

the association between specific behaviors and HIV prevalence, improved and more responsive systems of care, and strengthened aspects of the public health infrastructure.

B. Eligible Applicants

Assistance will be provided only to the MOHCW of GOZ. No other applications are solicited.

The MOHCW is the only appropriate and qualified organization to fulfill the requirements set forth in this announcement because:

1. The MOHCW is uniquely positioned, in terms of constitutional authority, mandate and ability to oversee and safeguard public health, and to collect and analyze information and disseminate surveillance and health system performance reports related to the prevalence and incidence of HIV/AIDS, HIV/AIDS-related conditions and other health issues.

2. The MOHCW has in place the central, provincial and district-based structures required to immediately engage in the activities listed in this announcement.

3. The MOHCW is directly responsible for the implementation, monitoring and evaluation of population-based HIV/AIDS prevention and care policies and services.

C. Availability of Funds

Approximately \$300,000 is available in FY 2001 to fund this agreement. It is expected that the award will begin on or about September 30, 2001 and will be made for a 12-month budget period within a project period of five years. Annual funding estimates may change. Continuation awards within the approved project period will be made on the basis of satisfactory progress as evidenced by required reports and the availability of funds.

Direct Assistance

Direct provision of equipment and supplies (e.g., vehicles, computer hardware/software, specific consumables & supplies) may be requested as direct assistance in lieu of a portion of this financial assistance.

Use of Funds

Funds received from this announcement may not be used for the direct purchase of drugs for the treatment of active TB disease.

Antiretroviral Drugs

Funds received from this announcement will not be used for the purchase of antiretroviral drugs for treatment of established HIV infection (with the exception of nevirapine in

PMTCT cases and with prior written approval), occupational exposures, and non-occupational exposures and will not be used for the purchase of machines and reagents to conduct the necessary laboratory monitoring for patient care.

Applicants may contract with other organizations under these cooperative agreements, however, applicants must perform a substantial portion of the activities (including program management and operations and delivery of prevention services for which funds are requested).

The costs that are generally allowable in grants to domestic organizations are likewise allowable to foreign institutions and international organizations, with the following exceptions:

Indirect Costs: With the exception of the American University, Beirut, the Gorgas Memorial Institute, and the World Health Organization, indirect costs will not be paid (either directly or through a sub-award) to organizations located outside the territorial limits of the United States or to international organizations regardless of their location.

All requests for funds, including the budget contained in the application, shall be stated in U.S. dollars. Once an award is made, the Department of Health and Human Services (DHHS) will not compensate foreign grantees for currency exchange fluctuations through the issuance of supplemental awards.

Needle Exchange

No funds appropriated under this Act shall be used to carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug.
