All the requirements contained herein are necessary to implement the congressional mandate for universal service. These reporting requirements are necessary to calculate the contribution amount owed by each telecommunications carrier or to verify that particular carriers and other respondents are eligible to receive universal service support. The recordkeeping requirements should not be burdensome since most businesses ordinarily retain these types of documents. Obligation to respond: Mandatory.

Public reporting burden for the collections of information are as noted above. Send comments regarding the burden estimates or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, DC 20554.

### Petition for Waiver of E911 Phase II Rules; Comments Invited

**AGENCY:** Federal Communications Commission.

**ACTION:** Solicitation of comments.

**SUMMARY:** The document invites comment on a Petition for Waiver

(Petition) of the Commission's E911 Phase II rule filed July 6, 2001, by Cingular Wireless LLC (Cingular). Current Phase II rules require wireless carriers to begin to deploy the capability to identify the precise location of wireless 911 calls beginning on October 1, 2001, provided that certain conditions are met. This capability is called Phase II Automatic Location Identification (ALI). The Phase II rules establish deployment schedules and set accuracy and reliability requirements for both handset-based and network-based ALI technologies.

Cingular requested a waiver of Phase II rules to permit it to deploy a hybrid network and handset-base technology called Enhanced Observed Time Difference of Arrival (E-OTD) throughout its Global System for Mobile Communications (GSM) air interface network and a switch-based technology, similar to Mobile-Assisted Network Location System for its Time Division Multiple Access network.

The full text of the petition is available for public inspection during regular business hours in the FCC Public Reference Room, Room CY-A257, 445 12th Street, SW., Washington, DC 20554. Pursuant to 47 CFR 1.1200(a), this proceeding is designated as a "permit but disclose" proceeding and subject to § 1.1206 of the Commission's Rules. Presentations to or from Commission decision making personnel are permissible, provided that *ex parte* presentations are disclosed pursuant 47 CFR 1.1206(b).

Interested parties may file comments responding to the Petition on or before July 31, 2001, and reply comments on or before August 10, 2001. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. Comments filed through ECFS can be sent as an electronic file via the Internet to <http://www.fcc.gov/e-file/ecfs.html>. Only one copy of an electronic submission must be filed. In completing the transmittal screen, commenters should include their full name, postal service mailing address, and the applicable docket or rulemaking number of this proceeding.

Parties may also submit an electronic comment by Interest e-mail. To get filing instructions for e-mail comments, commenters should send an e-mail to [ecfs@fcc.gov](mailto:ecfs@fcc.gov), and should include the following words in the body of the message, "get form<your e-mail address>." A sample form and directions will be sent in reply. Parties who choose to file by paper must file an original and four copies of each filing.

**DATES:** Comments are due on or before July 31, 2001, and reply comments are due on or before August 10, 2001.

**ADDRESSES:** All filings must be sent to the Commission's Secretary, Magalie Roman Salas, Office of the Secretary, Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554. A copy should also be sent to Jennifer Salhus, Room 3A-131, Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554.

### Petition for Waiver of E911 Phase II Rules; Comments Invited

**AGENCY:** Federal Communications Commission.

**ACTION:** Solicitation of comments.

**SUMMARY:** The document invites comment on a Petition for Waiver (Petition) of the Commission's E911 Phase II rules, filed June 22, 2001, by Corr Wireless Communications, LLC (Corr). Current Phase II rules require wireless carriers to provide the precise location of wireless 911 calls to Public Safety Answering Points (PSAPs), a technological capability known as Automatic Location Identification (ALI). The rules permit wireless carriers to "phase-in" either a network-based or handset-based ALI technology. Handset-based solutions may be gradually phased in beginning October 1, 2001. Carriers employing network solutions are required to provide Phase II service to 50 percent of the PSAP's coverage area or population on October 1, 2001, or within six months of a PSAP request, whichever is later, and 100 percent of the PSAP's coverage area or population within a year thereafter.

Corr requested a temporary waiver of the Commission's Phase II rules to permit the carrier to deploy its network solution in conformity with its proposed graduated implementation schedule. Corr indicates that the Commission's six-month implementation deadline applicable to network-based solutions has been triggered by recent PSAP requests in its service area. According to Corr, the network solution is prohibitively expensive and a graduated
