SUPPLEMENTARY INFORMATION: The SEIS/SEIR will supplement the original Llagas Creek Watershed Final EIS/EIR that was released in 1982 by the NRCS (Natural Resources Conservation Service formerly the Soil Conservation Service) and the SCVWD to examine the potential environmental impacts of the original Llagas Creek Flood Control Project. The original Llagas Creek Project was implemented in 1969 by the United States Department of Agriculture (USDA) pursuant to the Watershed Protection and Flood Prevention Act of 1954 (Pub. L. 83-566). To date, the NRCS has completed about half of the authorized project on the lower Reaches of Llagas Creek. Congress, in the House Report to the 1998 Energy and Water Development Appropriations Act (HR 105-190, July 1997), urged the Corps to develop plans and specifications of the authorized Llagas Creek project, in anticipation of the Corps assuming the construction of the remaining project elements. The Water Resources and Development Act (WRDA) of 1999 (Pub. L. 106-53) authorized the Corps to complete the remaining upper reaches of the project "substantially in accordance with the NRCS watershed plan for the Llagas Creek." The SEIS/SEIR will address the environmental impacts of two alternatives, those being the proposed action and the no action (or no project) alternative, and will focus on changes to environmental setting and conditions, regulatory context and/or new information that has become available since release of the final SEIS/EIR. The project area extends approximately 12.3 miles along the upper reaches of Llagas Creek from the Pajaro River south of Bloomfield Road upstream to just beyond Wright Avenue. The proposed alternative would provide a 100-year level of flood protection in the urban areas of Morgan Hill and Gilroy, and an approximately 10-year level of flood protection in the agricultural areas. In addition, the proposed alternative would provide channel stabilization measures, thus reducing erosion and sedimentation. Structural measures would include the replacement of more than 35 bridges and culverts at road crossings. Potential impacts of the proposed action and no action alternatives that may be examined by the SEIS/SEIR include impacts to water resources, geology and soils, biological resources, environmental justice and socioeconomics.

Scoping: Federal, state and local agencies, and interested individuals are encouraged to participate in the SEIS/SEIR scoping process to assist the Corps and SCVWD in determining the range of issues and alternatives to be addressed. Public meetings and workshops will be held in Morgan Hill, CA. Dates, times and locations will be published in the newspaper and provide by mail to all those requesting notification. At these meetings, Corps and SCVWD representatives will briefly summarize the description of the proposed project, the environmental impact assessment process, and will then solicit public comments. Attendees will be invited to submit written comments about the proposed alternatives and "no project" alternative either at the meeting, or following the meeting by fax, e-mail or by mail. The Draft SEIS/SEIR is expected to be published in early September 2002, and a public hearing to receive comments on the Draft SEIS/SEIR will be held after it is published. Comments, suggestions, and requests to be placed on the mailing list for announcements and for the Draft SEIS/SEIR, should be sent to Mr. Christopher K. Eng, U.S. Army Corps of Engineers, San Francisco District, 333 Market Street, 7th floor (CESPN-ET-PP), San Francisco, California, 94105-2197.

Luz D. Ortiz,
Army Federal Register Liaison Officer.

DEPARTMENT OF DEFENSE

Department of the Navy

Meeting of the Secretary of the Navy's Advisory Subcommittee on Naval History

AGENCY: Department of the Navy, DOD.
ACTION: Notice of open meeting.

SUMMARY: The Secretary of the Navy's Advisory Subcommittee on Naval History, a subcommittee of the Department of Defense Historical Advisory Committee will meet to review naval historical activities since the last meeting of the Advisory Subcommittee on Naval History, which was conducted on September 21, and September 22, 2000 and to make comments and recommendations on these activities to the Secretary of the Navy. The meetings will be open to the public.

DATES: The meetings will be held on Thursday, September 20, 2001, from 8:00 a.m. to 4:00 p.m. and Friday, September 21, 2001, from 8:00 a.m. to 4:00 p.m.

ADDRESSES: The meetings will be held at the Navy Museum of The Naval Historical Center, 805 Kidder Breese Street, SE, Building 76, Washington Navy Yard, DC.

FOR FURTHER INFORMATION CONTACT: Dr. William S. Dudley, Director of Naval History, 805 Kidder Breese Street, SE, Bldg. 57, Washington Navy Yard, DC 20374-5060, telephone (202) 433-2210.

SUPPLEMENTARY INFORMATION: This notice of open meeting is provided in accordance with the Federal Advisory Committee Act (5 U.S.C. App. 2). The purpose of these meetings is to review naval historical activities since the last meeting of the Advisory Subcommittee on Naval History and to make comments and recommendations on these activities to the Secretary of the Navy.

Dated: July 24, 2001.

T. J. Welsh,
Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Request

AGENCY: Department of Education
SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before October 9, 2001.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type
