

and the southern boundary will be located 300 ft (91 m) from the most southern tip of Castro Rocks. The eastern boundary will be located 300 ft (91 m) from the most eastern tip of Castro Rocks, and the western boundary will be located 300 ft (91 m) from the most western tip of Castro Rocks. This exclusion zone will be restricted as a controlled access area and will be marked off with buoys and warning signs for the entire year.

Monitoring

NMFS will require CALTRANS to monitor the impact of seismic retrofit construction activities on harbor seals at Castro Rocks. Monitoring will be conducted by one or more NMFS-approved monitors. CALTRANS is to monitor at least one additional harbor seal haulout within San Francisco Bay to evaluate whether harbor seals use alternative haulout areas as a result of seismic retrofit disturbance at Castro Rocks.

The monitoring protocol will be divided into the Work Period Phase (August 1 through February 14) and the Closure Period Phase (February 15 through July 31). During the Work Period Phase and Closure Period Phase, the monitor(s) will conduct observations of seal behavior at least 3 days/week for approximately one tidal cycle each day at Castro Rocks. The following data will be recorded: (1) Number of seals and sea lions on site; (2) date; (3) time; (4) tidal height; (5) number of adults, subadults, and pups; (6) number of individuals with red pelage; (7) number of females and males; (8) number of molting seals; and (9) details of any observed disturbances. Concurrently, the monitor(s) will record general construction activity, location, duration, and noise levels. At least 2 nights/week, the monitor will conduct a harbor seal census after midnight at Castro Rocks. In addition, during the Work Period Phase and prior to any construction between piers 52 and 57, inclusive, the monitor(s) will conduct baseline observations of seal behavior at Castro Rocks and at the alternative site(s) once a day for a period of 5 consecutive days immediately before the initiation of construction in the area to establish pre-construction behavioral patterns. During the Work Period and Closure Period Phases, the monitor(s) will conduct observations of seal behavior, and collect appropriate data, at the alternative Bay harbor seal haulout at least 3 days/week (Work Period) and 2 days/week (Closure Period), during a low tide.

In addition, NMFS proposes to require that, immediately following the

completion of the seismic retrofit construction of the Bridge, the monitor(s) will conduct observations of seal behavior, at Castro Rocks, at least 5 days/week for approximately 1 tidal cycle (high tide to high tide) each day, for one week/month during the months of April, July, October, and January. At least 2 nights/week during this same period, the monitor will conduct an additional harbor seal census after midnight.

Reporting

CALTRANS will provide weekly reports to the Southwest Regional Administrator (Regional Administrator), NMFS, including a summary of the previous week's monitoring activities and an estimate of the number of harbor seals that may have been disturbed as a result of seismic retrofit construction activities. These reports will provide dates, time, tidal height, maximum number of harbor seals ashore, number of adults, sub-adults and pups, number of females/males, number of harbor seals with a red pelage, and any observed disturbances. A description of retrofit activities at the time of observation and any sound pressure levels measurements made at the haulout will also be provided. A draft interim report must be submitted to NMFS by April 30, 2002.

Because seismic retrofit activities are expected to continue beyond the date of expiration of this IHA (presumably under a new IHA), a draft final report must be submitted to the Regional Administrator within 90 days after the expiration of this IHA. A final report must be submitted to the Regional Administrator within 30 days after receiving comments from the Regional Administrator on the draft final report. If no comments are received from NMFS, the draft final report will be considered to be the final report.

CALTRANS will provide NMFS with a follow-up report on the post-construction monitoring activities within 18 months of project completion in order to evaluate whether haulout patterns are similar to the pre-retrofit haul-out patterns at Castro Rocks.

National Environmental Policy Act

NMFS prepared an Environmental Assessment (EA) in 1997 that concluded that the impacts of CALTRANS' seismic retrofit construction of the Bridge will not have a significant impact on the human environment. A copy of that EA, which includes the Finding of No Significant Impact is available upon request (see ADDRESSES).

Preliminary Conclusions

NMFS has preliminarily determined that the short-term impact of the seismic retrofit construction of the Bridge, as described in this document, should result, at worst, in the temporary modification in behavior by harbor seals and, possibly, by some California sea lions. While behavioral modifications, including temporarily vacating the haulout, may be made by these species to avoid the resultant visual and acoustic disturbance, this action is expected to have a negligible impact on the animals. In addition, no take by injury and/or death is anticipated, and harassment takes will be at the lowest level practicable due to incorporation of the mitigation measures mentioned previously in this document.

Proposed Authorization

NMFS proposes to renew an IHA to CALTRANS for the potential harassment of small numbers of harbor seals and California sea lions incidental to seismic retrofit construction of the Bridge, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated. NMFS has preliminarily determined that the proposed activity would result in the harassment of only small numbers of harbor seals and possibly California sea lions and will have no more than a negligible impact on these marine mammal stocks.

Information Solicited

NMFS requests interested persons to submit comments, information, and suggestions concerning this request (see ADDRESSES).

Dated: July 17, 2001.

Wanda L. Cain,

Acting Deputy Director, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF DEFENSE

Office of the Secretary

Proposed Collection; Comment Request

AGENCY: Defense Finance and Accounting Service.

ACTION: Notice.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Defense Finance and Accounting Service announces the proposed public information collection and seeks public comment on the provisions thereof.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by September 21, 2001.

ADDRESSES: Written comments and recommendations on the proposed information collection should be sent to, ATTN: DFAS-GAG/CL, Rodney Winn, Assistant General Counsel for Garnishment Operations, Defense Finance and Accounting Service—Cleveland, P.O. Box 998002, Cleveland, OH 44199-8002.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the above address, or call, Mr. Rodney Winn, (216) 522-5118.

Title, Associated Form, and OMB Number: Application for Former Spouse Payments From Retired Pay, DD Form 2293; OMB Number 0730-0008.

Needs and Uses: Under 10 U.S.C. 1408, state courts may divide military retired pay as property or order alimony and child support payment from that retired pay. The former spouse may apply to the Defense Finance and Accounting Service (DFAS) for direct payment of these monies by using DD Form 2293. This information collection is needed to provide DFAS the basic data needed to process the request.

Affected Public: Individuals and households.

Annual Burden Hours: 5130 hours.

Number of Respondents: 20,520.

Responses Per Respondent: 1.

Average Burden Per Response: 15 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The respondents of this information collection are spouses or former spouses of military members. The applicant submits a DD Form 2293 to the Defense Finance and Accounting Service (DFAS). The information from the DD Form 2293 is used by DFAS in processing the applicant's request as

authorized under 10 U.S.C. 1408. The DD Form 2293 was devised to standardize applications for payment under the Act. Information on the form is also used to determine the applicant's current status and contains statutory required certifications the applicant/former spouse must make when applying for payments.

Dated: July 10, 2001.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-08-M

DEPARTMENT OF DEFENSE

Office of the Secretary

Submission for OMB Review; Comment Request

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title, Form Number, and OMB Number: Nomination for Appointment to the United States Military Academy, Naval Academy, and Air Force Academy; DD Form 1870; OMB Number 0701-0026.

Type of Request: Extension.

Number of Respondents: 16,200.

Responses Per Respondent: 1.

Annual Responses: 16,200.

Average Burden Per Response: 30 minutes.

Annual Burden Hours: 8,100.

Needs and Uses: The information collection requirement is necessary in order to receive nominations from all Members of Congress, Vice President, Delegates to Congress, and the Governor and Resident Commissioner of Puerto Rico annually to each of the three service academies as legal nominating authorities. This information collection which results in appointments made to the academies is in compliance with 10 U.S.C. 4342, 6954, 9342, and 32 CFR 901. The completed form provides the required information for a nomination to be processed.

Affected Public: Individuals or Households.

Frequency: On Occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: Mr. Edward C. Springer.

Written comments and recommendations on the proposed

information collection should be sent to Mr. Springer at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

DOD Clearance Officer: Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing, WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302.

Dated: July 10, 2001.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Department of the Navy

Notice of Intent To Grant Exclusive Patent License; Richard Freund

AGENCY: Department of the Navy, DOD.

SUMMARY: The Department of the Navy hereby gives notice of its intent to grant a prospective license to Richard Freund to the Government-owned invention described in U.S. Patent Serial No. 06/076,174 entitled "Scheduling Framework for a Heterogeneous Computer Network," issued 13 June 2000.

DATES: Anyone wishing to object to the grant of this license must file written objections along with supporting evidence, if any, not later than August 7, 2001.

ADDRESSES: Written objections are to be filed with the Office of Patent Counsel, Space and Naval Warfare Systems Center, D0012, 53510 Silvergate Ave., Room 103, San Diego, CA 92152-5765.

FOR FURTHER INFORMATION CONTACT: Mr. Harvey Fendelman, Patent Counsel, Space and Naval Warfare Systems Center, Code D0012, 53510 Silvergate Ave., Room 103, San Diego, CA 92152-5765, telephone (619) 553-3001.
