

pumps while new pumps are installed, tested and permitted.

Based on the conformity determination made under 40 Code of Federal Regulations (CFR) Part 51.858, the Federal action will be in conformity with the specific requirements and the purposes of the California Ambient Air Quality Standards pursuant to the United States Section's affirmative obligation under Section 176(c) of the Clean Air Act in accordance with the requirements of 40 CFR, Ch. 1, Part 51, Subpart W. The Federal action will be in compliance with the Clean Air Act and California's compliance requirements for air quality resources.

The proposed project complies with all requirements of Federal Statutes, executive orders and other statutes, regulations and applicable permits, including the National Environmental Policy Act (NEPA), the United States Section's NEPA implementing procedures and the California Environmental Quality Act (CEQA) because there will be no significant project impacts. Project coordination on air quality and all other resources, including cultural, biological, and any Federally threatened and endangered species or habitats is being completed by United States Section and SDCWA for NEPA and CEQA compliance.

This final EA, "Implement International Agreement for Deliveries to Tijuana, Baja California, of a Part of Mexico's Colorado River Waters Through the Southern California Aqueducts" documents the assessment of the potential impacts of the proposed action and its alternatives. No significant adverse affects to the resources of the connecting facilities, Otay Mesa, delivery facilities, Colorado River, City of Tijuana, biological, archaeological, historical and other cultural resources, water, air quality, environmental justice, energy, and induced growth are expected by implementing the proposed action.

Based upon the results of the final Environmental Assessment, it has been determined that the proposed action will not have a significant adverse effect on the environment and an Environmental Impact Statement is not warranted.

August 15, 2001.
