## FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 94-102; DA 01-1520]

### Petition for Reconsideration Regarding Allocation of Costs of E911 Implementation; Comments Invited

**AGENCY:** Federal Communications Commission.

**ACTION:** Solicitation of comments.

**SUMMARY:** This document invites comment on a Petition for Reconsideration (Petition) filed June 6, 2001, by four wireless carriers (Nextel Communications, Inc., Qwest Wireless, LLC, Verizon Wireless, and VoiceStream Wireless Corporation) operating in King County, Washington. The Petition challenges the Wireless Telecommunications Bureau's May 7, 2001 response to a letter from the E911 Program Manager for the King County, Washington E-911 Program Office concerning the proper allocation of E911 implementation costs. In that letter, the Bureau clarifies that the proper demarcation point for allocating costs between wireless carriers and Public Safety Answering Points (PSAPs) is the input to the 911 Selective Router maintained by the Incumbent Local Exchange Carrier. The petitioners argue, among other things, that King County's request constituted an untimely request for reconsideration of the Second Memorandum Opinion and Order (64 FR 72951, December 29, 1999) in the ongoing E911 proceeding and an impermissible collateral attack on the Commission's decisions in that proceeding; that the Bureau's decision exceeds its delegated authority; and that the scope of the inquiry and conclusion reached require a notice-and-comment rulemaking proceeding. The full text of the petition is available for public inspection during regular business hours in the FCC Public Reference Room, Room CY-A257, 445 12th Street, SW., Washington, DC 20554. Pursuant to 47 CFR 1.1200(a), this proceeding is designated as a "permit but disclose" proceeding and subject to § 1.1206 of the Commission's rules. Presentations to or from Commission decision making personnel are permissible, provided that *ex parte* presentations are disclosed pursuant to 47 CFR 1.1206(b).
