

13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial and direct effect on one or more Indian tribes, on the relationship between the Federal Governments and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those costs. This rule will not impose an unfunded mandate.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

We considered the environmental impact of this rule and concluded that, under figure 2–1, paragraph (34)(h), of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation. Special local regulations issued in conjunction with a regatta or marine parade are specifically excluded from further analysis and documentation under that section. A "Categorical Exclusion Determination" is available in the docket where indicated under ADDRESSES.

List of Subjects in 33 CFR Part 100

Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 100 as follows:

PART 100—MARINE EVENTS

1. The authority citation for Part 100 continues to read as follows:

Authority: 33 U.S.C. 1233 through 1236; 49 CFR 1.46; 33 CFR 100.35.

2. A temporary § 100.35–T05–029 is added to read as follows:

§ 100.35–T05–029 Patuxent River, Solomons, Maryland.

(a) *Regulated area.* All waters of the lower Patuxent River, enclosed within the arc of a circle 400-yards in diameter with the center at latitude 38°19'04.4" N, longitude 076°27'42.5" W. All coordinates reference Datum NAD 1983.

(b) *Coast Guard Patrol Commander.* The Coast Guard Patrol Commander is a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the Commander, Coast Guard Activities Baltimore.

(c) *Official Patrol.* The Official Patrol is any commissioned, warrant, or petty officer of the Coast Guard on board a vessel displaying a Coast Guard ensign.

(d) *Special local regulations.*

(1) Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

(2) The operator of any vessel in the regulated area shall:

(i) Stop the vessel immediately when directed to do so by any official patrol.

(ii) Proceed as directed by any official patrol.

(e) *Effective dates.* This section is effective from 8:30 p.m. to 10 p.m. eastern time on July 4, 2001.

Dated: 21 June 2001.

J.E. Shkor,

Vice Admiral, U.S. Coast Guard, Commander, Fifth Coast Guard District.

33 CFR Part 100

[CGD 05–01–033]

Special Local Regulations for Marine Events; Approaches to Annapolis Harbor, Spa Creek, and Severn River, Annapolis, MD

AGENCY: Coast Guard, DOT.

ACTION: Notice of implementation.

SUMMARY: The Coast Guard is implementing the special local regulations at 33 CFR 100.511 during a fireworks display to be held July 4, 2001, over the waters of Spa Creek and the Severn River, near the U.S. Naval Academy, Annapolis, Maryland. These special local regulations are necessary to control vessel traffic due to the confined nature of the waterway and expected vessel congestion during the fireworks display. The effect will be to restrict general navigation in the regulated area for the safety of spectators and vessels transiting the event area.

EFFECTIVE DATES: 33 CFR 100.511 is effective from 8:30 p.m. eastern time on July 4, 2001 to 11 p.m. eastern time on July 5, 2001.

FOR FURTHER INFORMATION CONTACT: Lieutenant Dulani Woods, Marine Events Coordinator, Commander, Coast Guard Activities Baltimore, 2401 Hawkins Point Road, Baltimore, MD 21226–1971, (410) 576–2513.

SUPPLEMENTARY INFORMATION: The City of Annapolis will sponsor a fireworks display on July 4, 2001 over the waters of Spa Creek and the Severn River, near the U.S. Naval Academy, Annapolis, Maryland. The temporary special local regulations will be enforced from 8:30 p.m. to 11 p.m. eastern time on July 4, 2001. If the event is postponed due to weather conditions, the temporary special local regulations will be enforced from 8:30 p.m. to 11 p.m. eastern time on July 5, 2001. The fireworks display will be launched from a barge positioned within the regulated area. A fleet of spectator vessels is expected to gather nearby to view the aerial display. In order to ensure the safety of spectators and transiting vessels, 33 CFR 100.511 will be in effect

for the duration of the event. Under provisions of 33 CFR 100.511, a vessel may not enter the regulated area unless it receives permission from the Coast Guard Patrol Commander. Spectator vessels may anchor outside the regulated area but may not block a navigable channel.

In addition to this notice, the maritime community will be provided extensive advance notification via the Local Notice to Mariners, marine information broadcasts, and area newspapers, so mariners can adjust their plans accordingly.

Dated: June 21, 2001.

J.E. Shkor,

*Vice Admiral, U.S. Coast Guard Commander,
Fifth Coast Guard District.*

33 CFR Part 117

[CGD08-01-013]

Drawbridge Operating Regulation; Sabine Lake, TX

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District has issued a temporary deviation from the regulation in governing the operation of the State Route 82, swing span bridge across Sabine Lake, mile 10.0 at Port Arthur, Texas. This deviation allows the State of Texas, Department of Transportation to close the bridge to navigation from 5 a.m. on July 9, 2001 through 9 p.m. on July 27, 2001. Presently, the draw is required to open on signal except that from 9 p.m. to 5 a.m., the draw shall open on signal if at least six hours notice is given to the Maintenance Construction Supervisor or the Maintenance Foreman at Port Arthur. This temporary deviation was issued to allow the replacement of mechanical and electrical equipment and switching over power and control to the recently constructed new control house.

DATES: This deviation is effective from 5 a.m. on July 9, 2001 through 9 p.m. on July 27, 2001.

ADDRESSES: Unless otherwise indicated, documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (ob), 501 Magazine Street,

New Orleans, Louisiana, 70130-3396. The Bridge Administration Branch maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: David Frank, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The State Route 82, swing span bridge across Sabine Lake, mile 10.2, near Port Arthur, Texas, has a vertical clearance of 9 feet above high water in the closed-to-navigation position and unlimited clearance in the open-to-navigation position. Navigation on the waterway consists primarily of fishing vessels, and recreational craft, although the bridge is occasionally transited by small tugs with tows, transporting sand, gravel and marine shells. The State of Texas, Department of Transportation requested a temporary deviation from the normal operation of the drawbridge in 33 CFR 117.979 in order to accommodate the maintenance work, involving construction of a new operator house and replacement of the submarine power supply cable and other electrical and mechanical repairs. This maintenance is necessary for the continued operation of the bridge. An alternate route via the Gulf Intracoastal Waterway is available.

This deviation allows the draw of the State Route 82 Bridge swing span drawbridge across Sabine Lake, mile 10.0, to remain closed to navigation from 5 a.m. on July 9, 2001 through 9 p.m. on July 27, 2001.

Dated: June 21, 2001.

Roy J. Casto,

RADM, USCG Commander, 8th CG District.

RIN 2115-AA97

Safety Zone; Summerfest 2000— Harbor Island Lagoon Activities, Milwaukee, Wisconsin

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone which encompasses all of the Harbor Island Lagoon area in Milwaukee Harbor. This safety zone is necessary to protect personnel and property

associated with Summerfest's Hole-In-One Golf Shoot as well as waterborne stunt/skill shows. This safety zone is intended to restrict vessel traffic from the waters of Harbor Island Lagoon.

DATES: This regulation is effective from 6 a.m. (CST) on June 28, 2001, through 12 midnight (CST) on July 12, 2001.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket CGD09-01-047 and are available for inspection or copying at Marine Safety Office (MSO) Milwaukee between 7 a.m. CST and 3:30 p.m. CST, Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LCDR Timothy Sickler, Port Operations Chief, MSO Milwaukee, 2420 S. Lincoln Memorial Drive, Milwaukee, WI 53207. The phone number is (414) 747-7155

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM, and, under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The permit application did not allow sufficient time for publication of an NPRM followed by a temporary final rule effective 30 days after publication. Any delay of the effective date of this rule would be contrary to the public interest due to the known hazards associated with the waterborne stunt/skill shows being performed in the Harbor Island Lagoon area and the possible loss of life, injury, and damage to property.

Background and Purpose

This safety zone is established to safeguard the public from hazards associated with the waterborne stunt/skill shows being performed in the Harbor Island Lagoon area. The size of the zone was determined by using previous experiences with waterborne stunt/skill shows in the Captain of the Port Milwaukee zone and local knowledge about wind, waves, and currents in this particular area.

The safety zone will be in effect from Thursday, June 28, 2001, at 6 a.m. (CST) through Thursday, July 12, 2001, at 12:00 midnight (CST) for the following coordinates: from 43° 02.015'N, 087° 53.767'W, on the Harbor Island point across the channel to 43° 02.058'N, 087° 53.841'W at the Summerfest Dock. The entire Harbor Island Lagoon will be secured for the duration of the festival.
