidelines. These findings are supported by the Department's *Certification Docket for the Remedial Action Performed at the B&T Metals Site in Columbus, Ohio*. DOE makes no representation regarding the condition of the site as a result of activities conducted subsequent to DOE's post-remedial action survey conducted in 1996.

The Certification docket will be available for review between 9:00 a.m. and 4:00 p.m., Monday through Friday (except Federal holidays) in the Department's Public Reading Room Located in Room 1E-190 of the Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585. Copies of the certification docket will also be available in the DOE Public Document Room, U.S. Department of Energy, Oak Ridge Operations Office, Oak Ridge, Tennessee 37831, and at the State Library of Ohio, Documents Division, 65 South Front Street, Columbus, Ohio 43215.

DOE, through the Oak Ridge Operations Office of Environmental Management, Oak Ridge Reservation Remediation Management Group, has issued the following statement:

Statement of Certification: B&T Metals in Columbus, Ohio

The Department of Energy (DOE), Oak Ridge Operations (ORO) Office of Environmental Management, Oak Ridge Reservation (ORR) Remediation Management Group, has reviewed and analyzed the radiological data obtained following remedial action at the B&T Metals site in Columbus, Ohio [Parcels 158 and 159, Map F-15, filed in Deed Books 2829, 1227, and 1301 Pages 125, 419, and 154 respectively; and Parcels 1 through 9, Map F-24, filed in Deed Books 3450, 3490, and 2786, Pages 43 (135m 136, 342) and 280, respectively, all in the records of Franklin County, Ohio]. Based on analysis of all data collected, including post-remedial action surveys conducted in 1996, DOE certifies that any residual contamination remaining onsite falls within the guidelines, in effect at the conclusion of remedial action, for use of the site without radiological restrictions. This certification of compliance provides assurance that reasonably foreseeable future use of the site will result in no radiological exposure above radiological guidelines, in effect at the conclusion of the remedial action, for protecting members of the general public as well as occupants of the site.

Property owned by: David L. Tolbert,
B&T Metals Company, P.O. Box

163520, 425 West Town Street,
Columbus, Ohio 43216-3520

Issued in Oak Ridge, TN, on June 13, 2001.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL01-92-000]

Bangor Hydro-Electric Company, Complainant, v. ISO New England Inc. Respondent; Notice of Complaint

June 20, 2001.

Take notice that on June 15, 2001, Bangor Hydro-Electric Company (Bangor Hydro) tendered for filing a complaint in which Bangor Hydro petitions the Commission to issue an order directing that ISO New England Inc. (ISO-NE or the ISO) recalculate the market clearing prices affected by the design flaw in the Electronic Dispatch software from when the software was implemented on December 9, 2000 through late March 2001.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests must be filed on or before July 5, 2001. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222) for assistance. Answers to the complaint shall also be due on or before July 5, 2001. Comments, protests and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

Linwood A. Watson, Jr.,

Acting Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP01-388-001]

Northern Border Pipeline Company; Notice of Compliance Tariff Filing

June 19, 2001.

Take notice that on June 15, 2001 Northern Border Pipeline Company (Northern Border) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets to become effective June 1, 2001:

First Revised Sheet Number 183
First Revised Sheet Number 185
First Revised Sheet Number 189
First Revised Sheet Number 190
First Revised Sheet Number 191

Northern Border states that the purpose of this filing is to comply with the Commission's order dated May 31, 2001, 95 FERC 61,320 (May 31 Order), wherein the Commission directed Northern Border to file compliance tariff sheets for Rate Schedule PAL.

Northern Border states that copies of this filing have been sent to all parties of record in this proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP97-255-025]

TransColorado Gas Transmission Company; Notice of Compliance Filing

June 19, 2001.

Take notice that on May 31, 2001, TransColorado Gas Transmission Company (TransColorado) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, Twenty-Fifth Revised Sheet No. 21 and Twenty-First Revised Sheet No. 22, with an effective date of June 1, 2001.

TransColorado states that the filing is being made in compliance with the Commission's letter order issued March 20, 1997, in Docket No. RP97-255-000.

TransColorado states that the tendered tariff sheets revise its tariff to reflect one amended negotiated-rate contract with National Fuel Marketing Company, and two new negotiated-rate contracts with Red Cedar Gathering Company and El Paso Merchant Energy, L.P. In addition, the tendered tariff sheets reflect the deletion of one expired contract.

TransColorado stated that a copy of this filing has been served upon all parties to this proceeding, TransColorado's customers, the Colorado Public Utilities Commission and the New Mexico Public Utilities Commission.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before June 26, 2001. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web
