

file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic

effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

David P. Boergers,
Secretary.

Kern River Gas Transmission Company; Notice of Correction to Compliance Filing

August 8, 2001.

Take notice that on August 3, 2001, Kern River Gas Transmission Company (Kern River) tendered for filing a correction to its July 16, 2001 filing submitted in compliance with the Commission's June 15, 2001 Order Accepting Filing Subject to Condition.

Kern River states that it has served a copy of this filing upon each person designated on the official service list compiled by the Secretary in this proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered

by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. Mississippi River Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

August 8, 2001.

Take notice that on August 1, 2001, Mississippi River Transmission Corporation (MRT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, First Revised Substitute Fourth Revised Sheet No. 2 and Third Revised Sheet No. 251, to be effective on September 1, 2001.

MRT states that the purpose of this filing is to amend its tariff, as suggested by the Commission in its April 12, 2001, Order Denying Clarification and Rehearing in Docket No. CP95-218-004, to include a generic waiver of the "shipper must have title" rule and a general statement that it will only transport for others on offsystem capacity acquired in its own name without pre-approval pursuant to its existing tariff and rates.

MRT states that copies of the filing are being mailed to each of MRT's customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will

be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. National Fuel Gas Supply Corporation; Notice of Tariff Filing

August 8, 2001.

Take notice that on July 31, 2001, National Fuel Gas Supply Corporation (National) tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, the following tariff sheet to become effective August 1, 2001.

Thirty Eighth Revised Sheet No. 9

National states that under Article II, Section 2, of the settlement, it is required to recalculate the maximum Interruptible Gathering (IG) rate monthly and to charge that rate on the first day of the following month if the result is an IG rate more than 2 cents above or below the IG rate as calculated under Section 1 of Article II. The recalculation produced an IG rate of \$0.37 per dth. In addition, Article III, Section 1 states that any overruns of the Firm Gathering service provided by National shall be priced at the maximum IG rate.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the

Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. [Docket No. PR01-18-000]

Northwest Natural Gas Company; Notice of Rate Election

August 8, 2001.

Take notice that on July 18, 2001, Northwest Natural Gas Company (NW Natural) filed, pursuant to Section 284.123(b)(2) of the Commission's regulations, an election setting forth proposed rates for bundled firm and interruptible storage and related transportation services in interstate commerce. NW Natural states that its petition for rate approval has been filed in compliance with the Commission's May 17, 2001, order in Docket No. CP00-138-000 granting NW Natural a limited jurisdiction blanket certificate of public convenience and necessity to provide these services under Section 284.224 of the Commission's regulations.

Based on a straight fixed variable rate design, NW Natural proposes a cost-based firm maximum reservation rate of \$4.9361 per Dth per month based on maximum daily deliverability for storage withdrawals and a maximum reservation rate of \$0.0722 per Dth per month based on maximum storage capacity. NW Natural also proposes maximum cost-based rates for interruptible storage and related transportation services and for authorized overrun service of \$0.2275 per Dth. Fuel and tax reimbursement

charges are also specified for the FERC jurisdictional services. NW Natural requests that the Commission expedite its review of the proposed rates.

Any person desiring to participate in this rate proceeding must file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All motions must be filed with the Secretary of the Commission on or before August 23, 2001. This petition for rate approval is on file with the Commission and is available for public inspection.
