

Citation	Reporting requirement	Burden hour per line	Annual number of lines	Annual burden hours
§ 206.178 (b)(1)(ii) .....	You must submit the actual cost information to support the allowance to MMS on Form MMS-4295, Gas Transportation Allowance Report, within 3 months after the end of the 12-month period to which the allowance applies..	¼	2,400	600
§ 206.180 (b)(1)(ii) .....	You must submit the actual cost information to support the allowance to MMS on Form MMS-4109, Gas Processing Allowance Summary Report, within 3 months after the end of the 12-month period for which the allowance applies..	¼	600	150
Total .....			3,000	750

*Estimated Annual Reporting and Recordkeeping "Non-hour Cost"*

**Burden:** We have identified no "non-hour cost" burden.

**Comments:** Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " \* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*." Agencies must specifically solicit comments to (a) evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with public consultation requirements, on April 6, 2001, we published a **Federal Register** notice (66 FR 18295) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received one comment. We responded to the comment in our ICR submission for OMB approval. We have posted a copy of the ICR at our Internet web site [http://www.mrm.mms.gov/Laws\\_R\\_D/FRNotices/FRInfColl.htm](http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm). We will also provide a copy of the ICR to you without charge upon request.

If you wish to comment in response to this notice, please send your comments directly to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive your comments by September 20, 2001. The PRA provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of

information unless it displays a currently valid OMB control number.

**Public Comment Policy:** We will post all comments received in response to this notice on our Internet web site at [http://www.mrm.mms.gov/Laws\\_R\\_D/InfoColl/InfoColCom.htm](http://www.mrm.mms.gov/Laws_R_D/InfoColl/InfoColCom.htm) for public review. We also make copies of these comments, including names and home addresses of respondents, available for public review during regular business hours at our offices in Lakewood, Colorado.

Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comments. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

**MMS Information Collection Clearance Officer:** Jo Ann Lauterbach, telephone (202) 208-7744.

Dated: August 7, 2001.

**Lucy Querques Denett,**  
Associate Director for Minerals Revenue Management.

## DEPARTMENT OF THE INTERIOR

### Bureau of Reclamation

#### Colusa Basin Drainage District's Integrated Resources Management Program for Flood Control in the Colusa Basin in Glenn, Colusa, and Yolo Counties, CA

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of Availability of the Final Programmatic Environmental Impact Statement/Final Programmatic Environmental Impact Report (Final PEIS/PEIR); correction.

**SUMMARY:** This notice corrects the Notice of Availability (NOA) for the Final PEIS/PEIR for the Integrated Resources Management Program for Flood Control in the Colusa Basin (Program). The NOA was published in the **Federal Register** on July 19, 2001 (66 FR 37702). A paragraph that should have been included in the NOA was mistakenly omitted.

**FOR FURTHER INFORMATION CONTACT:** Ms. Gaye Lopez, Colusa Basin Drainage District, at (530) 795-3038, or Mr. Russ Smith, Reclamation, at (530) 275-1554.

#### Correction:

Following is the omitted paragraph that should have been inserted as the third full paragraph of Supplementary Information in the NOA: "The District proposes to implement its program by engaging in a stakeholder-based process to develop both structural and nonstructural projects that reduce flooding and restore the environment in three watersheds: the North and South Forks of Willow Creek and Wilson Creek. All of these watersheds are located in Glenn County and were selected because of the ability of projects located on these ephemeral streams to address the recurrent flooding problem that faces the city of Willows and, at the same time, to lessen flooding in other portions of the Colusa Basin. Projects will only be implemented after a project-level feasibility study and environmental documentation have been completed."

Dated: August 14, 2001.

**Frank Michny,**  
Regional Environmental Officer.
