

Section 7(a)(1) of the ESA. BLM also avoids making any irreversible or irretrievable commitment of resources which would foreclose any reasonable and prudent alternative measures which might be required as a result of the consultation on the CDCA plan in accordance with Section 7(d) of the ESA. Closure of camping in the vicinity of the Algodones Dunes was included in the settlement stipulation concerning All Further Injunctive Relief.

The EA concerning this closure is available for a 15 day review period beginning approximately 1 week after publication of this notice. Interested parties should contact the Field Office Manager for a copy and the review schedule. The documents will also be available for review at the BLM web site www.ca.blm.gov. Written comments may be sent to the address listed below in this notice.

The BLM proposes a camping closure to reduce impacts to desert tortoise habitat and its associated plants and wildlife. This closure would impact several hundred campers and approximately 40 square miles of land. Vehicle traffic in this area is adversely impacting desert tortoise habitat to a noticeable extent. The use is increasing to outlying areas. Such use is not consistent with the area's limited use classification which limits OHV activity in this area. Currently, the area immediately east of Glamis and described above in this notice is noticeably impacted by OHV activity. The goal is to restore the desert habitat.

Acting Field Manager.

SUPPLEMENTARY INFORMATION:

Title: Stripper Royalty Rate Reduction Notification.

OMB Control Number: 1010-0090.

Bureau Form Number: Form MMS-4377.

Abstract: The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary of the Interior (Secretary) is responsible for managing the production of minerals from Federal

and Indian lands and the OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. MMS performs the royalty management functions for the Secretary.

The Bureau of Land Management (BLM), the surface management agency for Federal onshore leases, grants royalty rate reductions to operators of stripper oil properties producing less than 15 barrels of oil per well-day (43 CFR 3103.4-1). The purpose of these royalty rate reductions is to encourage continued production, provide an incentive for enhanced oil recovery projects, discourage abandonment of properties producing less than 15 barrels of oil per well-day, and reduce the operator's expenses.

Because the royalty rate reductions affect the amount of revenues due the Federal Government, operators are required to notify MMS of the reduced royalty rate using Form MMS-4377, Stripper Royalty Rate Reduction Notification. The form requires identification of the operator, name of the contact person, lease and agreement numbers, calculated royalty rate, current royalty rate, qualifying period, and effective date of royalty rate reduction. MMS uses the information provided on the form to update our lease database with the royalty rates that are lower than those reflected in the lease instrument. The reduced royalty rate becomes effective for all oil production from qualifying properties the first day of the month after MMS receives notification of the rate change.

MMS is requesting an extension of this information collection in order to continue to (1) Receive notification of royalty rate reductions and (2) update our lease database with the correct royalty rates. Correct royalty rates are necessary to verify that the proper royalty amount has been paid on each lease.

Frequency: On occasion.

Estimated Number and Description of Respondents: 900 operators of low producing, stripper oil properties.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 800 hours. See the following chart for a breakdown of the burden estimate.

Citation 43 CFR 3103.4-2	Reporting requirement	Burden hours per response	Annual number of responses	Annual burden hours
(b)(3)(iii)(B)	The lower of the two rates shall be used for the current period provided that the operator notifies the MMS of the new royalty rate. The new royalty rate shall not become effective until the first day of the month after MMS receives notification. Notification shall be received on Form MMS-4377.	30 minutes per property	1,600 properties	800
Total	30 minutes	1,600 properties	800

Estimated Annual Reporting and Recordkeeping "Non-hour" Burden: We have identified no "non-hour cost" burden.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on April 6, 2001, we published a **Federal Register** notice (66 FR 18297) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received one comment. We have responded to the comment in our ICR submission for OMB approval. We have posted a copy of the ICR at our Internet web site http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm. We will also provide a copy of the ICR to you without charge upon request.

If you wish to comment in response to this notice, send your comments directly to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by September 10, 2001. The PRA provides that an agency

may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Public Comment Policy: We will post all comments received in response to this notice on our Internet web site at http://www.mrm.mms.gov/Laws_R_D/InfoColl/InfoColCom.htm for public review. We also make copies of these comments, including names and addresses of respondents, available for public review during regular business hours at our offices in Lakewood, Colorado.

Individual respondents may request that we withhold their home address from the public record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the public record a respondent's identity, as allowable by law. If you request that we withhold your name and/or address, state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

MMS Information Collection Clearance Officer: Jo Ann Lauterbach, (202) 208-7744.

Dated: July 31, 2001.
