The EIS will describe the TAPS design features, mechanisms of impact, emissions and effluents, pollution prevention and waste management, monitoring (including surveillance and maintenance programs), spill prevention and response, and mitigation measures. The EIS will also address the indirect and cumulative impacts associated with oil and gas production, including future development on Alaska's North Slope, and shipment of those products to market. The EIS will include a statement of the purpose and need for the proposed action, including the contribution that the continued use of the TAPS to support North Slope oil production makes to the nation's oil supply, economy, balance of payments, and energy security. Applicable Federal, State, and local statutes and regulations, with international agreements, and required Federal and State permits, consultations, and notifications will be presented.

The public is encouraged to contact the BLM with information and comments on specific issues they believe should be addressed in the EIS. The agency requests information and comments on wildlife, subsistence, and other resources along the pipeline route and in areas indirectly impacted by the pipeline both on the North Slope and along marine transport routes associated with oil and gas development on Alaska's North Slope. The BLM seeks information and comments on the current and past operation of the TAPS and ideas for enhanced operation and maintenance.

Comments are also sought on potential conflicts with approved coastal management plans (CMPs) and other land use plans that may result from the BLM's decision on the renewal of the TAPS right-of-way. These comments should identify specific policies of concern as listed in CMPs or other plans, the nature of the conflicts foreseen, and steps that the BLM could take to avoid or mitigate the potential conflicts. Comments may be in terms of broad areas or restricted to specific areas of concern.

Dated: July 18, 2001.

Authorized Officer, Joint Pipeline Office.

Notice of Realty Action; Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The following land in Elko County, Nevada has been examined and identified as suitable for disposal by direct sale, including the mineral estate of no more than nominal value, excluding oil and gas and geothermal resources, under section 203 and section 209 of the Federal Land Policy and Management Act (FLPMA) of October 21, 1976 (43 U.S.C. 1713 and 1719) at no less than fair market value:

Mount Diablo Meridian, Nevada

T. 42 N., R. 60 E., Sec. 19, NW $\frac{1}{4}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$,
E $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$.

Comprising 15.00 acres, more or less.

The above described land is being offered as a direct sale to Lana J. and William H. Gibbs. The land will not be offered for sale until at least 60 days after the date of publication of this notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

Detailed information concerning this action is available for review at the Bureau of Land Management, Elko Field Office, 3900 E. Idaho Street, Elko, Nevada.

SUPPLEMENTARY INFORMATION: Disposal of the land is in conformance with the Wells Resource Management Plan. The land is not needed for any resource program and is not suitable for management by the Bureau or another Federal department or agency. The land is prospectively valuable for oil and gas and geothermal resources. Therefore, the mineral estate, excluding oil and gas and geothermal resources, will be conveyed simultaneously with the sale of the surface estate. Acceptance of the sale offer will constitute an application

to purchase the mineral estate having no more than nominal value, excluding oil and gas and geothermal resources. A non-refundable fee of \$50.00 will be required with the purchase money. Failure to submit the purchase money and the non-refundable filing fee for the mineral estate within the time frame specified by the authorized officer will result in cancellation of the sale.

Upon publication of this Notice of Realty Action in the **Federal Register**, the lands will be segregated from all forms of appropriation under the public land laws, including the mining laws, but not the mineral leasing laws or disposals pursuant to Sections 203 and 209 of FLPMA. The segregation shall terminate upon issuance of a patent or other document of conveyance, upon publication in the **Federal Register** of a Notice of Termination of Segregation, or 270 days from date of this publication, whichever ever occurs first.

The patent, when issued, will contain the following reservations to the United States:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States, Act of August 30, 1890, (43 U.S.C. 945).

2. Oil and gas and geothermal resources. A more detailed description of this reservation, which will be included in the patent document, is available for review at the Elko Field Office.

For a period of 45 days from the date of publication in the **Federal Register**, interested parties may submit comments to the Bureau of Land Management, Elko Field Office, 3900 E. Idaho Street, Elko, Nevada 89801. Any adverse comments will be evaluated by the State Director, who may sustain, vacate or modify this realty action and issue a final determination. In the absence of timely filed objections, this realty action will become a final determination of the Department of the Interior.

Dated: June 25, 2001.
