Notice Pursuant to the National Cooperative Research and Production Act of 1993—Steering Committee for Certain University of Houston Sewer-Main Collection System Research Projects

Notice is hereby given that, on June 13, 2001, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), the Steering Committee for Certain University of Houston Sewer-Main Collection System Research Projects ("Steering Committee") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are American Concrete Pipe Association, Irving, TX; Fiberglass Tank & Pipe Institute, Houston, TX; National Clay Pipe Institute, Lake Geneva, WI; Uni-Bell PVC Pipe Association, Dallas, TX; Pate Engineers, Inc., Houston, TX; Black & Veatch, Kansas City, MO; Parsons Brinckerhoff, New York, NY; BRH-Garver, Inc., Houston, TX; City of Montgomery, AL; City of Conroe, TX; City of Victoria, TX; City of Houston, TX; the University of Houston, Houston, TX; and the U.S. Environmental Protection Agency Office of Waste Water Management, Washington, DC. The nature and objectives of the venture are to provide input and oversight with respect to certain sewer-main collection system research projects to be conducted by the University of Houston under grants from the United States Environmental Protection Agency ("EPA"). These projects include: (1) The determination, through controlled laboratory testing, of infiltration leak-rates for large diameter (i.e., 30-inch and greater) sewer-main joints, manhole-to-pipe joints, and manhole joint construction areas; (2) the identification and collection of relevant cost data for typical infiltration-leak prone areas; and (3) the development of a family of life cycle cost models for different infiltration rates of large diameter sewer-main collection system joints (i.e., piping and manholes) and costs incurred as a result of infiltration over the life of the system. The activities of

the Steering Committee will include: (1) Providing overall research project guidance and recommendations to help achieve product goals; (2) reviewing and developing Steering Committee consensus approval of the infiltration test protocols developed by the Civil & Environmental Department of the University of Houston for pipe joints, manhole-to-pipe joints, and manhole joint testing; (3) reviewing draft project task reports, offering comments and developing a Steering Committee consensus approval of final reports released to the EPA and other interested parties; and (4) meeting three to four times per year at the University of Houston testing facility for on-site updates on research project status.

Importation of Controlled Substances, Notice of Application

Pursuant to section 1008 of the Controlled Substances Import and Export Act (21 U.S.C. 958(i)), the Attorney General shall, prior to issuing a registration under this Section to a bulk manufacturer of a controlled substance in Schedule I or II and prior to issuing a regulation under section 1002(a) authorizing the importation of such a substance, provide manufacturers holding registrations for the bulk manufacture of the substance an opportunity for a hearing.

Therefore, in accordance with section 1301.34 of title 21, Code of Federal Regulations (CFR), notice is hereby given that on February 9, 2001, Chatten Chemicals, Inc., 3801 St. Elmo Avenue, Building 18, Chattanooga, Tennessee 37409, made application by renewal and by letter dated June 11, 2001, to the Drug Enforcement Administration to be registered as an importer of the basic classes of controlled substances listed below:

Drug	Schedule
Amphetamine (1100)	II
Methamphetamine (1105)	II
Phenylacetone (8501)	II
Thebaine (9333)	II
Opium, (raw) (9600)	II
Poppy Straw Concentrate (9670)	II

The firm plans to import the listed controlled substances to bulk manufacture controlled substances.

Any manufacturer holding, or applying for, registration as a bulk manufacturer of these basic classes of controlled substances may file written comments on or objections to the application described above and may, at the same time, file a written request for a hearing on such application in accordance with 21 CFR 1301.43 in such form as prescribed by 21 CFR 1316.47.

Any such comments, objections, or requests for a hearing may be addressed, in quintuplicate, to the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, United States Department of Justice, Washington, DC 20537, Attention: DEA Federal Register Representative (CCR), and must be filed no later than September 10, 2001.

This procedure is to be conducted simultaneously with and independent of the procedures described in 21 CFR 1301.34(b), (c), (d), (e), and (f). As noted in a previous notice at 40 FR 43745-46 (September 23, 1975), all applicants for registration to import basic classes of any controlled substances in Schedule I or II are and will continue to be required to demonstrate to the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration that the requirements for such registration pursuant to 21 U.S.C. 958(a), 21 U.S.C. 823(a), and 21 CFR 1301.34(a), (b), (c), (d), (e), and (f) are satisfied.

Dated: July 31, 2001.
Laura M. Nagel,
Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.
