Surface Transportation Board

[STB Finance Docket No. 34062]

C & C Railroad, Inc.—Reincorporation Exemption—C&C Railroad, LLC

C & C Railroad, Inc., a Class III rail carrier, and C&C Railroad, LLC, a noncarrier (collectively applicants), have filed a notice of exemption under 49 CFR 1180.2(d)(6) wherein C&C Railroad, Inc. will be merged with and into C&C Railroad, LLC.¹

The parties reported that they intended to consummate the transaction immediately following the effective date of the exemption. The earliest the transaction could have been consummated was July 2, 2001, 7 days after the exemption was filed.

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Section 11326(c), however, does not provide for labor protection for transactions under sections 11324 and 11325 that involve only Class III rail carriers. Because this transaction involves Class III rail carriers only, the Board, under the statute, may not impose labor protective conditions for this transaction. However, applicants have stated that they will provide their employees with the protections and benefits of *New York Dock Ry.—Control—Brooklyn Eastern Dist.*, 360 I.C.C. 60 (1979).

If the notice contains false or misleading information, the exemption

¹ C&C Railroad, LLC is a newly formed limited liability company organized by the shareholders of C & C Railroad, Inc. for the sole purpose of reincorporating in the State of Delaware. The separate existence of C & C Railroad, Inc. shall cease and C&C Railroad, LLC shall be the surviving entity. C&C Railroad, LLC will continue the operations formerly provided by C & C Railroad, Inc. See *C & C Railroad, Inc.—Operation Exemption—Centerpoint Properties, L.L.C.*, STB Finance Docket No. 33990 (STB served Jan. 17, 2001).

is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34062, must be filed with the Surface Transportation Board, Office of the Secretary, Case Control Unit, 1925 K Street, NW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Michael A. Abramson, Esq., 120 S. Riverside Plaza, Suite 1200, Chicago, IL 60606.

Decided: July 16, 2001.

By the Board, David M. Konschnik, Director, Office of Proceedings.

SUPPLEMENTARY INFORMATION:

Background

Since passage of the Customs Modernization provisions (107 Stat. 2170) contained in the North American Free Trade Agreement Implementation Act (Pub. L. 103-182, 107 Stat. 2057, December 8, 1993), the primary goal of the trade compliance process has been to maximize importer compliance with U.S. trade laws, while facilitating the importation and entry of admissible merchandise. To meet these challenges, Customs has extensively reviewed and sought to improve and redesign the trade compliance process using established business practices, re-engineered tools, and new methodologies that enhance service to importers without compromising the enforcement aspect of the Customs mission.

To this end, one of the methodologies that Customs has developed is the Compliance Assessment Process which has been subject to continual process improvement since its introduction (see § 163.11, Customs Regulations (19 CFR 163.11)). The Compliance Assessment Process allows Customs to determine the level of compliance based on an overall assessment of a company's import operations.

Also, Customs has under development a new program called the
