TransColorado Gas Transmission Company; Notice of Tariff Filing

July 10, 2001.

Take notice that on July 3, 2001, TransColorado Gas Transmission Company (TransColorado) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheets, to be effective August 1, 2001:

Fifth Revised Sheet No. 102

Fourth Revised Sheet No. 112

Sixth Revised Sheet No. 200

Second Revised Sheet No. 244 and 245

Fourth Revised Sheet No. 246

First Revised Sheet Nos. 246A and 247B

Second Revised Sheet No. 265

First Revised Sheet No. 266

Second Revised Sheet No. 401 and 403

TransColorado is proposing to add a tiered cashout provision to its tariff to more appropriately link the cashout percentage penalty with the degree of the shipper's imbalance percentage. The proposed section will be added to TransColorado's Section 12.6, Cashout Procedures. This provision is in accordance with the Commission's Order No. 637 directive to provide a variety of imbalance provisions for Shippers.

Further, Section 12.10, Credit of Cashout Revenues, has been added to provide that cashout revenues in excess of cashout-related costs will be credited to firm shippers in proportion to the reservation charges paid by each shipper during the annual period that the cashed out imbalance occurred.

TransColorado is also proposing a provision for the incidental purchase and sale of gas necessary to provide transportation services or maintain system integrity, including the implementation of the proposed cashout provisions. The flexibility to buy and sell gas is essential for TransColorado's prudent management of its system.

TransColorado states that a copy of this filing has been served upon TransColorado's customers, the Colorado Public Utilities Commission

and New Mexico Public Utilities Commission.
