[Docket ID–01–003; FRL–7042–6]

Finding of Attainment for PM–10; Shoshone County, City of Pinehurst and Pinehurst Expansion Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing a determination that the Shoshone County PM–10 nonattainment areas (City of Pinehurst and Pinehurst Expansion Area) in Idaho have attained the National Ambient Air Quality Standard (NAAQS) for particulate matter with an aerodynamic diameter of less than, or equal to a nominal ten micrometers (PM–10) as of December 31, 1999.

In the Final Rules section of this Federal Register, the EPA is publishing its determination as a direct final rule without prior proposal because the Agency views this as a noncontroversial determination and anticipates no adverse comments. A detailed rationale for the approval is set forth in the Direct final rule which is located in the Rules section of this Federal Register.

Florida: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Florida has applied to EPA for final authorization of the changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to Florida. In the “Rules and Regulations” section of this Federal Register, EPA is authorizing the changes by an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the immediate final rule. Unless we get written comments which oppose this authorization during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose this action, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.
