

orders on the book, gives such members and customers an inordinate advantage over other market participants. In addition, the Exchange believes that allowing electronically generated and communicated orders to be routed directly through the Exchange systems and to Auto-Ex would give customers with such electronic systems a significant advantage over specialists and registered traders. The Exchange represents that these circumstances reduce the incentive to engage in market making on the Exchange reducing liquidity and competition and could under cut the Exchange's business model.

Lastly, the Exchange notes that computer generated orders can still be sent to the Exchange for execution; however, they may not be sent for automatic execution through the Exchange's order routing system.⁶ Instead, such orders will be routed to the trading crowd and represented in open outcry.

2. Basis

The proposed rule change is consistent with Section 6(b) of the Act⁷ in general and furthers the objectives of Section 6(b)(5)⁸ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such

longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

(A) by order approve such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Changed by the American Stock Exchange LLC Withdrawing From the Joint-Exchange Options Plan

July 27, 2001.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,²

notice is hereby given that on June 28, 2001, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Amex proposes to withdraw its participation in the Joint-Exchange Options Plan ("JEOP") effective upon the approved by the Commission of the Options Listing Procedures Plan ("OLPP").

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Amex has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

In September 1991, the Commission approved the JEOP,³ which provided specific procedures for the selecting, listing, challenging, and arbitrating the eligibility of new standardized equity options. At the end of last year, the current options exchanges⁴ and the Options Clearing Corporations ("OCC") began discussions on replacing the JEOP.⁵ On January 11, 2001, the five

³ The Amex, Chicago Board Options Exchange, Inc. ("CBOE"), New York Stock Exchange, Inc., Pacific Exchange, Inc. ("PCX"), and Philadelphia Stock Exchange, Inc. ("Phlx") each filed the JEOP as a proposed rule change. See Securities Exchange Act Release No. 29698 (September 17, 1991) 56 FR 48594 (September 25, 1991).

⁴ The International Securities Exchange ("ISE"), which began trading standardized options in 2000, in adopted elements of the JEOP as part of its rules.

⁵ The Commission directed the Amex, the CBOE, the PCX, and the Phlx to amend the JEOP to eliminate advance notice to other markets of the intention to list a new or existing option; to eliminate any provisions of the JEOP that prevent a market from commencing to list or trade any option listed on another market or an option that another market has expressed an intent to list; and

² 17 CFR 2540.19b-4.

options exchanges and the OCC submitted the OLPP, which sets forth new procedures for the listing and trading of standardized options.⁶ In many instances the new procedures set forth in the OLPP conflict with procedures in the JEOP. On July 6, 2001, the Commission approved the OLPPP and its procedures now govern the listing and trading of standardized options.⁷ Therefore, participation in the JEOP is now unnecessary and inappropriate. Consequently, the Exchange proposes to withdraw from participation in the JEOP.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act⁸ in general and furthers the objectives of Section 6(b)(5)⁹ in particular in that it is designed to promote just and equitable principles of trade, remove impediments to a free and open market and a national market system, and protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Amex does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate; and the Exchange has given the Commission written notice of its intention to file the proposed rule change at least five business days prior to filing, or such

shorter time as designated by the Commission, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6)¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Exchange has requested that the Commission accelerate the operative date and to waive the five day pre-filing requirement so that the proposed rule change may take effect upon approval of the OLPP by the Commission. The Commission believes that it is consistent with the protection of investors and the public interest and therefore finds good cause to accelerate the operative date of the proposed rule change and to waive the five day pre-filing requirement. Acceleration of the operative date and waiving the pre-filing requirement will permit the Exchange to implement the OLPP without undue delay. For these reasons, the Commission finds good cause to designate that the proposal became operative immediately upon Commission approval of the OLPP.¹²

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Amex. All

submissions should refer to the File No. SR-Amex-2001-43 and should be submitted by August 24, 2001.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹³
