

Because prior notice and opportunity for public comment are not required for this interim final rule by 5 U.S.C. 553, or any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are inapplicable.

An EA and Regulatory Impact Review (RIR) were drafted in support of the emergency rule. The RIR ensures that NMFS systematically and comprehensively considers all available alternatives so that the public welfare can be enhanced in the most efficient and cost effective way. This interim final rule adjusts a conversion ratio multiplier to reflect the upper limit of the range that was considered in the RIR analysis for the emergency rule. (See: Secretarial Emergency Action for the Deep-Sea Red Crab (*Chaceon quinquegens*) Fishery: Environmental Assessment/Regulatory Impact Review) This change is being made to respond to industry concerns that indicate their method of butchering at sea red crabs is different from that discussed in the EA, and results in a different recovery rate. Applying the revised multiplier to the current possession limit of 65,000 lbs (29.5 mt) could yield an equivalent possession limit of approximately 41,670 lb (18.9 mt), as compared to 37,791 lb (17.1 mt) with the 1.72 multiplier. This increase in landings will have a positive impact on those who butcher red crab at sea. The additional allowance of landings should have no impact on vessels that do not butcher at sea and on the overall total allowable catch level because the total weight of whole crabs harvested would remain the same. It is only the landings total that would change for the vessel(s) that butcher at sea. Thus, there should be no resulting loss in revenues for the rest of the fleet. No new information on landings is available since the preparation of the RIR. This interim final rule has been determined to be not significant for the purposes of E.O. 12866.

List of Subjects in 50 CFR Part 648

Fishing, Fisheries, Vessel permits, Reporting and recordkeeping requirements.

Dated: July 17, 2001.

William T. Hogarth,

Acting Assistant Administrator for Fisheries, National Marine Fisheries Service.

For the reasons set out in the preamble, 50 CFR part 648, subpart M, which is effective through November 14, 2001, is amended as follows:

PART 648—FISHERIES OF THE NORTHEASTERN UNITED STATES

1. The authority citation for part 648 continues to read as follows:

Authority: 16 U.S.C. 1801 *et seq.*

2. In § 648.265, paragraph (a) is suspended and paragraph (d) is added to read as follows:

§ 648.265 Possession and landing limits.

* * * * *

(d) A vessel or operator of a vessel that has been issued a valid LOA under this subpart may fish for, catch, possess, transport, land, sell, trade, barter, or process at sea up to 65,000 lb (29.5 mt) of whole red crab (including culls) or its equivalent, per fishing trip. For red crab meat-only, the equivalent weight of whole red crab is the weight of red crab meat multiplied by 4. For red crab parts other than whole or meat-only, the equivalent weight of whole red crab is the weight of red crab parts multiplied by 1.56.

§§ 648.262, 648.263, 648.265, and 648.268 [Amended]

3. In addition to the amendments set forth above, in the following sections, remove the words “§ 648.265(a)”, each time it appears, and add in its place the words “648.265 (d)”:

Section	Paragraph
648.262	(a)
648.263	(a)
648.265	(c)
648.268	(a) (1)
648.268	(a) (5)

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 010112013-1013-01; I.D. 071801D]

Fisheries of the Exclusive Economic Zone Off Alaska; Northern Rockfish in the Western Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for northern rockfish in the Western Regulatory Area of the Gulf of

Alaska (GOA). This action is necessary to prevent exceeding the 2001 total allowable catch (TAC) of northern rockfish in this area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 18, through 2400 hrs, A.l.t., December 31, 2001.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2001 TAC of northern rockfish for the Western Regulatory Area was established as 600 metric tons (mt) by the Final 2001 Harvest Specifications and Associated Management Measures for the Groundfish Fisheries Off Alaska (66 FR 7276, January 22, 2001).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2001 TAC for northern rockfish in the Western Regulatory Area will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 550 mt, and is setting aside the remaining 50 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for northern rockfish in the Western Regulatory Area of the GOA.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds that the need to immediately implement this action to avoid exceeding the 2001 TAC of northern rockfish for the Western Regulatory Area of the GOA constitutes good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(3)(B) and 50 CFR 679.20(b)(3)(iii)(A), as such procedures

would be unnecessary and contrary to the public interest. Similarly, the need to implement these measures in a timely fashion to avoid exceeding the 2001 TAC of northern rockfish for the Western Regulatory Area of the GOA constitutes good cause to find that the effective date of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 18, 2001.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 010112013-1013-01; I.D. 071801C]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Central Aleutian District of the Bering Sea and Aleutian Islands

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the Central Aleutian District of the Bering

Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2001 total allowable catch (TAC) of Pacific ocean perch in this area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 18, 2001, through 2400 hrs, A.l.t., December 31, 2001.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2001 TAC of Pacific ocean perch for the Central Aleutian District was established as 2,368 metric tons (mt) by the Final 2001 Harvest Specifications and Associated Management Measures for the Groundfish Fisheries Off Alaska (66 FR 7276, January 22, 2001).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2001 TAC for Pacific ocean perch in the Central Aleutian District will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 2,068 mt, and is setting aside the remaining 300 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached.

Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the Central Aleutian District of the BSAI.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds that the need to immediately implement this action to avoid exceeding the 2001 TAC of Pacific ocean perch for the Central Aleutian District of the BSAI constitutes good cause to waive the requirement to provide prior notice opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(3)(B) and 50 CFR 679.20(b)(3)(iii)(A), as such procedures would be unnecessary and contrary to the public interest. Similarly, the need to implement these measures in a timely fashion to avoid exceeding the 2001 TAC of Pacific ocean perch for the Central Aleutian District of the BSAI constitutes good cause to find that the effective date of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 18, 2001.
