

summary of the services to be provided, and (3) a description of the coordination planned with the appropriate State or local health agencies. Copies of the letters forwarding the PHSIS to these authorities must be contained in the application materials submitted to the Office of Disease Prevention and Health Promotion.

State Reviews

This program is subject to the requirements of Executive Order 12372 which allows States the option of setting up a system for reviewing applications from within their States for assistance under certain Federal programs. The application kit available under this notice will contain a list of States which have chosen to set up a review system and will include a State Single Point of Contact (SPOC) in the State for review. Applicants (other than federally recognized Indian tribes) should contact their SPOCs as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. The due date for State process recommendations is 60 days after the application deadline established by the Office of Disease Prevention and Health Promotion's Acting Grants Management Officer. The Office of Disease Prevention and Health Promotion does not guarantee that it will accommodate or explain its responses to State process recommendations received after that date. (See "Intergovernmental Review of Federal Programs" Executive Order 12372 and 45 CFR part 100 for a description of the review process and requirements).

Dated: July 3, 2001.

Randolph F. Wykoff,

Deputy Assistant Secretary for Health (Disease Prevention and Health Promotion), Director, Office of Disease Prevention and Health Promotion.

Agency for Toxic Substances and Disease Registry

Community and Tribal Subcommittee of the Board of Scientific Counselors, Agency for Toxic Substances and Disease Registry: Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act

(Pub. L. 92-463), the Agency for Toxic Substances and Disease Registry (ATSDR) announces the following subcommittee and committee meetings.

Name: Community and Tribal Subcommittee.

Times and Dates: 9 a.m.–5 p.m., July 27, 2001; 8:30 a.m.–4:30 p.m., July 28, 2001.

Place: Reno Hilton Hotel, 2500 E. Second Street, Reno Nevada 89595.

Status: Open to the public, limited by the available space.

The meeting room accommodates approximately 50 people.

Purpose: This subcommittee brings to the Board advice, citizen input, and recommendations on community and tribal programs, practices, and policies of the Agency.

Matters to be Discussed: Agenda items include a discussion of the ATSDR draft document "Public Health Reviews of Hazardous Waste Thermal Treatment Technologies;" an update on Action Items and Recommendations; an update by the CTS on the Task Force progress report and interactive session, and a discussion on the future activities of the Task Force.

Written comments are welcomed and should be received by the contact person listed below prior to the opening of the meeting.

Agenda items are subject to change as priorities dictate.

Contact Person For More Information: Robert Spengler, Executive Secretary, BSC, ATSDR contact, ATSDR, M/S E-28, 1600 Clifton Road, NE, Atlanta, Georgia 30333, telephone 404/498-0003.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Dated: July 10, 2001.

John Burckhardt,

Acting Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Centers for Disease Control and Prevention

[Program Announcement 01153]

Expansion of Prevention, Care and HIV/AIDS Surveillance With the Ministry of Public Health, Kingdom of Thailand; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2001 funds for a cooperative agreement program with the Kingdom of Thailand, Ministry of Public Health (MOPH) for the improvement and expansion of prevention activities, care and surveillance, and targeting HIV/AIDS and HIV/AIDS-related conditions in Thailand.

The purpose of this cooperative agreement is to improve and expand in Thailand: (1) HIV transmission prevention capacity (e.g., MTCT, heterosexual, homosexual, and blood-borne), (2) care and support services for persons living with HIV/AIDS (e.g., psychosocial support, enhancing opportunistic infection prevention and treatment, and monitoring use of antiretroviral drugs), and (3) surveillance efforts, including laboratory-based surveillance activities (e.g., STDs, TB and other opportunistic infections, and drug-resistant HIV strains), which will be accomplished through cooperation between CDC and the Thai MOPH.

The U.S. Government seeks to reduce the impact of HIV/AIDS and related conditions in specific countries within sub-Saharan Africa, Asia, and the Americas through its Leadership and Investment in Fighting an Epidemic (LIFE) initiative. Through this program, CDC has initiated its Global AIDS Program (GAP) to strengthen capacity and expand activities in the areas of (1) HIV primary prevention; (2) HIV care, support, and treatment; and (3) capacity and infrastructure development, especially for surveillance. Targeted countries represent those with the most severe epidemics and the highest number of new infections. They also represent countries where the potential for impact is greatest and where U.S. Government agencies are already active. Thailand is one of these targeted countries.

To carry out its activities in these countries, CDC is working in a collaborative manner with national
