

DEPARTMENT OF JUSTICE

[AAG/A Order No. 234-2001]

Privacy Act of 1974; System of Records

The Department of Justice proposes to modify the Controlled Substances Act Nonpublic Records System, JUSTICE/JMD-002. The primary purpose for establishing the system of records was to retain a nonpublic record as required by former section 404(b) of Public Law 91-513, the Controlled Substances Act, solely for use by the Federal courts in determining in subsequent proceedings, whether a person found guilty of violating that Act qualified for dismissal and discharge or for an expungement order under certain of the Act's provisions. That provision was removed from the Controlled Substances Act by the Sentencing Reform Act of 1984, Public Law 98-473, Title II, and incorporated in substantially identical form into a newly enacted provision of the criminal code, 18 U.S.C. 3607(b).

The Department now proposes to modify the system to reflect the appropriate authority for maintenance of the system. The routine use section of the system notice has been modified to delete unnecessary routine use disclosures.

In addition, the Department is revising the "System Location" and "System Manager and Address" sections to reflect a move of the system.

Title 5 U.S.C. 552a(e)(4) and (11) provide that the public be given 30 days in which to comment on the proposed routine uses. Any comments must be submitted in writing to Mary Cahill, Management Analyst, Management and Planning Staff, Justice Management Division, Department of Justice, Washington, DC 20530 by (30 days from publication of this notice).

As required by 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) implementing regulations, the Department of Justice has provided a report on the proposed changes to OMB and the Congress.

A modified system description is set forth below.
