

The 2002 SPD is the fifth year of data collection using the same SPD core questions. The effect of welfare changes on children's behaviors and outcomes is a great concern to those evaluating welfare reform. Therefore, the 2002 data collection will include additional questions on the extended measures of child well-being, last asked during the 1999 data collection. The extended measures of child well-being questions cover parent/child interactions; frequency of specific cognitively-stimulating children activities; establishment of family routines; family conflict; behavior problems; and school engagement and attendance.

The history of SPD is as follows:

- During the 1997 SPD, we collected data using the Current Population Survey (CPS) March questionnaire. The CPS March questionnaire provided baseline income, work experience, and program participation ("core data") data for the period prior to the implementation of welfare reforms in 1996.
- During the 1998 and 2001 SPD, we collected the core data plus data from adolescents on their homelife, school, peers, and potential risk behaviors.
- During the 1999 SPD, we collected core data plus extended measures of child well-being. We will collect extended measures of child well-being data again in 2002.
- During the 2000 SPD, we collected core data plus a one-time topical module which collected the residential histories of children.

## II. Method of Collection

The SPD is a longitudinal study of welfare-related activities with the sample respondents originally selected from 1992 and 1993 SIPP panels. We conducted interviews in 1997, 1998, 1999, 2000, and 2001. We collect data from a nationally representative sample of the noninstitutionalized resident population living in the United States for all individuals, families, and households using a computer-assisted interviewing (CAI) instrument. Individuals who are at least 15 years of age at the time of the interview will be eligible to be in the survey.

We have scheduled a small sample of households for reinterview. The reinterview process assures that all households were properly contacted and that the data are valid.

#### Catalog of Federal Domestic Assistance (CFDA)

11.800 Minority Business Development Center Program.

#### Funding Availability

MBDA anticipates that a total of approximately \$800K will be available in FY 2002 for Federal assistance under this program. Applicants are hereby given notice that funds have not yet been appropriated for this program. In no event will MBDA or the Department of Commerce be responsible for proposal preparation costs if this program fails to receive funding or is canceled because of other agency priorities.

Financial assistance awards under this program may range from \$155,000 to \$338,750 in Federal funding per year based upon minority population, the size of the market and its need for MBDA resources. Applicants must submit project plans and budgets for

three years. The annual awards must have Scopes of Work that are clearly severable and can be easily separated into annual increments of meaningful work that will produce measurable programmatic objectives. Maintaining the severability of each annual funding request is necessary to ensure the orderly management and closure of a project in the event funding is not available for the second or third year continuation of the project. Projects will be funded for no more than one year at a time. Funding for subsequent years will be at the sole discretion of the Department of Commerce (DoC) and will depend on satisfactory performance by the recipient and the availability of funds to support the continuation of the project.

#### Geographic Service Areas

An operator must provide services to eligible clients within its specified geographic service area. MBDA has defined the service area for each award below. To determine its geographic service areas, MBDA uses states, counties, Metropolitan Areas (MA), which comprise metropolitan statistical areas (MSA), consolidated metropolitan statistical areas (CMSA), and primary metropolitan statistical areas (PMSA) as defined by the OMB Committee on MAs (see: attachment to OMB Bulletin 99-04, Revised Statistical Definitions of Metropolitan Areas (MAs) and Guidance on Uses of MA Definitions (June 30, 1999), found at <http://www.whitehouse.gov/OMB/inforeg/index.html>) and other demographic boundaries as specified herein. Services to eligible clients outside of an operator's specified service area may be requested, on a case-by-case basis, through the appropriate MBDA Regional Director and granted by the Grants Officer.

#### SUPPLEMENTARY INFORMATION:

##### Background

The Corporation is a federal government corporation, established by Congress in the 1993 amendments to the National and Community Service Act of 1990 (the Act) that engages Americans of all ages and backgrounds in service to communities. This service addresses the nation's education, public safety, environmental, or other human needs to achieve direct and demonstrable results with special consideration to service that affects the needs of children. In doing so, the Corporation fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service. The Corporation supports a range of national service programs including AmeriCorps, Learn and Serve America, and the National Senior Service Corps. The King Center for Nonviolent Social Change, Inc. also supports activities in honor of Dr. King's birth through the "Beloved Community." The "Beloved Community" is a network of partners, organizations and entities that promote the King Holiday or work of Dr. King by disseminating his philosophy, providing direct service, nonviolence training, education or programs ensuring the continuance of Dr. King's work. For more information about the Corporation and the programs it supports, go to <http://www.nationalservice.org>. For more information about the King Center, go to <http://www.thekingcenter.org>.

Section 12653(s) of the Act, as amended in 1994, authorizes the Corporation to make grants to share the cost of planning and carrying out service opportunities in conjunction with the federal legal holiday honoring the birthday of Martin Luther King, Jr. We will fund grants to support activities that will (1) get necessary things done in communities, (2) strengthen the communities engaged in the service activity, (3) reflect the life and teaching of Martin Luther King, Jr., (4) respond to one or more of the goals set forth at the Presidents' Summit for America's Future and include young people as service providers, not just recipients of service, and (5) begin or occur in
