BILLING CODE 3410-110-M

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Current Industrial Reports (Wave II Voluntary).

Form Number(s): M327G, M331J, MQ311A, MQ325A, MQ325C, MQ325F, MQ335C, MA311D, MA333N, and MA335L.

Agency Approval Number: 0607-0206.

Type of Request: Revision of a currently approved collection.

Burden: 3,779 hours.

Number of Respondents: 2,723.

Avg Hours Per Response: 1.39.

Needs and Uses: The Census Bureau conducts a series of monthly, quarterly, and annual surveys as part of the Current Industrial Reports (CIR) program. The CIR program focuses primarily on the quantity and value of shipments of particular products and occasionally with data on production and inventories; unfilled orders, receipts, stocks and consumption; and comparative data on domestic production, exports, and imports of the products they cover. Government agencies, business firms, trade associations, and private research and consulting organizations use these data to make trade policy, production, and investment decisions.

Due to the large number of surveys conducted in the CIR program, for clearance purposes, the CIR surveys are divided into "waves." There are three waves and each wave contains a voluntary and mandatory clearance package, making 6 separate clearances. Each year, one wave (2 clearance packages) is submitted for review. Counterpart forms were added to supplement some monthly and quarterly surveys to collect annual information on a mandatory basis from respondents not participating in the more frequent voluntary collections. In this request, we are discontinuing MQ316A, "Footwear," due to budgetary reductions.

Affected Public: Business or other for-profit organizations.

Frequency: Quarterly, Monthly, and Annually.

Respondent's Obligation: Voluntary—monthly, quarterly, and annually; Mandatory (Annual Counterpart).

Legal Authority: Title 13, United States Code, Sections 182, 224, and 225.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at mclayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: July 3, 2001.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,
Office of the Chief Information Officer.*

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the SIPP which is a household-based survey designed as a continuous series of national panels. New panels are introduced every few years with each panel usually having durations of one to four years. Respondents are interviewed at 4-month intervals or "waves" over the life of the panel. The survey is molded around a central "core" of labor force and income questions that remain fixed throughout the life of the panel. The core is supplemented with questions designed to address specific needs, such as obtaining information on taxes, the ownership and contributions made to an Individual Retirement Account, Keogh, and 401K plans, examining patterns in respondent work schedules, and child care arrangements. These supplemental questions are included with the core and are referred to as "topical modules."

The SIPP represents a source of information for a wide variety of topics and allows information for separate topics to be integrated to form a single, unified database so that the interaction between tax, transfer, and other government and private policies can be examined. Government domestic-policy formulators depend heavily upon the SIPP information concerning the distribution of income received directly as money or indirectly as in-kind benefits and the effect of tax and transfer programs on this distribution. They also need improved and expanded data on the income and general economic and financial situation of the U.S. population. The SIPP has provided these kinds of data on a continuing basis since 1983 permitting levels of economic well-being and changes in these levels to be measured over time.

The 2001 Panel is currently scheduled for three years and will include nine waves of interviewing beginning February 2001. Approximately 50,000 households will be selected for the 2001 Panel, of which 37,500 are expected to be interviewed. We estimate that each household will contain 2.1 people, yielding 78,750 interviews in Wave 1 and subsequent waves. Interviews take 30 minutes on average. Three waves of interviewing will occur in the 2001 SIPP Panel during FY 2002. The total annual burden for 2001 Panel SIPP interviews would be 118,125 hours in FY 2002.

The topical modules for the 2001 Panel Wave 4 collect information about:
