Privacy Act of 1974; Computer Matching Program

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, DOD.
ACTION: Notice of a computer matching program.

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The Department of Defense (DoD), as the matching agency under the Privacy Act, is hereby giving constructive notice in lieu of direct notice to the record subjects of a computer matching program between the Department of the Treasury and DoD that their records are being matched by computer. The record subjects are delinquent debtors of the Bureau of the Public Debt., Department of the Treasury, who are current or former Federal employees receiving any Federal salary or benefit payments and who are indebted or delinquent in their repayment of debts to the United States Government under certain programs administered by the Public Debt.

DATES: This proposed action will become effective August 20, 2001 and matching may commence unless changes to the matching program are required due to public comments or by

Congressional or by Office of Management and Budget objections. Any public comment must be received before the effective date.

ADDRESSES: Any interested party may submit written comments to the Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Suite 920, Arlington, VA 22202-4502.

FOR FURTHER INFORMATION CONTACT: Mr. Vahan Moushegian, Jr. at (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the Department of the Treasury and the Defense Manpower Data Center (DMDC) have concluded an agreement to conduct a computer matching program. The purpose of the match is to exchange personal data between the agencies for debt collection. The match will yield the identity and location of the debtors within the Federal Government so that the Bureau can pursue recoupment of the debt by voluntary payment or by administrative or salary offset procedures. Computer matching appeared to be the most efficient and effective manner to accomplish this task with the least amount of intrusion of personal privacy of the individuals concerned. It was therefore concluded and agreed upon that computer matching would be the best and least obtrusive manner and choice for accomplishing this requirement.

A copy of the computer matching agreement between the Department of the Treasury and DMDC is available to the public upon request. Requests should be submitted to the address caption above or to the Debt Collection Officer, Bureau of Public Debt, Hintgen Building, Room 114, P.O. Box 1328, Parkersburg, WV 26106-1328.

Set forth below is the notice of the establishment of the computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching published on June 19, 1989, at 54 FR 25818.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice was submitted on July 10, 2001, to the House Committee on Government Reform, the Senate Committee on Governmental Affairs, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (February 20, 1996, 61 FR 6427).
