[Docket No. CP01-391-000]

Clear Creek Storage Company, L.L.C.; Notice of Application

July 2, 2001.

Take notice that on June 22, 2001, Clear Creek Storage, L.L.C. (Clear Creek), 180 East 100 South, Salt Lake City, Utah 84111, filed an application pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Rules and Regulations, for authorization to convert two existing observation wells to withdrawal wells and construct the piping necessary to connect the two wells to the existing injection/withdrawal lateral, in order to increase the withdrawal capability of its storage reservoir within existing certificated volumes, all as more fully set forth in the application on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" from the RIMS Menu and follow the instructions (please call (202) 208-2222 for assistance).

Specifically, Clear Creek seeks to obtain authorization to convert Well Nos. 35-4B and 22-9B, located in its Clear Creek Field in Uinta County, Wyoming, from observation wells to withdrawal wells and construct and operate 336 feet of 4-inch diameter pipeline to connect Well No. 35-4B to the existing injection/withdrawal lateral and 1,000 feet of 4-inch diameter pipeline to connect Well No. 22-9B to the existing injection/withdrawal lateral.

Clear Creek states that the purpose of the proposed construction is to benefit existing customers by providing necessary redundancy in reservoir withdrawal facilities, thereby enhancing the reliability of Clear Creek's storage-transportation system during normal withdrawal activities and in the event of

pipeline failure or route system maintenance.

Any questions regarding the application should be directed to Michael B. McGinley, Vice President, Clear Creek Storage Company, L.L.C., 180 East 100 South Street, P.O. Box 45601, Salt Lake City, Utah 84111, at (801) 324-2527.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before July 23, 2001, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters
