OMB Control Number: 2900-0593.

Type of Review: Reinstatement, without change, of a previously approved collection for which approval has expired.

Abstract: VAAR Provision 852.214-70, Caution to Bidders “ Bid Envelopes, advises bidders that it is their responsibility to ensure that their bid price cannot be ascertained by anyone prior to bid opening. It also advises bidders to identify their bids by showing the invitation number and bid opening date on the outside of the bid envelope. The Government often furnished a blank bid envelope or a label for use by bidders/offers to identify their bids. The bidder is advised to fill in the required information. This information requested from bidders is needed by the Government to identify bid envelopes from other mail or packages received without having to open the envelopes or packages and possibly exposing bid prices before bid opening. The information will be used to identify which parcels or envelopes are bids and which are other routine mail. The information is also needed to help ensure that bids are delivered to the proper bid opening room on time and prior to bid opening.
