

(f) *Can I comply with this AD in any other way?*

(1) You may use an alternative method of compliance or adjustment of the compliance time if:

(i) Your alternative method of compliance provides an equivalent level of safety; and
(ii) The Manager, Small Airplane Directorate, approves your alternative. Submit your request through an FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, Small Airplane Directorate.

(2) Alternative methods of compliance approved in accordance with AD 98-13-03, which is superseded by this AD, are approved as alternative methods of compliance with this AD.

Note 2: This AD applies to each airplane identified in paragraph (a) of this AD, regardless of whether it has been modified, altered, or repaired in the area subject to the requirements of this AD. For airplanes that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (f) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if you have not eliminated the unsafe condition, specific actions you propose to address it.

(g) *Where can I get information about any already-approved alternative methods of compliance?* Contact Mr. Doug Rudolph, Aerospace Engineer, FAA, Small Airplane Directorate, 901 Locust, Room 301, Kansas City, Missouri 64106; telephone: (816) 329-4059; facsimile: (816) 329-4090.

(h) *What if I need to fly the airplane to another location to comply with this AD?* The FAA can issue a special flight permit under sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate your airplane to a location where you can accomplish the requirements of this AD.

(i) *How do I get copies of the documents referenced in this AD?* You may obtain copies of the documents referenced in this AD from British Aerospace Regional Aircraft, Prestwick International Airport, Ayrshire, KA9 2RW, Scotland; telephone: (01292) 479888; facsimile: (01292) 671715. You may examine these documents at FAA, Central Region, Office of the Regional Counsel, 901 Locust, Room 506, Kansas City, Missouri 64106.

(j) *Does this AD action affect any existing AD actions?* This amendment supersedes AD 98-13-03, Amendment 39-10591.

Issued in Kansas City, Missouri, on July 11, 2001.

Michael K. Dahl,

Acting Manager, Small Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-U

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[IN137-1b; FRL-7003-9]

Approval and Promulgation of Implementation Plans; Indiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to particulate matter (PM) emissions regulations for Cerestar USA, Inc. (Cerestar). Cerestar is located in Lake County, Indiana. The Indiana Department of Environmental Management (IDEM) submitted the revised regulations on February 16, 2001, as amendments to its State Implementation Plan (SIP). The revisions include the elimination of 18 emission points, the addition of 39 new emission points, and a change in the way the short term emission limits are expressed (from pounds of particulate matter per ton of product to grains per dry standard cubic foot). The revision also changes the name of the facility listed in the rules from American Maize Products (AMAIZO) to Cerestar USA, Inc. These SIP revisions result in an overall decrease in allowed PM emissions of about 48 tons per year (tpy). An air quality modeling analysis conducted by IDEM shows that this SIP revision will not have an adverse effect on PM air quality.

DATES: EPA must receive written comments on this proposed rule by August 17, 2001.

ADDRESSES: You should mail written comments to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

You may inspect copies of the State submittal and EPA's analysis of it at: Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Matthew Rau, Environmental Engineer, Regulation Development Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6524.

SUPPLEMENTARY INFORMATION: Throughout this document wherever "we," "us," or "our" are used we mean EPA.

I. What Action is EPA Taking Today?

We are proposing to approve revisions to particulate matter (PM) emissions regulations for Cerestar. Cerestar is located in Lake County, Indiana. IDEM submitted the revised regulations on February 16, 2001, as amendments to its SIP. The revisions include the elimination of 18 emission points, the addition of 39 new emission points, and a change in the way the short term emission limits are expressed (from pounds of particulate matter per ton of product to grains per dry standard cubic feet). The revision also changes the name of the facility listed in the rules from American Maize Products (AMAIZO) to Cerestar USA, Inc. These SIP revisions result in an overall decrease in allowed PM emissions of about 48 tpy.

II. Where Can I Find More Information about This Proposal and the Corresponding Direct Final Rule?

For additional information see the direct final rule published in the rules section of this **Federal Register**.

Dated: June 13, 2001.

Gail Ginsberg,

Acting Regional Administrator, Region 5.
