Final Approval Under OMB Delegated Authority of the Implementation of the Following Reports

Report title: the Consolidated Bank Holding Company Report of Equity

Investments in Nonfinancial Companies.

Agency form number: FR Y-12.

OMB control number: 7100-0300.

Frequency: Quarterly and semi-annually.

Reporters: bank holding companies.

Annual reporting hours: 14,112 hours.

Estimated average hours per response: 16 hours.

Number of respondents: 232.

Small businesses are affected.

General description of report: This information collection is mandatory (12 U.S.C. 1844(c)) and data may be exempt from disclosure pursuant to Sections (b)(4) and (b)(8) of the Freedom of Information Act (5 U.S.C. 552(b)(4) and (8)).

Abstract: The Federal Reserve will implement the mandatory FR Y-12, effective September 30, 2001. The FR Y-12 will collect information from certain domestic bank holding companies on their investments in nonfinancial companies on three schedules: Type of Investments, Type of Security, and Type of Entity within the Banking Organization. Large bank holding companies will report on a quarterly basis, and small bank holding companies will report semi-annually.

Current actions: On May 10, 2001, the Federal Reserve issued a **Federal Register** notice (66 FR 23929) requesting public comment on a proposal to implement the FR Y-12. The comment period ended on July 9, 2001, and the Federal Reserve received public comments from two domestic banking organizations. Both commenters stated that the manner and level of detail in which the Federal Reserve proposed to collect this information is unnecessary for monitoring the growth in nonfinancial equity investment portfolios. The first commenter suggested alternative monitoring through expanded disclosure on the Consolidated Financial Statements for Bank Holding Companies (FR Y-9C) in conjunction with analysis of information available in the Securities and Exchange Commission 10-Q and 10-K filings. However, institutions that will be required to file the FR Y-12 are a small subset of the institutions required to file the FR Y-9C. By expanding disclosures on the FR Y-9C, institutions not active in this business line may be confused and misleading information may be gathered as a result.

The second commenter suggested monitoring of this information through the examination process. For institutions active in this business line, annual reviews generally are conducted through the supervisory examination process. However, the FR Y-12 will
