

SUMMARY: The following public lands in Phillips County, Montana, have been examined and classified for lease to Phillips County under the provisions of the Recreation and Public Purposes Act, as amended (43 U. S. C. 869 *et seq.*). The lands were examined and classified in response to a Recreation and Public Purposes Act application, MTM-90869, filed on April 9, 2001, by Phillips County, who is proposing to use the lands to construct and maintain an amphitheater to be known as the Lewis and Clark Amphitheater.

Principal Montana Meridian

T. 25 N., R. 25 E.,
Sec. 17, block 8, lot 10.

Containing 2.62 acres more or less.

The lands are located within the townsite of Zortman, Montana, which is currently segregated from all forms of mineral entry. Issuance of a Recreation & Public Purposes lease is consistent with the Phillips Resource Area Resource Management Plan, dated September 1994, and is in the public interest.

The lease, when issued, will be subject to the following terms, conditions and reservations:

1. Provisions of the Recreation and Public Purposes Act and to all applicable regulations of the Secretary of the Interior.

2. All valid existing rights documented on the official public land records at the time of lease issuance.

3. The rights-of-way for telephone and electrical power purposes granted to Triangle Telephone Cooperative Inc., MTM-00999, and Big Flat Electric Cooperative Inc., MTM-00997.

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Malta Field Office, 501 South 2nd Street East, HC 65, Box 5000, Malta, Montana 59538-0047.

Upon publication of this notice in the **Federal Register**, the lands will be segregated from all other forms of appropriation under the public land laws, except for lease under the Recreation and Public Purposes Act. For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested persons may submit comments regarding the proposed classification and lease of the lands to the Field Office Manager, Malta Field Office 501 South 2nd Street East, HC 65, Box 5000, Malta, Montana 59538-0047.

Classification Comments: Interested parties may submit comments involving the suitability of the land for use as an amphitheater. Comments on the classification are restricted to whether

the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning or if the use is consistent with State and Federal programs.

Public comments submitted for this notice of realty action, including names and street addresses of respondents, will be available for public review at the Malta Field Office during regular business hours (7:45 a.m. to 4:30 p.m.), Monday through Friday, except holiday. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives of officials of organizations or businesses, will be made available for public inspection in their entirety.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the Bureau of Land Management followed proper administrative procedures in reaching the decision or any other factor not directly related to the suitability of the land for amphitheater.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication of this notice in the **Federal Register**.

Bruce W. Reed,

Malta Field Office Manager.

Minerals Management Service

Notice of Availability of the Final Environmental Impact Statement (EIS) for Outer Continental Shelf (OCS), Eastern Gulf of Mexico Region (GOM), Proposed Sale 181

AGENCY: Minerals Management Service, Interior.

ACTION: Notice of availability of the final EIS on proposed eastern GOM Sale 181.

SUMMARY: The MMS has prepared a final EIS on a proposed OCS oil and gas lease sale in the Eastern GOM. This proposed

sale is the only Eastern GOM sale scheduled during the current 5-Year Oil and Gas Leasing Program and the first proposed sale in the Eastern GOM since 1988.

FOR FURTHER INFORMATION CONTACT:

Questions concerning the final EIS should be directed to Mr. Archie Melancon, Minerals Management Service, Branch of Environmental Assessment, 381 Elden Street, MS-4042, Herndon, Virginia 20170-4817. He may be reached by telephone at (703) 787-1547.

SUPPLEMENTARY INFORMATION: This EIS addresses a proposed Federal action that offers for lease areas on the GOM OCS that may contain economically recoverable oil and gas resources.

Proposed 2001 Eastern Gulf Sale 181 includes lease blocks in the Eastern Planning Area (EPA). The proposed sale is scheduled for December 2001 and would offer for lease 256 blocks in the EPA. At present, 23 blocks within this area are under lease. This area includes about 1.475 million acres located 100 to 200 miles offshore in water depths ranging from 1,600 to 2,926 meters (5,075 to 9,600 feet). The blocks in the EPA outside of the proposed Lease Sale 181 area are excluded from consideration. It is estimated that the proposed action could result in the production of 15 to 115 million barrels of oil and 225 to 750 billion cubic feet of gas. The MMS does not expect all offered blocks to be leased. Of the blocks that will be leased, only a portion would be expected to be drilled and result in subsequent production.

EIS Availability

You may obtain single copies of the final EIS from the Minerals Management Service, Gulf of Mexico OCS Region, Attention: Public Information Office MS-5034), 1201 Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123-2394 or by calling 1-800-200-GULF.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Central Valley Project Improvement Act, Criteria for Evaluating Water Management Plans

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability.

SUMMARY: To meet the requirements of the Central Valley Project Improvement Act (CVPIA) of 1992 and the Reclamation Reform Act of 1982, the Bureau of Reclamation (Reclamation) developed and published the Criteria for Evaluating Water Conservation Plans (Criteria). Contra Costa Water District has developed a Water Management Plan (Plan), which Reclamation has evaluated and preliminarily determined to meet the requirements of these Criteria. Reclamation is publishing this notice to allow the public to comment on the preliminary determinations. Public comment on Reclamation's preliminary (i.e., draft) determination of Contra Costa Water District's Plan is invited at this time.

DATES: All public comments must be received by August 9, 2001.

ADDRESSES: Please e-mail comments to Lucille Billingsley, Bureau of Reclamation, 2800 Cottage Way, Sacramento, California, or lbillingsley@mp.usbr.gov.

FOR FURTHER INFORMATION CONTACT: To be placed on a mailing list for any subsequent information, please contact Lucille Billingsley at the e-mail address above, or by telephone at (916) 978-5215 (TDD 978-5608).

SUPPLEMENTARY INFORMATION: We are inviting the public to comment on our preliminary (i.e., draft) determination of the adequacy of Contra Costa Water District's Plan. Section 3405(e) of the CVPIA (Title 34 Public Law 102-575), requires the Secretary of the Interior to establish and administer an office on Central Valley Project water conservation best management practices that shall * * * develop criteria for evaluating the adequacy of all water conservation plans developed by project contractors, including those plans required by section 210 of the Reclamation Reform Act of 1982. "Also, according to section 3405 (e)(1), these criteria will be developed * * * with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices."

These Criteria states that all parties (Contractors) that contract with
