

Washington 98133-9710, Telephone: (206) 440-4691, or Len Pavelka, City of Bellevue Senior Transportation Planner, PO Box 90012, Bellevue, Washington 98009-9012 (425) 452-2035.

SUPPLEMENTARY INFORMATION: The FHWA, with the co-lead agencies of the Washington State Department of Transportation (WSDOT) and the city of Bellevue, issued a Notice of Intent on May 9, 1997 to prepare an EIS on a proposal to provide additional eastbound and westbound access to SR 520 between Interstate 405 and 148th Avenue NE in Bellevue, Washington.

Following an alternative screening process, the Bellevue City Council acted on October 23, 2000 upon a recommendation by the project Interdisciplinary team and confirmed the selection of the "No Action" alternative as the preferred alternative for this project. Further work on the EIS was terminated.

The decision was based on three primary factors: (1) A review of the technical analysis summarized in the Transportation Technical Report revealed a very low benefit to cost relationship, (2) the analysis showed that the interchange alternatives at 124th Avenue NE and 130th Avenue NE would have a negligible effect on reducing congestion to meet the project purpose, and (3) the TransLake Washington EIS is evaluating long-term needs for SR 520. The EIS intends to evaluate interchanges between I-405 and Redmond. The TransLake Washington EIS may recommend widening or other interchange improvements to the corridor or recommendations that would be constrained by a new interchange in the Bel-Red area of SR 520.

Costs for the build alternatives were estimated to range from \$35 million to \$80 million. These latest cost estimates were substantially higher than previous estimates and exceeded available funds to construct any type of added access improvements to/from SR 520.

In further response to the Council action, the City removed the project from its short-range (6 year) Capital Investment Program. The City is also removing the project from its mid-range (12 year) transportation programming document, the Transportation Facilities Plan.

Authority: Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research, Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation of federal programs and activities apply to this program.

Issued on: June 27, 2001.

James A. Leonard,

Urban Transportation and Environmental Engineer, Olympia, Washington, for the Division Administrator.

BILLING CODE 4910-22-M

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Blacklands Railroad

[Docket Number FRA-2000-8366]

The Blacklands Railroad (BLR) of Sulphur Springs, Texas, has petitioned for a permanent waiver of compliance for one locomotive from the requirements of the Safety Glazing Standards, 49 CFR part 223, which requires certified glazing. BLR states that this locomotive is used in light switching service and operates over 65 miles of track from Greenville, Texas, through Commerce, Sulphur Springs, Texas. BLR also states that it has an additional 10 miles of trackage rights over the Union Pacific Railroad for interchange in its Mt. Pleasant yard. The average track speed is 10 to 15 mph with a maximum speed of 20 mph.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA-2000-8366) and must be submitted to the Docket Clerk, DOT Docket Management Facility, Room PL-401 (Plaza Level), 400 7th Street, S.W., Washington, D.C. 20590. Communications received within 45 days of the date of this notice will

be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9:00 a.m.—5:00 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's web site at <http://dms.dot.gov>.

Issued in Washington, D.C. on June 29, 2001.

Grady C. Cothen, Jr.,

Deputy Associate Administrator for Safety Standards and Program Development.

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Boone & Scenic Valley Railroad

[Docket Number FRA-2001-9607]

The Iowa Railroad Historical Society has petitioned on behalf of Boone & Scenic Valley Railroad for a permanent waiver of compliance from the requirements of the Railroad Safety Glazing Standards—Locomotives, Passenger Cars and Caboose, Title 49 Code of Federal Regulations § 223.11 which requires locomotives, other than yard locomotives, built or rebuilt prior to July 1, 1980, to be equipped with glazing which meets the requirements of appendix "A" of this part by June 30, 1984.

The Boone & Scenic Valley Railroad is a nonprofit railroad operating four locomotives, all of which are historic in nature. The locomotives will be used to switch approximately four freight cars a month to service two industries. The locomotives presently operate an excursion train over 11.95 miles of right-of-way northwest of Boone, Iowa and 1.66 miles of right-of way through Boone to the Boone Industrial Park. The Boone & Scenic Valley Railroad is connected to the Union Pacific Railroad

by a transfer that is guarded by a Union Pacific derail. Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Docket Number FRA-2001-9607) and must be submitted to the Docket Clerk, DOT Central Docket Management Facility, Room PL-401, Washington, D.C., 20590-0001. Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

RIN 2127-AI23

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Correction; extension of comment period.

SUMMARY: On June 4, 2001, we published a Notice reporting that we had submitted to OMB a request for an extension of a previously approved collection of information. That Notice is contained within document 01-13798 and is located at 66 FR 30046. The approved collection of information pertained to a statutorily-mandated rule requiring that any person who knowingly and willfully sells or leases

a defective or noncompliant tire for use on a motor vehicle, with actual knowledge that the manufacturer of the tire has notified its dealers of the defect or noncompliance, report that sale or lease to us.

The Notice published on June 4, 2001, contained several errors, which we believe require correction. The purpose of today's Notice is to notify the public of the errors and the correct information, and provide the public an additional thirty (30) days within which to submit any comments in relation to the collection of information and the requested extension. Specifically, the June 4, 2001 Notice is modified in the following ways:

Under the section labeled **SUPPLEMENTARY INFORMATION**, the text of the subsection labeled "Type of Request" should be changed to read: Extension of a currently approved collection for three years from the approval date.

In the same **SUPPLEMENTARY INFORMATION** section, the text of the subsection labeled "Abstract," should be replaced with the following text:

This information collection is statutorily mandated. NHTSA anticipates using the information collected to inform purchasers of those defective or noncompliant tires of the existence of the defect or noncompliance, to investigate sales and leases of tires that are defective or noncompliant, and/or facilitate the providing of a remedy to the purchasers of such tires. Respondents are expected to be tire dealers and retailers.

The text of the subsection labeled "Affected Public" located within the **SUPPLEMENTARY INFORMATION** portion of the Notice, should be replaced with the following text:

Any person who knowingly and willfully sells or leases a defective or noncompliant tire for use on a motor vehicle with actual knowledge that the manufacturer of the tire has notified dealers of the defect or noncompliance. Persons who sell or lease new or used motor vehicles equipped with defective or noncompliant tires are not subject to this reporting requirement with respect to vehicle sales. Motor vehicle lessors and rental companies are also excluded.

In light of the above changes, the comment period with respect to this action has been extended for an additional 30 days. Accordingly, all comments must be submitted on or before August 6, 2001. As requested in the June 4, 2001 notice, comments must be submitted to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Issued on: June 28, 2001.

Kenneth N. Weinstein,

Associate Administrator for Safety Assurance.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT

ACTION: Correction; extension of comment period.

SUMMARY: On June 13, 2001, we published a Notice to report that we had submitted to the Office of Management and Budget (OMB) a request for an extension of a previously approved collection of information. That notice is contained in notice document 01-14834, is located at 66 FR 31974, and has OMB control number 2127-0609. The approved collection of information pertained to a statutorily-mandated rule requiring NHTSA to establish by regulation what constitutes a "reasonable time" and a sufficient manner of "correction" under the Criminal Penalty Safe Harbor Provision in section 5 of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act (Pub. L. 106-414).

The Notice published on June 13, 2001, contained an error which we believe requires correction. The purpose of this Notice is to notify the public as to the error, to correct it, and to provide the public with an additional thirty (30) days within which to submit any comments in relation to the collection of information. Specifically, the Notice of June 13, 2001 is modified in the following manner:

On page 31975, in the fifth paragraph of the first column, the section labeled "Affected Public" was previously published with the following text: "foreign manufacturers of motor vehicles and motor vehicle equipment located outside of the United States, which are importing these items into the United States." This section should be changed to read as follows: "This collection of information would apply to any person who seeks a "safe harbor" from potential criminal liability under 49 U.S.C. 30170. Thus, the collection of information could apply to motor vehicle and motor vehicle equipment manufacturers, any officers or
