

publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the Recreation and Public Purposes Act, leasing under the mineral leasing laws, and disposal under the mineral material disposal laws.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed leases/conveyances for classification of the land to the Las Vegas Field Manager, Las Vegas Field Office, 4765 Vegas Drive, Las Vegas, Nevada 89108.

Classification Comments

Interested parties may submit comments involving the suitability of the land for elementary schools. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments

Interested parties may submit comments regarding the specific use proposed in the applications and plans of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor directly related to the suitability of the land for elementary schools. Any adverse comments will be reviewed by the State Director who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, these realty actions will become the final determination of the Department of the Interior. The classification of the lands described in this Notice will become effective 60 days from the date of publication in the **Federal Register**. The lands will not be offered for leases/conveyances until after the classification becomes effective.

Dated: July 26, 2001.

Judy Fry,

Acting Assistant Field Manager, Division of Lands, Las Vegas, NV.

Notice of Realty Action; Recreation and Public Purposes (R&PP) Act Classification; Oregon

AGENCY: Bureau of Land Management.

ACTION: Notice.

SUMMARY: The public land, described below, in Morrow County, Oregon, has been examined and found suitable for classification for lease or conveyance to the City of Irrigon under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 *et seq.*). The City of Irrigon proposes to use the land for a wastewater treatment and disposal plant.

Willamette Meridian

T. 5 N., R. 27 E.,

Sec. 20, that portion of NW $\frac{1}{4}$ SW $\frac{1}{4}$ lying south of the southerly right-of-way line of Highway 730, excepting from said parcel approximately 5 acres in the northwest portion.

The above described land contains 14.05 acres, more or less. The exact acreage will be determined by survey.

The 5 acres of land referenced above were examined and found to be unsuitable for classification for lease or conveyance under the Recreation and Public Purposes Act. This land was included in the City of Irrigon's R&PP application, filed May 14, 1999. The unsuitability determination is based on the discovery of historic resources determined to meet eligibility criteria for the National Register of Historic Places.

ADDRESSES: Bureau of Land Management, Baker Field Office, 3165 10th Street, Baker City, Oregon 97814.

SUPPLEMENTARY INFORMATION: The land is not needed for Federal purposes. Lease or conveyance is consistent with current Bureau of Land Management (BLM) land use planning and would be in the public interest. The lease/patent, when issued, will be subject to the following terms, conditions and reservations:

1. Provisions of the Recreation and Public Purposes Act and to all applicable regulations of the Secretary of the Interior.

2. A right-of-way for ditches and canals constructed by the authority of the United States.

3. All minerals shall be reserved to the United States, together with the right to prospect for, mine, and remove the minerals.

4. Those rights for telephone line purposes granted to Qwest Corporation by right-of-way ORE 01094.

5. Those rights for electric power line purposes granted to Umatilla Electric Cooperative Association by right-of-way OR 44472.

6. Those rights for county road purposes granted to Morrow County Public Works by right-of-way OR 54274.

7. A covenant referencing a Memorandum of Agreement (MOA) entered into by the City of Irrigon, BLM, and the State Historic Preservation Office and potentially other affected interests. The purpose of the MOA would be to implement agreed upon mitigation measures for compliance with the National Historic Preservation Act and to protect historic resources on and adjacent to the property conveyed to the City of Irrigon.

8. Any other valid rights-of-way that may exist at the time of lease or conveyance.

The subject land had previously been segregated from appropriation under the public land laws and mineral laws as a part of the Northeast Oregon Assembled Land Exchange (NOALE)(OR 51858), pursuant to the Oregon Land Exchange Act of 2000, Pub. L. 106-257 and Sec. 206 of the Act of October 21, 1976 (43 U.S.C. 1716), as amended. A decision, based on Environmental Assessment OR-035-99-05, has determined that lease or conveyance of the parcel to the City of Irrigon under provisions of the Recreation and Public Purposes Act better serves the public interest than disposing of it through a land exchange. The segregative effect on the subject land automatically terminated by operation of the law on May 23, 2001.

Upon publication of this notice in the **Federal Register**, the land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the Recreation and Public Purposes Act, and leasing under the mineral leasing laws.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested persons may submit comments regarding the proposed lease/conveyance or classification of the land to the Field Manager, Baker Field Office, 3165 10th Street, Baker City, OR 97814.

Classification Comments: Interested parties may submit comments involving the suitability of the land for a wastewater treatment and disposal plant. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the

future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a wastewater treatment and disposal plant.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication of this notice in the **Federal Register**.

ACTION: Notice.

SUMMARY: The purpose of this notice is to inform the public and interested State and local government officials of the filing of Plats of Survey in Nevada.

EFFECTIVE DATES: Filing is effective at 10:00 a.m. on the dates indicated below.

FOR FURTHER INFORMATION CONTACT: Robert M. Scruggs, Chief, Branch of Geographic Services, Bureau of Land Management (BLM), Nevada State Office, 1340 Financial Blvd., P.O. Box 12000, Reno, Nevada 89520, 775-861-6541.

SUPPLEMENTARY INFORMATION:

1. The Plats of Survey of the following described lands will be officially filed at the Nevada State Office, Reno, Nevada on the first business day after 30 days from the publication of this notice: The plat, representing the independent resurvey of a portion of the subdivisional lines, superseding a portion of the plat approved December 2, 1881, Township 12 South, Range 70 East, of the Mount Diablo Meridian, in the state of Nevada, under Group No. 790, was accepted July 24, 2001.

The plat, in five (5) sheets, representing the dependent resurvey of the Nevada-Arizona State Line between Mile Post Nos. 306 and 311, and the

Third Standard Parallel South, through a portion of Range 71 East, and the independent resurvey of a portion of the subdivisional lines, superseding a portion of the plat approved December 2, 1881, and metes-and-bounds surveys of Tracts 37 and 38, and metes-and-bounds surveys in certain sections, Township 12 South, Range 71 East, of the Mount Diablo Meridian, in the state of Nevada, under Group No. 790, was accepted July 24, 2001.

These surveys were executed to meet certain needs of the Bureau of Land Management.

2. Subject to valid existing rights, the provisions of existing withdrawals and classifications, the requirements of applicable laws, and other segregations of record, these lands are open to application, petition, and disposal, including application under the mineral leasing laws. All such valid applications received on or prior to official filing of the Plats of Survey described in paragraph 1, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in order of filing.

3. The above-listed surveys are now the basic record for describing the lands for all authorized purposes. These surveys have been placed in the open files in the BLM Nevada State Office and are available to the public as a matter of information. Copies of the surveys and related field notes may be furnished to the public upon payment of the appropriate fees.

Dated: July 30, 2001.
