

Purchasers must be U.S. citizens, 18 years of age or older, a state or state instrumentality authorized to hold property, or a corporation authorized to own real estate in the state in which the land is located.

The land is being offered to Amvesco, Inc., dba Western Pioneer Title Co., using the direct sale procedures authorized under 43 CFR 2711.3-3. Direct sale is appropriate since the land is part of a survey hiatus identified by cadastral survey in 1999 and has been inadvertently occupied and utilized for many years as a county road and portions of five residential yards pursuant to private deeds. Direct sale will resolve the title conflicts and unauthorized use while preserving the occupants' equity in the property.

The terms, conditions, and reservations applicable to the sale are as follows:

1. A right-of-way for ditches and canals will be reserved to the United States under 43 U.S.C. 945.
2. The mineral interests being offered for conveyance have no known mineral value. The acceptance of a direct sale offer will constitute an application for conveyance of the mineral estate in accordance with section 209 of the Federal Land Policy and Management Act. Direct purchasers must submit a nonrefundable \$50.00 filing fee for the conveyance of the mineral estate upon request by the Bureau of Land Management.
3. Patent will be issued subject to all valid existing rights and reservations of record.
4. The sale will be subject to:
 - a. Such rights for public road purposes as Lane County, Oregon, or its successors in interest may have pursuant to right-of-way OR 55407. Act of October 21, 1976, 90 Stat. 2776, 43 U.S.C. 1761.
 - b. A requirement that the purchaser, at closing, grant an easement to the U.S. Department of Energy, Bonneville Power Administration, for an existing electric transmission line.

SUMMARY: To meet the requirements of the Central Valley Project Improvement Act (CVPIA) of 1992 and the Reclamation Reform Act of 1982, the Bureau of Reclamation (Reclamation) developed and published the Criteria for Evaluating Water Conservation Plans (Criteria). Fresno Irrigation District has developed a Water Management Plan (Plan), which Reclamation has evaluated and preliminarily determined to meet the requirements of these Criteria. Reclamation is publishing this notice to allow the public to comment on the preliminary determinations. Public comment on Reclamation's preliminary (i.e., draft) determination of Fresno Irrigation District's Plan is invited at this time.

DATES: All public comments must be received by September 6, 2001.

ADDRESSES: Please mail comments to Bryce White, Bureau of Reclamation, 2800 Cottage Way, Sacramento California, 95825, or e-mail them to bwhite@mp.usbr.gov.

SUPPLEMENTARY INFORMATION: We are inviting the public to comment on our preliminary (i.e., draft) determination of the adequacy of Fresno Irrigation District's Plan. Section 3405(e) of the CVPIA (Title 34 Public Law 102-575),

requires the Secretary of the Interior to establish and administer an office on Central Valley Project water conservation best management practices that shall * * * develop criteria for evaluating the adequacy of all water conservation plans developed by project contractors, including those plans required by section 210 of the Reclamation Reform Act of 1982. "Also, according to Section 3405(e)(1), these criteria must be developed * * * with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices."

These Criteria state that all parties (Contractors) that contract with Reclamation for water supplies (municipal and industrial contracts over 2,000 acre-feet and agricultural contracts over 2,000 irrigable acres) must prepare Plans that contain the following information:

1. Description of the District
2. Inventory of Water Resources
3. Best Management Practices (BMPs) for Agricultural Contractors
4. BMP's for Urban Contractors
5. Plan Implementation
6. Exemption Process
7. Regional Criteria
8. Five Year Revisions

Reclamation will evaluate Fresno Irrigation District's Plan based on these Criteria. Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

A copy of the Plan will be available for review at Reclamation's Mid-Pacific (MP) Regional Office located in Sacramento, California, and MP's South-Central California Area Office located in Fresno, California. If you wish to review a copy of the Plan, please contact Mr. White to find the office nearest you.
